PUBLICITY OF ASSESSMENTS.

Several states have adopted publicity of assessment rolls. ASSESSMENT IS A PUBLIC RECORD.

The people have a right to the greatest publicity of public records. Throw all the light possible on the transactions of every department.

The people are educated thereby and good government is promoted. WHAT HARM CAN COME FROM PUBLICITY?

The effect of publishing assessments is to disclose property and equalize the burden.

THE ELECTION OF A SENATOR.

The Salem Journal intimates that H. W. Scott and T. B. Wilcox may become candidates for United States senator before the next legislature, and no one would be surprised if this prediction is verified. The trouble is that COMPLICATIONS MAY RISE over the election of senators by the popular method and by the legislature under the present primary law.

STATE DEPOSITORY LAW NEEDED.

(Pendleton East Oregonian.) The state of Wyoming, which has a state accountant and which has saved thousands of dollars of state funds through this law, is now agitating for a state depository law, whereby the state may secure interest on idle funds held in county and state treasuries.

No Appetite

Means loss of vitality, vigor or tone, and is often a precursor of prostrating sickness. This is why it is serious. The best thing you can do is to take the great alternative and tonic Hood's Sarsaparilla Which has cured thousands.

PEOPLE WHO SPEND ALL THEY EARN MISS MUCH OF THE REAL PLEASURE OF LIVING.

A SNUG BANK ACCOUNT MAKES LIFE BRIGHTER AND EASIER AND DOES AWAY WITH ANXIETY FOR THE FUTURE. IT MAKES ONE FEEL INDEPENDENT EVEN IN TIMES OF ADVERSITY.

YOU CAN SOON HAVE A SNUG BANK ACCOUNT IF YOU WILL START A SAVINGS ACCOUNT AND DEPOSIT REGULARLY A PART OF YOUR EARNINGS. EVERY DOLLAR DEPOSITED WILL EARN INTEREST.

Savings Department Capital National Bank

would more than pay the expenses of the office.

LIKE WISE A DEPOSITORY LAW, by which county and state funds may be placed at interest in banks offering the highest rate of interest with good security, would be profitable to the state.

The income from this source would more than pay the expenses of the state and county treasuries. It would be a clear gain to the state and instead of the people paying out tax money for salaries of these officials, the idle funds would make the office self-supporting.

The Oregon legislature should pass both of these excellent laws.

The record of Wyoming justifies imitation.

KEEP AT IT.

Is there a man in the United States of matured years who, after changing his location time and time again, cannot look back and say of almost any of the places he has lived, IF I HAD ONLY STAID."

The opportunities are not all in one place. They are scattered broadcast over the land and it is the fellow who goes to work and keeps at it, not the one who goes moving about, that wins. Sometimes a change is desirable, but ten men lose by moving where one gains. In every place are a few MEN WHO HAVE DRIVEN THEIR STAKES AND ARE MAKING MONEY, while lots of others are getting their board and clothes.

What is the cause of this run-about spirit? In most cases it is DISLIKE FOR ANYTHING LIKE STEADY EMPLOYMENT. It is easy to start fresh and bright in the morning. Everything looks fair and promising, but when it comes to bearing the heat of the day—continuing from morning till night—we, in a majority of cases are not there.

DAMAGES IN ENGLAND.

Recently twenty persons were killed in a train wreck on the London-Southeastern railway.

THE CORPORATIONS OFFERS TO PAY \$25,000 FOR EACH PERSON KILLED.

The company defendant would not allow a single case to go to a jury. Lives are more valuable in England than in this country it seems.

IN OREGON THE LEGAL LIMIT ON DAMAGES IN CASE OF DEATH IS \$5000.

The law of damages in England is very different from the United States.

TIME TO SELL HOPS.

The time of year has come when there is great temptations to speculate in hops.

THE JOURNAL ADVISES GROWERS TO SELL AT ANY FIGURE FROM 15 TO 20 CENTS.

When hops go away down then the Missouriite grower loses faith and signs up low price contracts.

When hops are advancing the optimist holds out for prices that frequently ruins him and his neighbors.

WE WOULD NOT SELL BELOW FIFTEEN NOR HOLD FOR MORE THAN TWENTY.

If the grower is in debt he should sell at the first chance at 15 or over.

Smiles

Hon. Binger Herman and wife are enjoying a trip in Europe.

No self-respecting newspaper should refer to boys as "kids."

Everybody is happy over the construction of the Coos Bay road.

Salem is progressive. Paving streets, Oiling streets, Cleaning streets.

Where, oh where, were all the forest rangers when that Santiam forest fire broke out?

