IN THE PATH OF THE TORNADO LOSSES WILL AMOUNT TO MANY MILLIONS

SHIPS IN STREETS OF PENSACOLA

Three Hundred Thousand Bales of Cotton Destroyed--Pine Forests Injured and All Crops Badly Damaged

Pensacola, Fla., Sept. 28.—The worst sea storm and hurricane that the Gulf coast has experienced since the village of Pensacola, on San Rosa Island, was swept away 170 years ago, began Wednesday night, and was still raging late Thursday afternoon. It is reported that many lives between the city and navy yard have been lost, but, as many rumors of this character have been current all day, the report does not obtain credence. It is known, however, that many of the houses in that section are under from five to ten feet of water and many persons have been taken from second-story windows and carried safely to boats. The estimated property damage is \$3,000,000. Every building in Pensacola has suffered damage and many roofs were blown off. Telephone and electric light wires are among the mass.

The water front is strewn with wreckage for miles on either side of the city, and vessels are piled on the wharves, or where the wharves once were, in utter ruin. Big iron steamers and many lighter sailing ships are lying high and dry up in the city, where the tide has never before been known to reach. Every wharf for miles around has been swept away or is damaged beyond repair. The electric power was shut off at 1 o'clock p. m. There is no street car traffic and communication with the outside world is practically cut off. The streets in Pensacola are strewn with timbers, tin roofing and broken glass. This dispatch, with other telegraphic matter is being carried to Flomton, Ala., by the Western Union manager, who makes the trip by train to ascertain the exact damage done elsewhere. It is feared great havoc

and loss of life will be shown when reports from the entire section along the coast can be gathered.

Atlanta, Ga., Sept. 28.—The loss caused by the storm in the Gulf states, according to reports, will total \$13,000,000. The greatest damage was done to the cotton crops. A million dollar damage was done to railroad property. Jackson, Miss., reports 300,000 bales of cotton destroyed, with a loss of \$12,000,000. Belated trains from the devastated district say crops throughout Mississippi suffered greatly. Vessels were warned of the storm, and remained in port, so it is believed the shipping losses are not great.

Washington, Sept. 28.—The weather bureau warned the Gulf district of the approaching storm two days ahead, and probably prevented great loss of life and property. The steamer on which Funston was going to Cuba was held until the storm passed, at Tampa.

Pensacola, Fla., Sept. 28.—Many sections of this city are overflowed. A number of fishing schooners, at the height of the storm, were seen to part their cables and scud away, apparently doomed to wreck. Their fate is unreported. All wires are down.

New Orleans, Sept. 28.—New Orleans is still cut off from the Gulf points east. For 36 hours no news has been received from towns over 25 miles away. Lake Ponchartrain is calm this morning, and its level is nearly normal.

Monticello, Miss., Sept. 28.—Reports are that the pine forests are greatly damaged, and shipping at Vicksburg suffered. Reports of loss of life confirm only one death. It is reported that the Hotel McComb, in this city, collapsed, killing several, but it is not confirmed. The tug Clark arrived from the lower river this morning, and reports sighting the wrecks of three luggers. The occupants were not seen, and the banks are strewn with the household goods of fishermen who escaped to the high ground.

A Very "Little Mac."
New York, Sept. 28.—Mayor McClelland this afternoon announced: "I'm a Democrat, and will vote the Democratic ticket while the party has a name, and against what Murphy represents. I will vote the Buffalo ticket, except for Hearst, and I will not vote for him."

Change of Agents.
Salt Lake, Sept. 28.—H. O. Wilson, district passenger agent for the Oregon Short Line, succeeds Charles Clifford, general agent of the freight department of the Union Pacific at San Francisco, October 1st. F. D. Wilson, traveling freight and passenger agent of the Union Pacific, at Kansas City, succeeds Wilson at Butte.

On the Way Home.
Victoria, B. C., Sept. 28.—Captain J. Wood, U. S. N., who took the floating dock Dewey from New York to Manila, reached here this morning en route home. Most of the crew of the Dewey arrived on the same ship.

