

Bargain Sale of Islands.
Watertown, N. Y., Aug. 11.—The three hundred islands in the St. Lawrence river, which were won by the late Henry Yates in the lottery which was conducted for the benefit of the colleges of the United States and which was managed by the Rev. Dr. Elliphalat Nott, the first president of Union college, Archibald McIntyre and Henry Yates, then a resident of Schenectady, will be sold here at auction this afternoon. It is expected that about \$50,000 will be realized from the sale.

Henry Yates was a notable character during his residence in Schenectady. He became immensely rich as the result of the lottery, and the islands were a portion of the property he acquired. He lived in Schenectady until about 1847, when he went to Albany to reside. He lived at the latter place to the time of his death. He was a brother of war Governor Yates and was at one time a United States senator from this state.

The islands which are to be sold vary in size from about thirty acres to small pieces of land hardly fifty feet long. There has been a demand for their sale and it was decided to sell them at auction. There are about twenty heirs to the Yates estate, among whom is Bishop Satterlee of Washington.

Herbline.

Renders the bile more fluid, and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.

G. L. Caldwell, Agt. M. K. and T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen, and I had given up all hope of being cured, when my druggist advised me to use Herbline. It has made me sound and well." 50c. For sale by D. J. Fry.

Levied on Whole Town.

Vancouver, B. C., Aug. 11.—Sloan City was yesterday seized by

Sheriff Tuck, of Nelson, with execution papers, which put the entire municipality in his hands. Six years ago Slokan City was the most prosperous town in that district, and had a population of 1000. Today 150 persons live there.

When the sheriff took charge of the place he found that the mayor and aldermen had resigned. But there is no one there to receive such resignation. C. E. Smitheringal, of Vancouver, is the creditor who is closing up the town. He recently endeavored to garnishee licenses paid by the hotels and saloons, but the mayor was too quick, and paid out the money as salary for the civic officials.

The sheriff will levy a special tax on all property to pay the judgment, and if it is not paid will give notice that all real estate in the city will be sold at public auction in 18 months.

DEAD BUGS FILL STREETS.

Fresno Citizens Forced to Shovel Up Myriads of Decaying Beetles.

Fresno, Cal., Aug. 13.—All Fresno put a clothespin on its nose yesterday while it worked with both hands removing from its streets the decaying bodies of an endless army of beetles that had invaded the raisin metropolises during the hours between midnight and dawn. By sun up the business sections for blocks in every direction was covered with layer upon layer of the ugly-looking invaders, myriads of them already dead, other myriads crushed and dying, but struggling in their last agony, giving uncanny movement to the rapidly putrefying mass.

The health and street departments set to work first with chloride of lime and other powerful disinfectants to offset the stench, and next with shovels and wagons to clear away the dead.

A HARD STRUGGLE.

Many a Salem Citizen Finds the Struggle Hard.

With a back constantly aching, With distressing urinary disorders, Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Salem people endorse this claim:

P. W. Brown of 374 Summer street, Salem, Ore., says: "Three years of millwright's work in a sulphuric factory where it was necessary to perform repairs in poisonous gasses and was often compelled to work in a cramped up position and sometimes wet to the skin, if not the cause of my kidney trouble at least helped to derange those organs. I suffered from a lameness and soreness across the small of my back, and about two month ago when suffering in this way my attention was called to Doan's Kidney Pills and I went to Dr. Stone's drug store and procured a supply. After taking this remedy the backache left me and the soreness across the loins entirely disappeared, as also did other marked symptoms of kidney trouble. Doan's Kidney Pills are worthy of the confidence of anyone annoyed with backache or kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

White, niece of ex-Governor and ex-Secretary of the Navy John D. Long, and heiress of the late multi-millionaire, Nelson D. White, has left her mansion in Winchendon and her wealth to travel 6000 miles and take her place by the side of the man she then will wed, among the lepers of the Hawaiian islands.

Her fiancé is Dr. Walter R. Brinckerhoff, who is in charge of the United States leprosy hospital at Malaki, and who, with the enthusiasm of youth and love for his profession, has resolved to devote his life to the

task of seeking a cure for that dread plague of leprosy.

He has already won fame by his work during the smallpox epidemic in Boston in 1902, for which he was made a professor in the Harvard medical school, with pathology as his specialty.

Then at the time of the smallpox scourge in Manila he was sent there as Harvard's representative. A few months ago he went to his present work. The wedding is set for the second week in September. When married Dr. and Mrs. Brinckerhoff will spend part of their time at the home of Mrs. White's sister, Mrs. James B. Castle, in Honolulu, but will give most of their days at the sanatorium in the effort to find the cure for the dread disease which shuts those afflicted by it off from the rest of mankind.

Whether Dr. Brinckerhoff and his bride will meet the fate of Dr. Damien remains to be seen, but they say death is insignificant if only they can help poor, unaided, suffering humanity. The meeting of the two last Christmas week in Washington was romantic. A society acquaintance soon ripened into love.

Dr. Brinckerhoff said he was going to Hawaii and Miss White said she had been there once and wanted to go again. She followed him later to the island. Miss White went to the beautiful home of her sister, Mrs. James B. Castle, in the residential section of Honolulu, where she met Dr. Brinckerhoff again. Soon wealth decided to marry fame.

