Seen in the Stores.

The ugly arm garter made of elastic and a bow is being replaced by coquettish-looking little trifles of lace and ribbon for the same purpose. They are made of elastic entirely covered with lace and have a double frill of the lace on each side and two or three erasettes of baby ribbon. They come in all colors and either match the gown worn or contrast effectively.

White tailored collars with colored bows of velvet are much worn with the tailored waists.

Long scarfs are especially popular this season, and many new and lovely designs are shown in the stores. The Dresden flowered effects and the ones with delicate tracings in gold and silver are the most fashionable.

The new collar and cuffs sets are charming, and also somewhat expensive. They have tiny accordion-plated frills of silk gauze around the edge and are generally made of two different kinds of lace. Some of the sets, however, are made of lace and Persian embroidery.

Boas are in demand, both black and colors, although the pastel shades lead in popularity. Some very pretty boas are combinations of marabout and tulle and are very long.

Elbow-length gloves in silk have beautiful embroidery work on the arm part.

The latest in hat trimming are the tapestry effects, and some of the

Ralph D. Paine, the author of "The Story of Martin Coe," has had one of those remarkable careers which seem to be common in modern America. He came from Jacksonville, Fla., to Yale about 15 years ago. At New Haven he not only rowed three years on the crew, played on the football team, and edited The Literary Monthly, but he put himself through the largest part of his college course by writing for various metropolitan papers. It was natural, therefore, when he graduated, for him to drift into journalism. His career in newspaper work was mainly connected with The Philadelphia Press and The New York Herald, and has many exciting pages.

He flibustered along the coast of Cuba before the war; he was in Cuba during the war; he was in the field with the Pennsylvania National Guard during the coal strike trouble of '97; he followed the army from Cuba to China, and was ordered from Pekin to Henley, England, to report the annual regatta there.

These only suggest the adventures Mr. Paine experienced during his newspaper days. Three or four years ago he left newspaper work and began writing for the magazines. His success was almost instantaneous, first with thoroughly practical articles and later with fine short stories, truly American in character, which gained for him instant recognition as a story writer

choicest hats have trimming of what is called tapestry ribbon. This new ribbon is very pretty, and the soft blurred effects make it good for hat-trimming.

Purses are still large, and there are many good leather designs to choose from. Some very exquisite evening bags are made of soft kid in the lighter shades and lined with broadened silks in pretty contrasting colors.

Married at Baker City.

It was a very pretty wedding at the Catholic church this morning when Miss Margaret E. Hutchinson, of Union, became the bride of Mr. P. E. Laughlin, city agent of the O. R. & N. at Baker City. Only the immediate relatives and friends of the contracting parties were present at the ceremony, which was the beautiful ring service of the Catholic church, at which Rev. Father Cantwell officiated. The bride was attired in a pretty white organdie, wearing the veil and carrying bride's roses. Miss Louene Hutchinson, sister of the bride, was bridesmaid. Mr. Maurice Nizer, of Monroeville, Indiana, was the groom's best man.

The bride is the daughter of Mr. and Mrs. James H. Hutchinson, the well-known pioneer family of Union county, and she is one of the popular young ladies of Union.

The groom is well-known in Baker, Union, The Dalles and Portland, as he has been located in each of those places while in the employ of the O. R. & N.—Baker City Herald.

A Small Estate.

In the matter of the estate of Jacob Newbaker, deceased, the board of appraisers have filed a report showing the value of the real estate to be \$175 and that of the personal property at \$250. The appraisers were M. D. Ramsby, Conrad Lang and John Nicol.

Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "they keep my family in splendid health." Quick cure for Headache, Constipation and Biliousness. 25c. Guaranteed at J. C. Perry's drug store.

Georgia Minstrels.

Someway or other it always happens that the judicious advertising succeeds. Judicious means many things. Some people better never advertise. This can be said of many shows. Some attractions better never advertise. Managers who are not honest, whose advertisements mislead and whose shows disappoint, they had better let advertising alone.

The managers of Richards & Pringle's famous Georgia minstrels endeavor to advertise nothing but what they can show. They are in a class by themselves, being the only recognized minstrels that play the first-class theatres, and cannot afford to mislead their patrons.

Some show people are careless in their statements. They become so used to writing "biggest," "grandest," "greatest," "best," and "the world's largest," that they can only think in superlatives. They mean to be honest, probably are. They are merely careless, and failure is the price of carelessness.

Go to the Grand Opera house tonight and judge if the Georgias are over-advertised.

WOMEN'S WOES.

