

New Hair

Ayer's Hair Vigor makes the hair grow because it is a hair-food. Feed the hair-bulbs, and the hair grows. That's nature's way, and that is all there is to it. Strong and healthy hair stays in, keeps soft and smooth, and grows thick and heavy. Then aid nature with Ayer's Hair Vigor. A little of it often does great things. There's genuine comfort in a handsome head of hair!

X-RAYS

Russell Sage's fortune was much greater than the assessor found it to be.

John D. Rockefeller and the trust magnates are firm believers in the "absent treatment."

Stolyph is to leave the Russian cabinet. If that is all he stole he should make another grab before he goes.

Whose business is it what Russell Sage did with his money. What Russell gave away was "nothing to nobody."

As an example of the benefit of oiling roads, see how smooth the pathway of John D. Rockefeller life has been made by the process.

Anthony Comstock's latest is to have a young woman bookkeeper for the Art League arrested because the League published a series of pictures a few of them in the nude. Anthony evidently is fond of lingerie.

Illinois followed Oregon's lead and Saturday held primaries, at which the United States senator was voted for just as in Oregon. We may be slow up in this neck of the woods but, when it comes to the home-stretch there is nothing ahead of us.

Those Walla Walla girls who are helping their dad harvest his wheat, are the kind that in less strenuous hours, fill a shirt waist with gladness, adorn a ballroom, grace a wedding, and make for some man a home that will make him think he has located the Garden of Eden.

Mrs. Leslie Carter was married a few days ago at Portsmouth, N. H. On that occasion she gave her age as 30. Her son now announces his engagement to Miss Norma Munro, declaring their ages are the same, 26. Now the question is—well, come to think of it—there are several questions and some conundrums.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, and \$1.00. For sale by D. J. Fry, Salem, Or.

Carnival Week at Newport.

Newport, R. I., August 6.—Newport's great carnival celebration opens today and during the rest of

this week there will be a constant whirl of events including automobile and yacht races, a rowing regatta, parades, exercises by school children, concerts and a number of social fetes on a large and elaborate scale. The special event on the program for today is a 32-mile automobile race, in which a number of the most prominent society people of this city will take part. The squadron of the New York Yacht club, which started from New London this forenoon, is expected here home-time this afternoon and will greatly add to the busy life and activity in the harbor.

The program for tomorrow is quite elaborate. It will embrace the New York Yacht club race for the Astor cups; a 12-oar cutter race between picked crews from American and British warships, a parade and exercises by 3000 school children, Gymkhana, an automobile exhibition and a general illumination of the city and harbor at night.

On Wednesday the King's cup race will be sailed. Then there will be a grand military and naval parade with 3000 men in line and ten bands of music and in the evening there will be a gorgeous harbor fete. The program for Thursday includes yacht races by all the yacht clubs of Narragansett bay, a business men's trade procession, and an automobile floral parade in the afternoon. At night there will be a grand carnival parade, with a general masked carnival. The week of festivities will close on Friday with the motor boat races under the auspices of the Nation Motor Boat club of America.

Men Wanted.

Sawmill and lumber yard laborers \$2.25 per day. Woodsmen, \$2.25 to \$3.00. Steady work. Apply to Booth Kelly Lumber Co., Eugene, Or. 5-22-11

Brownsville Items.

G. K. Wentworth, a Chicago millionaire, is in Brownsville, looking after his timber interests. He controls thousands of acres of the finest timber on the Calapoosa river, and has large holdings in all three coast states. He says that Oregon is by far the most inviting field for an investment.

The Holloway Bros.' orchard of 100 acres, joining Brownsville on the south, is one of the biggest and best industries started in this locality, the soil being well adapted for fruit, it being proved by the trees making a splendid growth. There is also hundreds of acres of orchard in this vicinity that will make the finest of fruit land. They have ten acres in the choicest of small fruits, and it keeps several men and teams busy in the orchard all the time.

Crops of all kinds look and turn out fine, especially is the hop crop a bumper, and is estimated now easily at 2000 pounds to the acre.

SAW THE TOTEM POLES

Hal Patton Home From the Land of the Midnight Sun

Hal D. Patton has arrived at home from the land of the midnight sun. While sequestering in the region of polar bears and eskimos, Mr. Patton made a deep and special study of totem pole lore.

He did not neglect to take and admire the beauty of the glaciers, the grandeur of the lofty mountains where the eternal snows glisten and glitter in the eternal sunlight; he was all the time awake to the ever growing commercial importance of the empire to the north of us; he saw with amused interest the schools of whales and porpoises; the picturesque and grotesque icebergs, the Greek churches, the big Treadwell gold mines, the immense virgin forests, the salmon and halibut fisheries and the thousand and one other things that are making Alaska great but the thing that specially caught Hal's eye was the totem pole.

