

I am going to give away a \$125 Diamond

On the 1st of January, 1907

NATURALLY YOU WILL ASK WHY I AM GIVING IT AWAY. THE REASON IS THIS:

I WANT ALL THE BUSINESS I CAN GET, AND OFFER THIS AS AN INDUCEMENT TO HAVE YOU COME TO ME FOR YOUR DENTAL WORK. I DON'T DO IT FROM A PHILANTHROPIC STANDPOINT; NEITHER DO I CHARGE LESS FOR MY WORK THAN OTHER DENTISTS FOR THIS SAME REASON, BUT SIMPLY BECAUSE BY DOING A LARGE VOLUME OF BUSINESS I CAN AT THE END OF THE MONTH FIGURE UP LARGER PROFITS THAN THE AVERAGE DENTIST, EVEN WITH MY LOW PRICES.

HERE IS WHAT I PROMISE:

THAT ALL WORK WILL BE DONE IN AS PAINLESS MANNER AS IT IS POSSIBLE TO DO IT.

YOUR WORK WILL COST YOU LESS THAN AT ANY OTHER DENTAL OFFICE IN THE CITY, AND THAT ANY PIECE OF WORK WHICH PROVES UNSATISFACTORY IN ANY MANNER WILL BE RECTIFIED WITHOUT COST.

THIS IS WHAT SOME SAY OF MY WORK:

July 25, 1906. If Dr. Wright can't please you with a set of teeth, no dentist can. I had a partial lower plate made some years ago, and which was worth less. I went to Dr. Wright and he made me one which does the work like natural teeth. MRS. KYLE, 1648 Mission.

June 9, 1906.—A year ago Dr. Wright put two bridges in for me by his painless method, and they have given excellent satisfaction. So much so that he has today put on a gold crown, which was done without pain. If you wish satisfactory work go to Dr. Wright. MRS. G. F. YOUNG, R. F. D. No. 1, Salem.

June 8, 1906.—Dr. Wright put in two bridges for me and several gold fillings, absolutely without pain. They are highly satisfactory and I am now having him insert two more bridges. Candidly, if you want high-class, painless dentistry, my advice is to go to him. MRS. PETER ZILINSKI, Brooks, Or.

June 9, 1906.—Dr. Wright made me a full lower plate to replace the one I had made by another dentist, and it is a perfect fit. MRS. W. FENNEL, 803 Liberty St., Salem.

July 4, 1906. If you want painless dentistry, go to Dr. B. E. Wright. He put on a crown for me absolutely without pain. C. D. SLAUGHTER, Scotts Mills, Ore.

June 24, 1906.—I had a tooth extracted by Dr. Wright's painless method, and can say that it didn't hurt a particle. B. VAUGHN, Salem, Or.

June 13, 1906.—I had Dr. Wright remove a bridge which was put in my mouth by another dentist and insert one by his painless method. He also extracted a tooth for me, and I must say the work was painless and looks perfectly natural. MRS. E. E. WIRSING, Salem, Or.

Labors of Board of Equalization Will Not Change Ultimate Result

The county assessor's office this week during the session of the board of equalization is about the busiest place in Salem. The board has been at work industriously for three days, and will remain in session during this week. It will probably adjourn Saturday unless business continues good; in which case petitions will be heard next week.

So far the board has done but little final work. All petitions for the re-adjustment of assessed values have been heard, and the fullest investigations have been made in each case. Elaborate notes are taken, but few final opinions have been made.

In many cases the assessor's valuations will be reduced and in other instances they will be increased. It is believed that the ultimate result will be about the same as the totals given out by the assessor.

The policy of the assessor in placing a true valuation on all property, will be carefully adhered to by the board of equalization, and for that reason there will be no radical changes made in the assessor's figures.

The old building will be raised, cut in two, enlarged, rehabilitated, and made good as new—a very substantial improvement.