Portland Grain Handlers.
Portland, Sept. 28.—The grain exporters are putting non-union men at work unloading. Only half a dozen had been secured by noon. The Montgomery dock was not molested by strikers.

Outlaws Sentenced to Die.
Manila, Sept. 28.—The trials of a number of outlaws, which began September 17th, were ended at Cavite this morning. Sakay, Montalon, Devema and Vilafuerte were convicted and sentenced to death. Natividad was sentenced to 30 years' imprisonment and four others to terms of 20 years each. The trials of all were replete with positive evidence of guilt.

Chicago Markets.
Chicago, Sept. 28.—Wheat 73 1/2 @ 73 1/2, corn 47 1/2 @ 46 1/2, oats 24 1/2

AFTER HARVARD AND YALE

Seattle Rowing Association Want Contest On Lake Washington

Seattle, Sept. 28.—At the meeting of the Pacific Coast Rowing Association last night it was decided to hold annual regattas for the next five years on Lake Washington. The association is comprised of the rowing clubs of Washington and British Columbia. Negotiations are now on to bring the Harvard and Yale eights here for the big meet during the Alaskan exposition.

CAUSES SCARE IN SWEDEN.

Salvation Army Will Carry 25,000 Emigrants to Canada.

Stockholm, Sept. 27.—News has been received here that the Salvation Army in Canada is planning a wholesale emigration from Sweden. It is reported that the organization has engaged a special fleet of 12 steamers to take 25,000 Swedes to the Dominion, the inducement being free passage.

The alleged scheme has caused a sensation here, and the newspapers are up in arms against it. They call attention to the danger of allowing such a strong organization to exist without being controlled by special international laws.

VANCE AND SIMMONS CLEARED

San Francisco, Sept. 28.—The grand jury in the case of Vance and Simmons, two young members of the citizens' patrol, who shot and killed Heber C. Tilden, a prominent citizen and member of the Red Cross relief, at the time of the fire, this afternoon returned a verdict of not guilty. Tilden failed to stop his automobile when told to halt.

Bryan Stands by Hearst.

Oklahoma City, Okla., Sept. 28.—In speaking of the nomination of William Randolph Hearst for governor by the Democrats of New York, W. J. Bryan said that, following the rule he has adopted in all state contests, he has shown no discrimination between candidates prior to the convention.

"I am much gratified at the nomination of Mr. Hearst," he said, "because I feel that he will make not only a strong race for the election, but also a good governor after the election."

Typhoon Ravages Islands.

Manila, Sept. 28.—A typhoon which began yesterday continues today. Communication north and south is cut off. Ample warning of the storm was given and no damage has been done in this city and harbor.

Hunters' Licenses.

The hunting season opens October 1st, and the county clerk is busy issuing hunters' licenses. Yesterday 70 were issued, and the total number up to this afternoon was 956.

Cubans Must Agree On Terms of Peace Or the United States Will Be Com- pelled to Intervene at Once

Havana, Sept. 28.—The moderates are in an ugly mood and threaten resistance. One general declares he will die fighting Americans, but will never surrender. General Betancourt, commanding 2000 government troops in Matanzas, is opposed to the Yankees, and it is reported his entire command will follow him. General Rabi, a veteran of 1898, resides at Matanzas. He is a graduate of the French military school, a famous strategist and could muster 4000 men. The moderates claim he will be with them in any action. The public mind is greatly inflamed, but a general revolt is highly improbable as the plain people are indifferent. America's strongest opponents think the sweetest revenge would be to embroil European powers by forays of small bands upon property of European citizens.

Washington, Sept. 28.—Desplanes, the Italian ambassador, and dean of the diplomatic corps, has resigned. It is rumored that he did not look Root.

Havana, Sept. 28.—It is reported the rebels fired on a movement of troops at the Toledo plantation, south of this city, and at the Mariano electric plant. Twenty-five hundred marines and blue jackets are ready to embark, and tents and supplies are in piles on the wharves ready for distribution.

