August Shows Great Activity.
 Building permits to the number of
 74, amounting in value to \$6,333,
 issued during this month, to-
 gether with an increase of 16 per
 cent in the bank clearings for Au-
 gust over those of the same month
 last year, give substantial evidence
 that San Francisco is well on its way
 toward rehabilitation.
 There are 711 permanent build-
 ings under construction and work is
 being done on other buildings valued
 at \$10,000,000, while there are 30,
 000 men in the city employed at
 construction work and 125 carloads
 of debris being removed from the
 city daily.
 The bank clearings, which in Au-
 gust, 1905, amounted to \$155,841,
 reached the total of \$180,844,
 this month.
 According to the last monthly bul-
 letin report, the receipts of the port
 this month, which are estimated
 at \$1,500,000, are the largest in the
 history of this port, and the record
 of import duties has been broken.
 There is absolute proof at any rate
 that disaster has not in any way in-
 terfered with the shipping. The
 population of San Francisco is
 estimated at 370,000.—Progress.

THE MAN IN BLACK TONIGHT

Klinger Grand Opens the Season With Splendid Play

Tonight will be the opening per-
 formance of the Brigham-Cooper
 Stock Company, which is to play in
 Salem all winter at the Klinger
 Grand theatre, presenting one new
 play each week. The Brigham-Coop-
 er Company is well-known in Salem,
 as it played a ten-weeks' engagement
 here this summer, at what was then
 known as the Edison theatre, and
 during their stay they made many
 friends, who are anxiously waiting
 for the opening, as they know that
 the standard set by the popular
 Brigham-Cooper Company means
 that they are going to get their mon-
 ey's worth, and that each perform-
 ance is one of real merit, real dra-
 matic art, comedy situations that are
 really funny, and that each play con-
 tains a strong moral, and teaches a
 lesson that will be remembered.
 The Brigham-Cooper prices are
 just the same as they were last sum-
 mer and 15 and 25 cents. The Klinger
 grand was formerly the Edison. It
 has been enlarged and made into a
 first-class play house, and the open-
 ing play to be presented tonight is
 entitled "The Man in Black."

SENATOR GEARIN HERE.

Many Other Prominent Men Arrive
 for the State Fair.

United States Senator John M.
 Gearin, of Portland, arrived on the
 morning train, to take part in the
 irrigation meeting this afternoon,
 and see as much of the state fair as
 can be viewed in one day. He is
 booked for a speech this afternoon,
 and also one tonight at the opening
 of the fair.

This morning's train also brought
 N. H. Gentry, owner of the famous
 Gentry stables, of Missouri and H.
 E. Woods, of Missouri, who will be
 the official starter of the races.

Messrs. Newell, Laber and others,
 who will attend the irrigation meet-
 ing, are also in the city.

COMPANIES ORGANIZE.

Articles of Incorporation
 Granted Enterprises Backed
 by Oregon Capital.

Salem, Sept. 11.—Articles of in-
 corporation were filed today in the
 office of the secretary of state by the
 following companies:

O. K. Logging Company, incorporated
 under the laws of Washington;
 Oregon attorneys, E. P. Shields, A.
 W. Clark.

Red Cross Hospital Association, of
 Portland; incorporators, E. Mallory,
 F. M. Colwell, I. M. Basler; capital
 stock, \$5000.

Manhattan Packing Company, of
 Astoria; incorporators, Minnie Fal-
 angos, D. Falangos and Harrison Al-
 len; capital stock, \$15,000.

Caulkins Joins the Willards.
 Charles Caulkins, the well-known
 actor, has joined the Lee Willard
 Dramatic Company, and will be seen
 tonight in the initial performance of
 the season. Both Mr. Willard and
 Mr. Caulkins are to be congratulated
 on the arrangement.

Tonopah Police Fired.

The Tonopah police have been
 fired in a bunch. Things must be
 pretty bad in the brick Nevada town
 to demand such wholesale action.
 It takes a mining community to act
 with decision in such emergencies.
 No time is wasted in picking out the
 sheeps from the goats, perhaps be-
 cause those who do the firing think
 there would be no goats if the sheep
 would take the trouble to object to
 their presence. It is a pretty safe
 assumption in such cases that the
 men who don't graft are as bad as
 those who do if they stand by and
 look on without protesting against
 the villanies which they see prac-
 ticed.—S. F. Chronicle.

Build Up Your Town—

There is no better way of building
 up our town than giving to our home
 business men our entire and exclu-
 sive patronage. The more we help
 each other the more we help the
 town.

Guard Against Grafters—

The best way to guard against
 schemes of grafters and keep up-to-
 date in general is to be a regular
 reader of this paper. It is always
 the one who does not read his home
 paper who gets caught by the graft-
 ers, and fakirs.

