PANIC NOT FEARED. United States Treasury Has Working Balance of Eighty Millions on Hand.

New York, Aug. 7.—A special to the Herald from Washington says: Not in many years has the treasury department been so well supplied with a working balance as at present. Apart from deposits in national banks now being made, the balance will be more than \$80,000,000. As the working balance at times in recent years has fallen down close to \$30,000,000, it is easily seen there is practically \$50,000,000 that could be used to meet a monetary stringency in the business world.

This is proceeding upon the assumption that after the first month or two of the present fiscal year the receipts will run up with the expenditures. At any rate there is in sight \$40,000,000 or \$50,000,000 government money that could be furnished to the relief of the business world in a pinch, and Secretary Shaw has let it be known he intends to see that there is no money panic if it is within the power of the treasury to give aid.

Three Cornered Contest on for Governor at Waterloo

(Four O'clock Edition.) Waterloo, Ia., Aug. 7.—The conservatives are in control of the convention of Democrats, which was called to order at 2 o'clock this afternoon. The contest for governor has narrowed down to George Ball, John Denison and Claude Porter.

A movement will be inaugurated looking to the nomination of Bryan. Delegates from Des Moines are prepared to offer a plank strongly favoring municipal ownership of public utilities. The leaders have been in conference tonight working out the tariff plank, which it is expected will demand immediate revision and the placing of some articles on the free list.

There are some who desire that a plank on railroad rate reduction shall contain a threat of government ownership, but such a threat will be opposed. A plank in favor of a national conciliation board to deal with labor troubles is being drawn. Nearly everything done in the convention will have in view preparation for the national campaign two years hence.

The conservative element will control the caucuses and name the committees, thus retaining control of the party organization for the next two years.

WOMAN WILL HANG

Mrs. LeDoux, of California, Will Pay Extreme Penalty for Murder

Stockton, Cal., Aug. 7.—Mrs. Emma LeDoux was sentenced to be hanged at San Quentin October 19th, next, between 6 o'clock a. m. and noon. She was unmoved by the sentence.

Mrs. LeDoux was convicted of the murder of her former husband, A. N. McVicar, by giving him poison. She placed his body in a trunk, which she ordered shipped to Jackson, Cal., McVicar's home. The order of the body caused its discovery. The police soon got the right clew and arrested the woman a few days later at Antloch, Cal. The prisoner told conflicting stories, one being that McVicar took poison, another that he was poisoned by a mysterious Joe Miller. The prosecution claimed the motive for the murder was Mrs. LeDoux's fear that she would be prosecuted for bigamy, declaring that she was undivorced from McVicar when she married Eugene LeDoux.

Without a tremor the slight little woman stood, the coolest and most collected of all in the crowded court room while Judge Nutter passed sentence.

After the court proceedings were over Mrs. LeDoux reddened a bit, but after a few moments her face resumed its usual appearance. After all was over Mrs. LeDoux joined her mother, Mrs. Mary Meade, in the ante room, and, throwing her hands above her head, gave a glad little cry, and rushed into her mother's arms. Mrs. Head sobbed, but Mrs. LeDoux shed no tears. Mrs. LeDoux was led back to jail. This morning Attorney Farrell, for the defendant, introduced more affidavits to show the good reputation of the witnesses who swore that Juror Ritter declared during the trial that he intended to hang the woman. Judge Nutter, in denying a motion for a new trial, announced his belief that the affiants, Murphy and Smith, testified falsely about Juror Ritter, and directed the sheriff to deliver the woman into the custody of the warden at San Quentin prison within ten days.
