

EVERYBODY CAN HAVE GOOD HEALTH

But the first essential is good digestion. If the food is not properly digested, the body is not sufficiently nourished, the bowels are clogged and impure blood is sent coursing through the entire system. No wonder you're sick. Get a bottle of

HOSTETTER'S STOMACH BITTERS

at once and let it restore your digestive organs to their normal condition, and thus open the clogged bowels and make the blood pure. Then you'll enjoy good health.

at the meeting of the department of school superintendents, which is being held at the state house today.

Col. L. K. Page and wife left this morning for several days' visit at Glendale.

Thomas Paulson, of Portland, returned home this morning, after several days' visit in this city. Mr. Paulson was one of the employees in the state printing office in 1868-69. In those days the state printing was not so voluminous as now, and two men could handle the work very easily in about six months. There were no big, lengthy reports in those days to be presented to the legislature. Mr. Paulson notices many changes in the Capital City since the early days.

A Reasonable Plea For the Stomach

If Your Stomach Is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work—Especially When It Costs You Nothing to Try?

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion, and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad, and are found to contain nothing but natural digestives.

Chemical Laboratory, Telegraphic address, "Diffindo," London. Telephone No. 11,029 Central, 20 Cullum St., Fenchurch St., E. C.

London, Aug. 1905.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., Temple Chambers, London, C. E., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adapted for the purpose for which they are intended. (Signed)

JOHN R. BROOKE, F. I. C., F. C. S.

There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendation of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, dysentery and kindred disease originating from improper dissolution and assimilation of foods because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy, one grain of these tablets being strong enough (by test) to digest 3000 grains of steak, eggs and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

Ask your druggist for a fifty-cent package or send direct to us for a free trial sample package and you will be surprised at the result. F. A. Stuart Co., 64 Stuart bldg., Marshall, Mich.

Will Play Whitman.

The first real football scrimmage of the season will take place October 24th, when Whitman will meet Willamette on the gridiron here. Whitman has the strongest team ever sent out of Walla Walla, and her gridiron warriors are coming on a tour of the valley, to try conclusions with the representatives of the University of Oregon, Corvallis and Willamette. At all events it will be a good game that will be played here.