"The best collection of totem poles that I saw in Alaska," said Mr. Patton, "were at the old deserted Indian village at Point Tongus. The specimens were the best executed, the colorings were richer and the poles were better preserved. There were in this old graveyard about 35 different varieties.

"As for that matter all the towns have collections of totem poles, as all of them are built near some old time Indian village.

"No Indian village is without its totem poles, and the natives preserve them and guard them with as much zeal as they did before white man came."

Mr. Patton says that the totem poles that the general public is familiar with, such as those that were exhibited at the Lewis and Clark fair and the one that stands in Pioneer square at Seattle are by no means the best and finest specimens.

The totem poles at the fair last year belonged to the United States government and it the policy of the government to stand behind the Indians in their desire to prevent their graveyards from being desecrated and that the government will not take charge of the collection of totem poles unless the family of Indians to which it belonged has become extinct.

It will be remembered that the government came near getting into serious trouble with the Alaskan Indians on account of the Seattle party that captured the totem pole that now stands in Pioneer square. Since then the government has not permitted any one to remove these Indian heir looms from the graveyards.

Mr. Patton tells with animation about the commercial future of Alaska and tells in a very interesting manner of the really wonderful things a wide awake tourist may see on a brief excursion to Alaska.

Teamsters Will Discuss Strike Matters.

Chicago, Ill., Aug. 6.—The annual convention of the International Brotherhood of Teamsters opened here today with a large attendance representing every state in the Union. The convention promises to be of unusual importance. The recent big teamsters strike in this city will be thoroughly discussed in all its phases and bearings. It is also expected that a proposition will be discussed to discontinue further conventions and conduct all matters of business relative to the bodies of unions throughout the country by referendum vote. Many organizations have accomplished this scheme and it has many friends in the ranks of the teamsters. The abolition of conventions would result in a great saving of money.

Walter Lyon's Opinion.

The bears in the hop market have at last taken flight. As hop harvest advances it becomes known England cannot draw on Germany as usual. Furthermore it is becoming apparent the Oregon crop will not be as heavy as has been predicted. The market accordingly soars. The 15-cent mark has been passed, and but few are letting go any longer. E. M. Young purchased 100 bales from Ralph Williams at 15 1/2 Wednesday. Sixteen and 18 1/2 has been offered without takers. Eighteen is being offered on short time options, and one local dealer has been trying to secure an option at 20 cents.—West Side Reporter.

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, prostrated sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the United States Dispensatory, a standard authority, "to impart tone and increase power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But used by this superb, general tonic, probably the most important ingredient of the "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Collinsonia Can.*, Prof. Wm. Payne, author of *Paine's Epitome of Medicine*, says of it: "I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends gradually carried him upstairs. He, however, gradually recovered under the influence of *Collinsonia*, medicinal principle extracted from Stone root, and it is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all a case of work, and it fearfully warned the afflicted that death was near at hand. *Collinsonia* unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Eillingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence." "Golden Medical Discovery" not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhs; affections in all parts of the system.

Dr. Pierce's Pellets cure Constipation

Maine Militia in Camp.

Augusta, Me., Aug. 6.—Everything is ready at the camp of the state militia to receive the troops when they arrive on Wednesday. The First regiment started from Harwoods, a station on the Maine Central, a few miles west of Richmond, at noon today. Although the distance to the Augusta camp grounds is only 24 miles the troops will take two days getting there. Tonight they will camp at Icaboro, tomorrow night in Gardiner. The troops will remain here until August 11, when they will return home. A few days later the Second regiment will take possession of the camp. The camp has been named Camp Cobb in honor of the Governor. The camp will be under the command of Col. Julius H. Kendall, while the First regiment occupies it.

Stop That Cough.

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St., Salt Lake City, Utah, write:

"We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1. For sale by D. J. Fry, Salem, Or.

SPORTSMEN, ATTENTION!

Fishing Excursion to the Santiam and Breitenbush Rivers—Round Trip \$2.00.

For the benefit of those who desire to spend a Sunday in the mountains, fishing in the famous Santiam and Breitenbush rivers, the Southern Pacific has made arrangements to sell tickets, Salem to Detroit at the low rate of \$2.00 for the round trip, which will be good going on train No. 13, leaving Salem at 6:32 p. m. Saturday, August 11th, and on special train on the C. & E. to Detroit, which leaves Albany at 7:30, immediately after the arrival of No. 13 in Albany, and for return on special train leaving Detroit early Monday morning, August 13th, and arriving in Albany in time to connect with the Roseburg local for Salem, which leaves Albany at 7:30 a. m.

This is a golden opportunity for those who desire a day in the mountains catching the speckled beauties, which abound in the Santiam and Breitenbush rivers. Stop over will be allowed at any point east of Mill City desired. Remember the date, Saturday, August 11, 1906.