Salem Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Mary Bumgardner, of 424 Water street, Salem, Oregon, says: "I have found Doan's Kidney Pills a remedy that is worthy of all confidence and am pleased to endorse them so that other sufferers from kidney complaint may know how to get relief. I procured Doan's Kidney Pills at Dr. Stone's drug stores and several members of our family have used them with the most gratifying results. I took them myself for a tired aching back and a dragging down feeling that comes from irregular and deranged kidneys. The results were of the best. The aching and soreness was banished and the kidneys were rendered normal. My health became better in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Perfectly Easy.

"What is the peek-a-boo waist, anyhow?" asks the editor of the Portsmouth, Ohio, Star.

The peek-a-boo, you angelic innocent, is a garment a considerable portion of which isn't.—San Antonio Express.

That's easy enough to see through—Milwaukee Sentinel.

It is something that the women wear in the daytime to accustom themselves to full dress in the evening.—Portland Journal.

It is something, it is nothing.

It's a delusion and a snare, it's not made to cover something.

It is merely woman's wear.—West Side Enterprise.

It is a net with meshes the right size to catch suckers.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottle of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. Oh, it's grand for throat and lung troubles." Guaranteed by J. C. Perry, druggist. Price 50c and \$1.00. Trial bottle free.

Sid Is His Name.

"Sid" is the name of the new horse purchased yesterday for the fire department, to replace the faithful sorrel horse, "Jim," who has served on the fire department for many years.

The new animal has the appearance of a good horse. He is a dark brown color, 6 years old and weighs 1380 pounds, and will be put on the hose wagon. In a few months Driver Ed. Townsend will have him trained to perfection.

The new horse was purchased through W. L. Skipton for \$250. A deal was made by which \$125 was secured for the old horse.

Do Your Meals Fit?

Do You Feel Snug and Comfortable Around Your Waist Line After a Hearty Meal?

Did your last meal taste deliciously good to you, and did you eat all you wanted? Could you have pat-tered your rotundity in glee and felt proud of your appetite, and of your good strong stomach? Do you feel rosy now because your last meal gave you no inconvenience whatever? If not, you have dyspepsia in some form, and probably never realized it.

If you have the least trouble in your stomach after eating, no matter how little or how much you eat, there is trouble brewing, and you must correct it at once.

Most all stomach troubles come from poor, weak, scanty gastric juice that precious liquid that ought to turn your food into rich, red blood.

If you have nausea, your gastric juice is weak. If you have sour risings or belchings, your food is fermenting; your gastric juice is weak. If you have a bloaty feeling of aversion to food, your gastric juice is weak.

You need something in your stomach to supply the gastric juice which is scanty, and to give power to the weak gastric juice. Stuart's Dyspepsia Tablets do this very thing.

Now think—one grain of one of the ingredients of these wonderful little tablets digests 3000 grains of food. They are several times more powerful than the gastric juice in a good, strong, powerful stomach, you. Besides they increase the flow of gastric juice, just what you need to get all the good possible out of everything you eat. You will never have that "lump of lead" in your stomach or any other stomach trouble after taking Stuart's Dyspepsia Tablets. Then everything you eat will be digested, it will give you strength, vim, energy and a rosy disposition. You'll feel good all around your waist line after every meal, and it will make you feel good all over.

Stuart's Dyspepsia Tablets will make you feel happy after eating a good hearty meal. Take one or two after eating. You'll feel fine—then your meals will fit, no matter what or when you eat.

We want to send a sample package of Stuart's Dyspepsia Tablets free of charge, so you can test them yourself and be convinced. After you have tried the sample, you will be so satisfied that you will go to the nearest drug store and get a get a 50c box.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 52 Stuart Bldg., Marshall, Mich.

Woman's Watchword Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment repugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence; all letters of consultation being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It enables women suffering from "female weakness," prolapsus uteri, retroversion, anteversion, and other displacements of the organs distinctly feminine, to cure themselves right in the privacy of their homes. Pelvic catarrhal drains, painful or irregular periods, dragging-down headaches, weak nerves, dragging-down pain or distress in the lower abdominal, or pelvic region, gnawing sensation in stomach, dizziness, or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which most people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the one medicine for woman's delicate ailments which contains neither alcohol nor harmful, habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable native medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of practice.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," "run-down," debilitated teachers, milliners, dress-makers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequal-

ed and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and depression.

You can't afford to accept a secret nostrum as a substitute for this PROVEN REMEDY OF KNOWN COMPOSITION.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood-cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 603 Main St., Buffalo, N. Y., and if you write to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.