Daily Marshfield Times: In five years Coos Bay will have a population of 10,000 people.

When the town of Drain becomes the railroad center it is destined to be, it will change its name.

Oil is better than nothing, but don't let oil stop permanent improvement of our business streets.

One way to get rich is to lie awake nights studying how little you can give towards any public improvement and not be rode on a rail by your neighbors.

The Republican Presbyterian deacon who edits the Albany Democrat propounds this one: If a cigarette and a dime novel were to have a

race toward hell which would reach there first?

Col. Hofer's recent outing at Newport was a disappointment to him—not a single "peek-a-boo" waist showed up.—Toledo Reporter. They "show up" to the kind of people who are looking for them.

The Dalles Chronicle: Any man with a quarter section of Oregon soil with a disposition to deal justly with his fellows and himself, is in a position to ask heavy boot for exchanging positions with the czar of all the Russians.

Did Not Write It.

A story about the Blue Bucket diggings is going the rounds of the state papers, credit being given to J. H. Cradlebaugh as the author of the same. The horse editor wishes to say emphatically that he did not write the article, and how it became credited to him is one of those mysteries that only the printers devil or the other one can explain. The article was written by the editor of the Baker City Herald and should be credited to that paper. The horse editor always tries to give credit for every article clipped from exchanges, but neither he nor the linotype man are infallible.

Wrong Number.

The Prineville Review is guilty of this:

"The telephone girl and the bill clerk to whom she had promised her hand were sitting in front of a fire place talking about the happy day to come when they should be one. From one detail to another they finally drifted to the subject of lightning the fires in the morning. He stated it was the wife's place to get up and make the fires and let the hard working husband rest. After this declaration there was a silence for about three quarters of a second. Then the telephone girl thrust out her engagement ring and murmured sweetly but firmly "Ring off, please; you have got the wrong number."

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, fee.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

AN ORDER THAT SHOCKED.

Then He Regretted That He Had Not Taken the Beer He Wished For.

The waiter had shown me to a table, and before I had ordered he brought a woman of about 60 and placed her across from me, relates a writer in the Kansas City Star. The car was swaying and bumping over a new piece of track, and the old lady seemed perturbed by the jarring and the noise. Her hair was nearly white, and it was waved over the temples. A little bonnet was held in place by broad silk ribbons, tied very carefully in a very regular bow under her right ear. A turndown collar of white and a long, thin chain holding a pair of glasses were the only relief from the black silk frock. There she sat, the primmest old lady I had ever seen away from a mohair sofa. There was even a trace of a pucker to her mouth, just to accentuate. Most apparently on her way to the missionary society's district convention.

I had contemplated having a small bottle of ale with my roast beef, but I ordered milk instead. While I am a believer in personal liberty, I do not permit my theories to inflict themselves on others. I ordered milk instead of beer, and the waiter spilled much of it on me and the tables as the train swung around a sharp curve. The old lady noticed the mishap, but her face bore not a trace of slightest interest. With her in hearing distance I would not have risked laughing at anything. In the cold, business-like voice of the class leader she ordered—"I could have told it would be before she said a word—she ordered two eggs

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicine leaving the great laboratory at Buffalo, N. Y., has printed on its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach, tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient anodyne.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of several schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

boiled medium, dry toast, and a pot of hot tea. "It must be hot," she said. "And waiter," she called, as he turned away, "before you bring the eggs I want a Scotch highball."

That is what she said. The car made a particularly wild lurch just then, which helped me to hide my surprise. That was all that saved me.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years, and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures Chronic Coughs and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at J. C. Perry's drug store. Price 50c and \$1.00. Trial bottle free.

Struck by Falling Limb.

Roy Wheeler, an 18-year-old son of E. A. Wheeler of Lorane, lies at his father's home in a comatose condition, as a result of a limb of a tree breaking loose and falling upon his head and right side Wednesday afternoon.

He was sawing down the tree when the limb fell and struck his skull, cutting a great gash a little to the right of the center of the forehead, back to almost the base of the skull. It also tore open the shoulder and drove a tooth of the saw deep into the right arm just below the elbow.

The boy's cries brought help quickly and he was carried to his father's home, where Dr. Schieff dressed his wounds. He lies in a semi-comatose and only recognizes his people when they shout at him.

His condition is very serious, his pulse sinking to 50 at times and his heart being very weak. Hemorrhages from the nose and mouth would indicate internal injuries, from which it is very doubtful if he recovers.—Albany Democrat.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant, of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at J. C. Perry's drug store.
