Washington, Oct. 2.—The President fired two S. marshals today, Fagin, of Ohio, and O'Neil, of Louisiana. A scramble is on for the position of minister to Panama. The government has heard nothing of the loss of life at Fort McRae, saying the official reports give the loss at \$30,000 worth of property. SNYDER'S BODY FOUND

Bullet Hole in Skull Shows Death Was Either Murder or Suicide

A dispatch from Hillsboro last night says: The mystery of the disappearance of Carey Snyder, crack shot, all-round sportsman, bon vivant and half-fellow-well-met, and who lived 12 miles north of this city on a little mountain ranch, has been cleared by the finding of his skeleton, ten miles east of this city this morning, by Harry Hanson, a young man who was out hunting. Young Hanson was after a grouse, and it flew into the brush on the farm of John Lehman, about a mile west of Cedar Mill.

Hanson followed the bird a few hundred feet into the jungle and came upon the remains of a dead man who has positively been identified as the missing Carey Snyder, who left a young wife in the hills north of Glencoe. Mrs. Snyder has for months strenuously denied any knowledge of her husband's whereabouts. After the finding of the body young Hanson notified the authorities and Acting Coroner H. T. Bagley went to the scene of the find. Snyder's remains lay near a big log. His gun lay on top of a log which laid above his foot, and through his skull was a bullet hole, the missile having entered below his right ear and plowed through his head, coming out above the left ear. Sheriff Connell was called and identified the clothing, and in the pockets of the dead man was found a letter from his father, R. M. Snyder, the Kansas City capitalist, telling of a remittance of \$41 and advising the son that he could have more when he wanted it. In the pockets were also found a revolver and some pawn tickets. The teeth of the skull, crowned with gold, gave another means of positive identification, had any been needed.

Snyder had the reputation of being a good shot, which he upheld in a number of shooting tournaments.

Newport, R. I., Oct. 2.—The noted Bunzle case comes up for trial today in the first district court for Newport county. This is the case in which Chief Yeoman Bunzle, stationed at the naval training station here brought suit against the Newport Amusement Company, because admission to a dance hall was refused him while he was in uniform. It is stated that Rear-Admiral Charles S. Thomas, commandant at the naval training station is paying half the expenses of Bunzle's suit, and it is understood that the navy department is behind the action. President Roosevelt has sent to Rear-Admiral Thomas \$100 as his contribution to the expenses of the action, which is taken in defense of the United States uniform.

There is little doing in the hop market, at least buyers are keeping quiet concerning any buys they might have made. Buyers, however, are scouring the hop belt looking for good buys. Growers, however, are not ready to part with their crops at that price.

Taft announces that there will be no changes in the executive department for two or three weeks. He promises no new heads of departments will be appointed before at least the last of October. Zayas says the disarming of insurgents will be completed within two days.

Do You Believe in Signs?
A mark, note, token or symptom, indicates that by which anything may be known, that is, we are forewarned if evil is to befall us, or we have the pleasure of anticipation if the signs betoken a fortunate occurrence. Accidental occurrences all have their signs, every disease has its symptoms. The point is to heed the former, and counteract the effect of the latter. Spells of sick headache follow indigestion and stomach disorders, belching, biliousness and dyspepsia are signs of sickness. People that believe in these signs and know that they are true from experience, can get immediate relief and a speedy cure by the use of Dr. Gunn's Improved Liver Pills. Sold by druggists for 25c per box. Only one for a dose.
