

Your Hair Contrary?

Is it inclined to run away? Don't punish it with a cruel brush and comb! Feed it, nourish it, save it with Ayer's Hair Vigor, new improved formula. Then your hair will remain at home, on your head, just where it belongs. An elegant dressing. Does not stain or change the color of the hair.

MAIL BUT POTENT ENGINES OF WAR

Torpedo Launches That Will Be Very Formidable in Large Numbers

Norfolk, Va., Oct. 1.—The British and French navies are now experimenting with a new style of torpedo boat which promises to make torpedo warfare more menacing than ever before. This is nothing more than a torpedo launch, which may be carried in large numbers on the deck of a battleship, armored cruiser or transport and loosed when the enemy is within sight. The boats run in size from a small ship's launch up to a sixty foot motor boat. The maximum cruising radius is 300 miles.

It is probable that several specimens of this style of torpedo craft will be brought to the Jamestown exposition and placed on view alongside the large styles of war vessels. These little craft, which are nothing more than unusually high-powered motor boats equipped with a torpedo tube and able to live in a heavy sea, are the work of the Yarrow shipbuilding plant at Poplar, England. Their latest effort in this line is what they call a second-class torpedo boat. It is sixty feet, nine inches in length. On trial it made 26.15 knots per hour. This is a tremendous speed for so small a boat and speaks volumes for the skill of the builders. There are five sets of engines operating three shafts. These engines were built by Messrs. Napier from designs furnished by Mr. N. Napier. The propelling engines are located in a small cockpit in the center of the boat. The tank, carrying a ton of petrol, is located on the stern of the boat above the half deck so that in case of leakage the petroleum will drain into the water instead of into the boat. Above this is a torpedo tube which may be fired over either side or the stern.

The advocates of this boat claim that in as much as it can be built for one-fifth of the cost of a destroyer, is a good sea boat and has but little machinery to get out of order it offers many advantages that larger craft do not. The moral effect of a large number of these vessels would, it is believed, be far greater on a blockading squadron than a smaller number of the larger boats. The vessels weigh but eight tons with engines and full equipment. They can therefore be easily carried on the deck of a ship.

The French naval authorities are experimenting with similar styles of torpedo craft. While repairing his bicycle at Oregon City Saturday evening Leo Malarkey, son of D. G. Malarkey, ran the point of a pair of scissors in the pupil of his right eye. It is thought the sight will not be destroyed.

GENERAL WOOD IS IMMUNE.

But Captain Koehler Jolted One of His Pets.

Washington, Oct. 1.—The court-martial of Captain Koehler, by direction of President Roosevelt, for his stricture on Wood in his letter asking the secretary of war to set aside the findings of the court-martial and the reprimand administered to him by Wood, by direction of the court, was begun today. This letter passed through the hands of General Wood, and, after reading it, he demanded that Koehler be court-martialed for insubordination.

Under military law the first court-martial cannot be reopened, because the sentence has been executed. There can be no appeal unless the officer is placed in confinement.

Major-General Leonard Wood will not be called up to defend himself against the allegations of unfair and illegal acts and malice, made by Captain L. M. Koehler, who was court-martialed for preferring a charge of incompetency against Major Hugh M. Scott, one of Wood's favorites.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SOME REASONS.

Why Salem People Should Follow This Valuable Advice.

Because this proof is in Salem. You can easily investigate it. Not necessary to experiment. With some untried remedy.

Profit by the experience of a citizen. N. S. Williams, carpenter, of 239 Liberty street, Salem, Oregon, says: "A number of years ago the doctors told me my kidneys were in bad shape. I came west on account of the trouble, thinking the change of climate would help me, but nothing I did gave me relief in spite of the use of remedies and medical treatment. On procuring Doan's Kidney Pills I found them the best medicine I ever used. At the time I got them at Dr. Stone's drug store I was suffering from an intense burning sensation as if two live coals were placed directly over my kidneys, the secretions from the kidneys were the color of strong black coffee and of a bad odor. After using two boxes of Doan's Kidney Pills I did not have the least pain in my back or trouble with the kidneys. I give all the credit for this to your valuable remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's and take no other.

New Telephone Line.

The Corvallis Times says: "The construction of the long distance lines for the independent system from Portland southward through the Willamette valley is proceeding rapidly. Yesterday the end of the line had reached a point between Woodburn and Salem. As soon as Albany is reached Corvallis will have long distance connections with the metropolis, where the independent phones are now in use. In Albany the independent people have 278 phones and are rapidly extending the system."

Cures Chills and Fever.

G. W. Wirt, Nacogdoches, Texas, says: "His daughter has chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c.