Havana, Sept. 28.—In response to a message despairing of peace, the President cabled Taft today to make a supreme effort to settle affairs peaceably.

Millionaire Indicted.

St. Louis, Sept. 28.—R. M. Snyder, the millionaire promoter, who was twice indicted for bribery as a result of the Folk crusade, but the indictment against whom were dismissed because of the absence of F. G. Uthoff, an ex-councilman, was indicted again today, charged with the bribery of the municipal assembly in 1898. Uthoff has but recently returned from St. Louis.

After Mexican Rebels.

El Paso, Texas, Sept. 28.—A special from Eagle Pass states that General Aguitar, in command of the Mexican troops at Jimenez, phoned at noon today that he has the situation well in hand. A portion of his men are in hot pursuit of the band of revolutionists, who are endeavoring to escape into Texas. One hundred and twenty men arrived from Saltillo last night, and left for the scene of the trouble this morning. There are no additional casualties.

Ted Feels His Oats.

Boston, Sept. 28.—Teddy Roosevelt, Jr., and his companions in last night's fracas on Boston common were called on the carpet to explain to the faculty today. Roosevelt was released at the police station after declaring that he and three friends didn't beat the cop.

Mongolia in Port.

Honolulu, Sept. 28.—The Mongolia and transport Buford arrived here today.

Dr. J. F. COOK
GRADUATE CHICAGO MUSICAL COLLEGE, PUPIL OF RUDOLPH GANZ, TWO YEARS WITH WILLAMETTE UNIVERSITY. HAS OPENED MUSIC STUDIO, ROOMS 9 AND 10 IN I. O. O. F. TEMPLE. HOURS 9 TO 5. BUSINESS HOURS 1 TO 3.

Havana, Sept. 28.—Liberals, who are seeking peace, announce that it is impossible to secure a quorum in congress by 2:30. Taft gave them until 4:30.

Havana, Sept. 28.—Senator Dolz this afternoon said: "We probably will retire tonight Cubans and awake Americans." The opinion of many is that the government is opposed to peace, because the transferring of the government property would reveal endless speculation with government funds. Everything depends upon congress this evening. Dolz says the liberals will attend and agree to the election of a neutral man if Palma resigns. Threats of the moderates to start a revolution of their own if the Americans intervene he regards lightly. The rural guard officers in general favor the Americans, and the discontented could not take many followers from the ranks. Insurgent leaders in the field have expressed their willingness to co-operate with Taft if troops are landed.

Havana, Sept. 28.—It appears to be certain that there will be a quorum, and all efforts of the Americans are bent toward getting Palma to withdraw his resignation. Funston is aboard the Louisiana in conference with naval officers. The signal corps men are ready to send the order to land fighting men. All hands are fully equipped and ready to go ashore.

Municipal Leagues.

Chicago, Sept. 28.—Mayor Dunno was elected president of the League of Municipalities. Municipal ownership was discussed, some denouncing it as socialism, and others defending it. The league turned down resolutions, refusing to go on record either for or against municipal ownership.

Another Bank Quits.

Middleport, O., Sept. 28.—The Middleport State Bank, with deposits of \$150,000, closed its doors today.

Middleport, O., Sept. 28.—Vice-President Ametrout says he was just recently induced by President Fox to take stock in the bank, and he had put in \$6000, all he possessed. He declared there was less than \$3000 in the bank now, and its paper was worthless. Fifty thousand is all that is left to account for out of \$115,000. Fox was formerly a Presbyterian minister. It has been found that the Fox place, a magnificent home, and several automobiles are in the name of his wife.

An Early Fire.

Cleveland, O., Sept. 28.—The building of the Pittsburgh Plate Glass Company was damaged by fire this morning, the loss being half a million. The fire threatened the Press building, and forced the News to suspend publication of the earlier editions on account of the entire plant being flooded.