Work on the new F. A. Truner residence on Capital street is progressing, and when it is finished Mr. Turner and family will have one of the finest homes in the neighborhood of the capitol.

A new cement walk is being constructed in front of Tillson & Co.'s feed store.

RESCUED FROM DROWNING.

Charles Caulkins Rescued His Wife and Another Lady From Watery Grave.

Mrs. Charles Caulkins and Miss Velma Glover came very near being drowned in the Willamette river yesterday afternoon about 5 o'clock, about half way between the "Maples" and the steel bridge. The fortunate circumstance that Mr. Caulkins happened to be near by and saw the ladies in time to jump into a gasoline launch and come to their rescue, was their only chance from drowning, as neither of them can swim and the water at that point is deep and the current swift.

The two young women were in a small row boat, which kept dipping water until it sank out of sight. Mr. Caulkins was standing on the bank and saw the ladies in trouble and had already started after them when the boat sank. He was only a minute or two getting to the spot, but before he arrived Mrs. Caulkins had struck bottom, appeared on the surface, and had started back to explore the bed of the river. Miss Glover was just making her first voyage to the surface of the water. Caulkins threw Miss Glover into the boat with one hand, held Mrs. Caulkins above water with the other, and by extraordinary efforts managed to get them both ashore safely.

Mrs. Caulkins said that the popular belief that the whole past life of a drowning person appears before one like a panorama is now an exploded myth; that while under the billows, she had no thought of the past, but simply wanted to get out. Miss Glover said she worried over the trouble she would have in drying her hair.

A Collection of Important Paragraphs for Your Consideration

Five experienced barbers at Model Shaving Parlors, 112 North Commercial.

The three boats which are on the Salem-Portland run, are taxed to their utmost capacity to handle the hop pickers and the large cargoes of freight which are being shipped at present. In order to accommodate the hop picking trade an extra run will be made each Sunday on the regular schedule time.

Some new scenery for the Edison theater was brought up on the boat last evening.

Two thousand pounds of cement to be used in the construction of the new bridge at Wilson creek is being delivered from Portland by the O. C. T. Co.

YOUNG CHILDREN

Having a tendency to squint can be cured, and before having your eyes taxed by study should have them examined. A child's eyesight is not fully developed until several years after the usual school age, and every precaution should be taken to preserve it.

We Can Overcome Defects of Vision in Childhood

which if let run on to maturity can never be overcome.

Lawyer Frank Holmes and family have returned from Willhoit, where they spent several weeks drinking water and doing other things customary in that neighborhood. Incidentally Mr. Holmes brought down a quantity of the famous Willhoit water for the Journal man, who joins wood piles with him in East Salem, and hopes to convert him to the water drinking habit.

Mr. and Mrs. George Reuf, of Independence, are in the city. Mr. Reuf is an extensive hop grower, and one of the men who has made a success of that business. He reports a very good crop of hops this year in that section. While they are light in some places, there will be an average yield and the quality will be probably above the average. This is his estimate. Picking in that part of Polk county will begin generally next Thursday, although in his own yard and some others they hope to get started Saturday of this week.

A license to marry was issued this morning to Carl Edward Cashatt, of Spokane, Washington, and Miss Millie Clio Widdersheim, of this city.

B. F. Kumer was appointed letter carrier for Salem Wednesday.

Ivan Schomaker, the 12-year-old son of Henry Schomaker, of South Salem, met with quite an accident yesterday. He was sitting under a tree in their yard, when a heavy limb broke and fell, striking him on the back. The blow was so severe that it was necessary to call a doctor, and he attended the little boy's wound. It was not thought at the time that there was anything serious, but it develops today that he has concussion of the spine. He will be in bed for several weeks.

Mrs. J. A. Carson started for Seattle last evening to meet her son, John, Jr., who has been in Alaska with his father. Attorney Carson is still detained at Valdez, where he is in charge of an important case before the federal court in behalf of a large copper mining syndicate. He hopes to return soon.
