Pale? Thin? How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla. It does great things for children. It gives them a good appetite, improves their digestion, builds up their general health. Ask your doctor if he endorses this. We have no secrets! We publish the formulas of all our medicines! J. C. Ayer Co., Lowell, Mass.

GRILLS AMERICAN WOMAN.

Yankee Made for Coquette, While Parisian Sister Is Made for Love.

Carlsbad, Bohemia, Aug. 7.—An unusual number of fashionable American and French women are at this aristocratic watering place this summer.

Herr Aurenheimer, a widely known society writer of Berlin, has been studying them here and has written this for his paper:

"At a distance they seem much alike, for the American woman wishes to look like the Parisian woman in her clothes, and the Parisian woman wishes to be as slender as the American woman. Besides, they both have the same tenderly treated, tired, big-as-your-hand face under the same flowery hat, face and flowers contrasting—a study in tints.

"But the real difference is enormous. As a rule the Parisian woman really is tired, while her Amedican sister pretends to look tired because it is fashionable.

"The Americans are not a bit tired. They are very healthy. You cannot kill them.

"The French woman understands that her sex is strong only when it is weak. That does not suit the American. Her springs are of steel. Both have the same easy, careless carriage, but the springs of the Parisian are not of steel. Moreover, the Parisian with all her freedom and grace, has an ounce of modesty in her. She knows this makes her awkward at times, but she cherishes the awkwardness, for it can be an added grace if you know how to manage it.

"Every step of the French woman is different. Every step of the American is the same.

"The Parsian sees everything as she passes; she has a smile for everything and everyone.

"The American is an artist in passing by; her bearing is magnificent; she sees just what she likes. Lots of people are angry because she does not look at them. The American has not the same longing for attention and admiration.

"The French woman has temperament and shows. The American has temperament and hides it.

"The American is made for coquette. The French woman is made for love.

"The American is a French woman sailed on ice."

The Race for the Astor Cup.

Newport, R. I., Aug. 7.—Never before was there so much rivalry among the members of the New York Yacht club and never so much eagerness to win the Astor cups as this year. The race for the Astor cups which is being sailed today off Newport, will undoubtedly go down in history as one of the most spirited contests ever held in this part of the country.

The races of the New York Yacht club have attracted hundreds of craft from all parts of the coast and when the competing yachts and sloops started for the starting line today they were accompanied by a formidable fleet of racing and pleasure craft, more numerous than any gathering of yachts, launches, sloops, schooners and other kinds of boats ever seen together in this harbor.

Among the boats taking part in the race are some of the swiftest yachts and sloops of this part of the country, many of which have won important races in the past. Colonel Astor this year, as last, has made the sloops prizes the more valuable. Tiffany & Co. have made the prizes, which are of unusual value and beauty. The cup for sloops is of eighteen carat gold and goblet shaped. It has two handles and stands 11 3-8 inches high to the brim. The weight is 626 pennyweights, and the capacity is about one and one-half pints. A figure of "Victory" in relief, holding a laurel wreath in each hand, appears on the front of the cup. It stands in the conventionalized bow of a vessel. The scrolls which form the bow are repeated four times around the body of the cup and immediately below a band of short curved lines symbalize water. The inscription "Astor Cup for Sloops" in raised letters, is above the figure, around the rim of the top. The stem which connects the body of the cup to the base is chased with a delicate vertical figure of scholls.

The Astor cup for schooners consist of 12 sterling silver plates. These measure ten and one-half inches in diameter and have a narrow scroll border. On each of the plates is the following inscription: "Astor Cup for Schooners, won by —" the winning yacht's name to be added immediately after the race.

City Fathers Held a Lengthy Meeting Last Night, But Did Not Get Excited

"The city has too many streets already and no money to improve them with," said Mr. Bayne in the council meeting last night.

Mr. Churchill took a similar view of the situation.

This discussion arose on a reconsideration of a vote to expend $200 for crushed rock to put on a street in North Salem. The motion to reconsider was adopted.

Then another vote was taken and the $200 was again appropriated by a vote of 7 to 6, as follows: Yes—Haas, Wallace, Gesner, Goodale, Low, Skaife, Steusloff. Noes—Downing, Frazier, Jacob, Churchill, Acheson and Bayne.

A survey of State street from Commercial to Church was ordered, with a view to permanent improvement.

A petition for a walk on North Summer street was referred to the committee on streets.

The city attorney expressed the opinion that the city could maintain an action to enforce a sidewalk lien, and recommended that the city test the question. On motion the attorney was authorized to proceed with the collection of such liens.

The application of E. L. Irvin to build a corrugated iron addition to his shop on State street, was referred to the committee on fire and water.

The committee on health and police recommended the purchase of a formaldehyde fumigator and $50 worth of formaldehyde. The matter was referred back for further investigation.

In the matter of opening Pine street, the city attorney said that, as a part of the street was already opened, no further proceedings were necessary.

The committee on bridges was authorized to construct a new bridge on Fourteenth street, south of the depot.

The following bills were ordered paid:

F. G. Haas	$ 1.20
Geo. B. Jacob	16.50

The committee on streets was granted more time in regard to the matter of fences on the S. P. switch, opening a street across the tracks at the fair grounds and the protest of D. D. Keeler on South Commercial street.

The ordinance committee reported a new ordinance on painting poles.

The committee on fire and water reported that the various property owners had the matter of fire escapes under consideration.

The following bids on fire hose was submitted:

Pacific Coast Rubber Company, Portland, "Imperial," 80 cents; "Phoenix," 70 cents per foot.

Eureka Fire Hose Company, New Jersey, "Red Cross," 80 cents; "Vulcan Jacket," 75 cents; "Paragon," 90 cents.

Crane & Co., Portland, "Mohican," 85 cents; "Fulton," 75 cents.

Chicago Fire Hose Company, "Perfection," 80 cents.

The committee was authorized to make selection and purchase the hose.

The authorities of Willamette University were authorized to place a sidewalk on State street from Winter to Twelfth, and not be compelled to follow the established grade. This exception was made to allow the walk to be constructed, and the trees along the University campus to be left standing.

The mayor was authorized to appoint a temporary chief of police to serve during the vacation of Chief Cornelius.

The dog ordinance was amended so that it will permit female dogs to run on the streets.

Dr. Pierce's Favorite Prescription,

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine OF KNOWN COMPOSITION, a full list of all its ingredients being printed, *in plain English*, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol *and that too in large quantities*. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely *free* if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed *in plain English* on every bottle-wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are *free* for the asking.

If you suffer from periodical, headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.
