DON'T BE A GOOSE.
 In shoes by wearing hot, heavy, and
 altogether uncomfortable footwear in
 warm weather. We have so many va-
 rieties of the low, ankle-cooling style
 that there is no excuse for self-in-
 flicted foot torture. Just as nobby,
 too, as the high priced fellows, and our
 scale of prices requires no deep descent
 into one's purse. We ask a candid
 opinion of our stock when you have
 looked it over.

SEALS AND SEA-LIONS

The acting seals and sea lions which perform with the great Adam Forepaugh and Sells Brothers' enormous shows united, amazingly illustrate in juggling, comedy effects and musical acts the highest known achievements in animal training. Captain Webb, who was the first to attempt the education of these curious creatures of the deep seas, spent many years of his life in the Arctic regions, and there, far away from civilized life, home and friends, he made a study of their nature and brain scope, and after a long time and the exercise of much patience finally developed the wonderful performance which is now a remarkable feature of the great Adam Forepaugh and Sells Brothers' shows united. The performance is given on two big stages, and every move of the intelligent animals may be plainly seen from every part of the enormous tent. This trained animal act is beyond question the most marvelous exhibition ever offered for public instruction and entertainment.

MARRIED OREGON GIRL.

Isaac Campbell, of Illinois, Captures Fair Daughter of Linn County.
 The culmination of a pretty romance was the marriage last evening of Isaac Campbell, of Springfield, Ill., and Miss Inez Shelton, of Jordan, Linn county. The marriage was performed at the home of Mrs. Lydia Campbell, two miles south of Salem, by Rev. W. H. Selleck, of the First Methodist church.
 The groom and bride will very soon return to Illinois, where Mr. Campbell is in business.
A Pleasant Way to Travel.
 The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the East, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going East or South, write for particulars and full information.

 To a Guard reporter last evening Mr. Black stated that considerable work has been done in the vicinity of the lake this summer. A good trail has been built from the Military road to the lake, buildings for the men have been put up, new soundings of the water in the lake have been taken and considerable more data has been secured.—Eugene Register.
