SENATOR
FULTON
IN TOWN

Man From Astoria Believes
Jonathan Bourne Will be
Elected Without Contest

United States Senator Charles W.
Fulton spent yesterday and this fore-
noon in Salem.
The senator was en route to
Springfield to look into the merits of
a bitter postoffice fight at that place,
and stopped off at the Capital City to
visit his Salem constituents.
Senator Fulton was careful in his
statements about appointees for federal
offices, and talked guardedly.
In speaking of the election of a
senator by the next legislature, he said:
"If the legislature fails to elect
Mr. Bourne the direct primary law in
Oregon would mean nothing. I be-
lieve that he will be elected, and
that there will be no contest. The
legislature should elect him unani-
mously."

Herbline.
Renders the bile more fluid, and
thus helps the blood to flow; it
affords prompt relief from bilious-
ness, indigestion, sick and nervous
headaches, and over-indulgence in
food and drink.
G. L. Caldwell, Agt. M. K. and
T. R. R., Checotah, Ind. Ter., writes,
April 18, 1903: "I was sick for over
two years with enlargement of the
liver and spleen, and I had given up
all hope of being cured, when my
druggist advised me to use Herbline.
It has made me sound and well."

Advertising Tillamook Fair.
Buttons advertising the Tillamook
street fair and carnival, to be held
in the city by the sea August 23 and
25, inclusive, are in evidence on the
streets. It is probable that a goodly
number of persons from the Willam-
ette valley will arrange to attend this
exhibit of the industries of Tillamook
county, and at the same time take
an outing at some of the seashore re-
sorts. The buttons are yellow and
green, the former being typical of
the color of the butter and cheese
manufactured there, and the green
representing the pastures which are
green all the year round.

Galveston's Sea Wall
Makes life now as safe in that city
as on the higher uplands. E. W.
Goodloe, who resides on Dutton St.,
in Waco, Tex., needs no sea wall for
safety. He writes: "I have used
Dr. King's New Discovery for Con-
sumption the past five years, and it
keeps me well and safe. Before that
time I had a cough which for years
had been growing worse. Now it's
gone." Cures Chronic Coughs and
prevents Pneumonia. Pleasant to
take. Every bottle guaranteed at
J. C. Perry's drug store. Price 50c
and \$1.00. Trial bottle free.

Bankers Defeat Printers.

Staesman—Clark, A., and Clark, T.;

Friendship 100 Years Old.
Friendship, N. Y., Aug. 6.—The
celebration of the one hundredth an-
niversary of the founding of this vil-
lage began here today and will con-
tinue through the week. An elabo-
rate program has been arranged for
the celebration and the festivities
have attracted a large number of
visitors from the surrounding dis-
tricts. This village was founded in
1806 by Richard Friar, who came
here from Kingston and settled.
Others soon followed. As the size
of the settlement increased dissen-
sions arose among the people and

the strife was so hot that the place
was called Fighting Corners. Later,
however, the differences were amic-
ably settled and upon the suggestion
of one of the pioneers the place was
named Friendship and was incorpor-
ated under that name. That was in
1815. At one time the place was
quite a center of the lumber indus-
try in this part of the country and
had 25 sawmills in operation. The
first school was opened in 1810 and
religious services were started about
the same time. The first child born
in the village was Sherman Haskins,
1808; the first death that of Hattie
Friar in the same year, and the first
marriage was that of James San-
ford and Sally Harrison in 1809. The
village contributed 81 men to the
Union army during the Civil war.

Deafness Cannot Be Cured
By local applications, as they cannot
reach the diseased portion of the
ear. There is only one way to cure
deafness, and that is by constitu-
tional remedies. Deafness is caused
by an inflamed condition of the mu-
cous lining of the Eustachian Tube.
When this tube is inflamed you have
a rumbling sound or imperfect hear-
ing, and when it is entirely closed,
deafness is the result, and unless the
inflammation can be taken out and
this tube restored to its normal con-
dition, hearing will be destroyed
forever; nine cases out of ten are
caused by Catarrh, which is nothing
but an inflamed condition of the mu-
cous surfaces.
We will give One Hundred Dollars
for any case of Deafness (caused by
catarrh) that cannot be cured by
Hall's Catarrh Cure. Send for cir-
culars, free.
