CANNERY RESUMES WORK

One Hundred Employes of the Salem Mutual Canner Are Canning Pears

Work at the Salem Mutual cannery was resumed this morning when one hundred men, women and boys began canning pears. This number will be increased from day to day and by the latter part of the week, 150 people will be employed at the cannery.

The season for pears will likely be a long one as the crop is large and will continue until the crop of apples are ready to be canned. It is not supposed that the cannery will close until the end of the season in November.

Pears have been coming in for several days in large quantities and enormous quantities are stored away at the cannery. The fruit has to be gathered from the trees before it is fully ripe and each day the entire lot is gone over and sorted out and the ripest in the lot is canned and the other is allowed to remain and slowly ripen in the boxes and trays.

Most of the pears that are coming into the factory have been purchased under contract and it is understood that \$15 per ton is the price that was received. Fancy pears are bringing a small amount over that price in the market, but it is believed that the market will soon be glutted and that the farmers who refused to sell their fruit under contract to the cannery will have to take a smaller price for the bulk of the crop than was offered for the entire lot.

One Woman Among the Thousands.

We received a letter from Waycross, Ga., from a woman who had been troubled with female complaint for a long time, until she was reduced to almost a shadow. It effected her mind, she could not remember anything, would get confused and so nervous and irritable she could hardly sleep. She described her case as one similar to thousands of other women, and then ends the letter by saying she had gained 19 lbs last month and never felt better in her life, having no trace of her former troubles, slept well, ate her meals with a relish. She commenced the use of Dr. Gunn's Blood and Nerve Tonic just six weeks before she wrote the letter from which we copy the above. This tonic is in tablet form, and should be taken right after meals. It turns the food you eat into strong rich blood, feeding the nerves and curing disease by making healthy flesh. Sold by all druggists for 75c per box, or 3 boxes for \$2. Pale, weak, thin people should use this Tonic.

STATE NEWS

The run of fish at Astoria is fairly good. The catches are not large, but the general condition cannot be complained of. Reports from up the river show seiners are doing better than for some time, and indications are that all kinds of gear will make a little money.

Fire started by the explosion of a gasoline generator in a laundry, destroyed nine buildings at Klamath Falls Friday. The loss will be about \$10,000.

Eagle Point postoffice, Jackson county, was burned out Friday, the occupants of the building having great difficulty in escaping without their clothes. The loss is something less than \$2000, with insurance of \$100. Although this is the second time the postoffice at that point has been destroyed by fire, there is no suspicion of incendiarism.

S. G. Williams, editor of the Skamokawa Eagle, came to Astoria on a business trip Friday and, on his return home found his residence burned to the ground. The fire caught from a defective flue about 1 o'clock in the afternoon, while Mrs. Williams was cooking lunch, and owing to the lack of fire fighting apparatus and the scarcity of water, the building burned in spite of the efforts of the neighbors, who hastened to give assistance. Much of the furniture, including a piano was saved. The house was insured for \$100 and there was \$200 insurance on the furniture. While feeling his loss keenly, Mr. Williams says he will rebuild at once.—Astorian.

MAN ENTERS HOTEL WITH GARTER SNAKE FOR TIE

Strange Story Related by a Visitor to Salisbury—Tourists Fight With Animals.

A London dispatch says: Many fierce encounters with wild animals have been reported of late from various parts of Africa.

A strange snake story comes from there, which relates to a visitor to Salisbury.

As he entered the dining room of his hotel the other morning a friend asked why he wore such a "loud" tie.

He rebuked his friend for his apparent levity, but presently he felt a choking sensation about his throat, and his tie seemed to be getting gradually tighter and tighter. Throwing off his vest, he found that he had put on instead of his tie, a pet garter snake which he had caught at the cape.

An extraordinary escape from a crocodile is reported from the Sidogo Drift of the Usuta river.

A native, while stooping to wash his head in the river, was seized by a particularly fierce crocodile which lay concealed in the water.

What followed the native is unable to state, but when he came to himself he was lying on the bank of the river. His throat was slightly lacerated, and the back of his scalp was torn off.

From Nairobi, British East Africa, comes the account of a terrible struggle between a hunting party of Englishmen and a fierce lioness.

The hunters were following the tracks of the lioness on horseback, when the beast sprang upon its pursuers from the long grass. Mr. Goldfinch, one of the party, was first attacked, and was badly bitten on the thigh. Mr. Lucas was able to get in a shot, but this only helped to infuriate the lioness.

Turning on Mr. Lucas, it felled his pony, and threw him to the ground. Before he had time to recover himself, the beast was upon him, inflicting fearful lacerations on the forehead and right cheek, and imbedding its teeth in his right arm.

Mr. Goldfinch, seeing the danger Mr. Lucas was in, dismounted from his pony and shot the animal.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Lintment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Lintment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, and \$1.00. For sale by D. J. Fry, Salem, Or.

A Pleasant Way to Travel.

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the East, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going East or South, write for particulars and full information.