Phone Nuisances—

We all admit that telephones in
 Salem are a great convenience, yet
 they occasionally make a man feel
 like breaking the third command-
 ment. Some times on a busy day
 when work is rushing and your
 'phone rings twenty-eight times and
 only two rings are of any import-
 ance, the other twenty-six being calls
 from some one wanting to speak to
 your help, the inquiry being "Is
 Miss — in?" This takes two from
 their work twenty-six times, and
 some one has to pay for all that lost
 time in addition to the annoyance.
 It doesn't look just right, now does
 it? During working hours, 'phones
 in business houses, at least, should
 be used for business only.

Cherished Forlorn Hope—

J. Scott Taylor, the genial and ac-
 complished editor and owner of the
 Klamath Falls Express, is in the city,
 and will be here during the week.
 Mr. Taylor was the Democratic nomi-
 nee for state printer at the June
 election, and made a thorough cam-
 paign of the state in behalf of his own
 candidacy and for his co-candidates.
 He led a forlorn hope, but there is
 nothing Utopian in his prediction
 that Klamath is a coming county, and
 that his town has all the qualities
 that make towns and countries great.
 Mr. Taylor's newspaper is one of the
 factors that counts.

A FINE SEEDLING —

Orin Savage has brought to The
 Journal office a sample peach from a
 seedling tree which he has raised
 from a Charlotte seed, which is cer-
 tainly a magnificent piece of fruit. It
 is of fine flesh and flavor, large in
 size, solid and ripens at this most de-
 sirable season. He will call it "Sav-
 age of Oregon," and may place it up-
 on the nursery market another year.

Beautiful Women.

Plump cheeks, flushed with the
 soft glow of health and a pure com-
 plexion, make all women beautiful.
 Take a small dose of Herbine after
 each meal; it will prevent constipa-
 tion and help digest what you have
 eaten. Mrs. Wm. M. Stroud, Mid-
 lothian, Tex., writes, May 31, 1901:
 "We have used Herbine in our family
 for eight years, and found it the best
 medicine we ever used for constipa-
 tion, bilious fever and malaria. Sold
 by D. J. Fry.

STRUCK HIS BENEFACTOR.

C. Donovan Hit By Hobo Because He
 Declined to Be Banhandled
 Twice.

Because he refused to bestow alms
 on a drunken hobo the second time,
 C. Donovan, a well-known hop man of
 this city, was hit in the face by a
 tramp Saturday night, and painfully
 injured.

The transient approached Mr. Don-
 avan and asked for a small sum of
 money. Mr. Donovan gave him 25
 cents which the tramp spent for
 whisky, and after the money was
 spent the hobo approached Mr. Don-
 avan a second time, and attempted
 another "touch." The hop man saw
 the tramp was drinking, and declined
 to give him any more money. Where-
 upon the stranger, who says his name
 is Frank Williams, struck Mr. Don-
 avan several blows with his fists and
 a rock. Mr. Donovan has several
 bruises on his face.

Abscess.

ABSCESES with few exceptions,
 are indicative of constipation or de-
 bility.

W. H. Harrison, Cleveland, Miss.,
 writes, Aug. 15, 1902: "I want to
 say a word of praise for Ballard's
 Snow Lintment. I stepped on a nail,
 which caused the cords in my leg to
 contract and an abscess to rise in
 my knee, and the doctor told me
 that I would have a stiff leg, so one
 day I went to J. F. Lord's drug store
 (who is now in Denver Colo.). He
 recommended a bottle of Snow Lin-
 timent; I got a 50c size, and it cured
 my leg. It is the best lintment in
 the world." Sold by D. J. Fry.

Rebuilding a Necessity.

San Francisco has been credited
 with exceptional courage in under-
 taking her own rehabilitation, doing
 business at the old stand and on her
 own capital. But while sentiment is
 involved—a passionate attachment
 to the city, its site, its climate, and
 its cosmopolitan spirit, business
 sense is behind sentiment, and neces-
 sity pushes business sense. One-
 third of the city's population must
 be housed.

They must have dwellings in
 which to live, stores in which to buy
 or in which to sell, warehouses for
 their commerce, shops for the artiz-
 ans. They are not destitute; they
 are not bankrupt, and they must
 have these conveniences, not as a
 matter of choice, or of courage, but
 of actual necessity. And they will
 have these things according to their
 means. The conveniences will be
 rude at first, but comforts and lux-
 uries will follow fast. Men must
 first be in position to earn money, to
 help their families, to gather up
 their trade connections, then later
 —comfort, elegance, big buildings
 and the attractive and accustomed
 settings of life. Homes, shops, stores,
 warehouses are a first necessity, for
 these are position, power, leverage,
 and this in time will lift into place
 the better structures which are to
 constitute the enduring city.—Progress.