Miss White was the belle of Winchendon, her father being one of New England's multi-millionaire manufacturers. Her mother was a member of the famous Long family. Doctor Brinckerhoff is a Boston boy. Receiving his diploma from a Boston high school he went to Harvard in the class of '97, taking the scientific course. In 1901 he added an M. D. to his A. B. at the Harvard medical, graduating with the highest honors.

Stop That Cough.

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St., Salt Lake City, Utah, write:

"We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1. For sale by D. J. Fry, Salem, Or.

Esther Mitchell Sick.

Seattle, Wash., Aug. 12.—Esther Mitchell, who shot and killed her brother, George, within 48 hours after a jury had acquitted him of the murder of Joshua Creffield, is seriously ill at the county jail, and unless her condition improves soon, a request may be made that she be removed to the county hospital. Dr. Snyder, the jail physician, who at first denied that her illness was serious, this afternoon diagnosed the case as one of typhoid fever. The girl's temperature ranged near 101.

There is a feeling among jail officials that the girl's condition may make it impossible to bring her to an early trial. It was expected she could be brought up for a hearing next month but this may be impossible.

It is said by jail officials that she is delirious much of the time, but her wandering mind has not run back to the murder of Creffield, nor the shooting of her brother.

The End of the World

Of troubles that robbed E. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago Kidney Trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of General Debility." Sure cure for all Stomach, Liver and Kidney complaints, Blood Diseases, Headache, Dizziness and Weakness or bodily decline. Price, 50c. Guaranteed by J. C. Perry's drug store.

A Pleasant Way to Travel.

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the East, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going East or South, write for particulars and full information.

SLAKE-LIKE SKIN

Butte Man's Hide Pulls Off Like a Kid Glove

Butte, Mon., Aug. 11.—John H. Price of Phillipsburg, Montana, superintendent of the Gold Reef mines, at this season of the year sheds his skin like a snake. It is a very peculiar piece of nature's work, the cause of which the medical profession has so far been unable to explain. Some years ago, by special request, Mr. Price went to Chicago where eminent physicians from all parts of the world witnessed his shedding process at the institute of Natural Sciences, but no solution for the cause of the phenomena was reached.

The shedding of the skin of his entire body is complete, including the nails on his fingers and toes, and the process of shedding covers a period of from three to five days.

At the approach of the shedding period Mr. Price becomes quite ill, has high fever and the skin over his entire body apparently dies up. As soon as new skin has formed underneath which usually requires a couple of days, the old skin peels off and Mr. Price feels rejuvenated with a skin tender as that of a child. Until the new skin hardens he is obliged to exercise considerable care to prevent its breaking.

Since coming to Montana 30 years or more ago, Mr. Price has been shedding his skin annually at the usual period, which is between the 18th of July and the middle of August.

Mr. Price often indulges in a bit of fun himself, or at least he used to, at skin shedding time. It was in 1889 when he walked into Robert McDonald's saloon on Broadway, where Newt Vaughn was attending bar, and asked if his face was good for the drinks. When informed that it was he called up everybody in the house and after all had what they wished Mr. Price peeled off the skin of his face and laid the mask on the bar. Newt Vaughn saw the joke was one him and all had another at the expense of the house, notwithstanding that Mr. Price offered to pay the bill.

Numerous other incidents might be mentioned, among them where he pulled the entire skin off his hand like a glove.

Wednesday Mr. Price came in from Gold Reef and to a reported he stated that he felt the shedding period coming on and that he was going home and go to bed. By this time the "peeling off" process is on and when the genial superintendent returns to his duties at Gold Reef camp he will be wearing his usual snulle and brand-new skin.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O., T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, and \$1.00. For sale by D. J. Fry, Salem, Or.

The Destruction of San Francisco

BY EARTHQUAKE AND FIRE

By Charles Eugene Banks and Opie Read
Special :-: Memorial :-: Volume

This edition will be eagerly sought after by millions of Americans who have demonstrated their sympathy in a substantial manner by cheerfully answering the call of the stricken, and giving money, food and clothing with a generosity truly American. Every city, town and village throughout the land is stretching forth its hands to help those in distress. Human hearts are beating today in every hamlet in the world for friends or relatives dead or dying in the ruins.

There never was a time in the history of the world when all eyes were turned to one city, as now they are toward the once great city of San Francisco.

Interest is at fever heat and there is a demand for this book, by all people, that makes it a duty and an honor to be the means of bringing it to them.

This book tells, by pen and picture, the detailed story as gathered by writers on the grounds, of the awful calamity that befell San Francisco and the smaller cities of the Pacific coast, leaving hundreds of thousands homeless and at the mercy of their fellow men; of the loss of life and the destruction of property; the story of the disaster as told by the survivors; fighting fire with dynamite; murder and pillage by ghoulis; food and water famine; army guarding survivors under martial law; the rifle and noose the fate of ghoulis; buried alive in tombs of fire; a city turned into an inferno of furnaces; hundreds insane; sympathy of nations; relief work of our people; contributions for the suffering from individuals, cities and congress; a nation's sympathy aroused.
