HEINZE AFTER CLARK

He Announces That Montana Politics Will Be More Rot-ten Than Usual

Butte, Mont., Oct. 11.—Millionaire Heinze, who returned from New York last night, gave an interview today which is expected to have a powerful bearing on the politics of the state, and result in the retirement from the political arena of Senator Clark. Heinze announces he is for supporting Roosevelt, and sending a Republican senator and congressman to Washington to stand by the President in his anti-trust policy. As Heinze's party in Montana is anti-trust and independent, and has repeatedly determined the result of the state elections, his announcement it is believed will determine the political complexion of Montana's campaign, and mean the election of a Republican congressman and a Republican senator as successor to Clark, whose term expires next year.

Affairs in Russia.

Lodz, Russia, Oct. 11.—A number of terrorists were executed this morning after a drumhead court-martial. No papers were published today. Troops patrol the main streets. A general strike is in full swing, and there are a great many arrests.

A POOR OPINION OF ROCKY

Negro Says He Would Rather Hang Than Be Standard Oil Magnate

Chicago, Oct. 11.—I'd rather hang tomorrow than be John D. Rockefeller, said Daniel Frances, a negro, today, as the death watch was placed over him preparatory to his execution tomorrow for the killing of his wife and Dora Scroggs. He accused the Scroggs woman of persuading his wife to remain away from him, which caused the double murder.

DAMAGED TOBACCO CROP

Cincinnati, Oct. 11.—It is estimated that \$4,000,000 damage was done this morning to burley tobacco in the 34 counties of Ohio, Kentucky and Indiana.

WARMER THAN DADDY

Vice-Pres. Fairbank's Son Skips Out With the Girl He Loves

Pittsburg, Pa., Oct. 11.—A telegram this morning to Mrs. James Scott, of this city, from Stubenville, O., read: "Frederick and I were married here yesterday." Signed "Nelle." It revealed the elopement of Frederick Cole Fairbanks, son of the vice-president, and Miss Nelle Scott, daughter of Mrs. James Scott. Miss Scott is one of the most prominent and accomplished young women of the East End, a suburb of Pittsburg. Objections by the vice-president and Mrs. Fairbanks is said to be the reason for the elopement.

Chicago, Oct. 11.—Warren C. Fairbanks, son of the vice-president, when informed by the Scripps' News of his brother's elopement, was surprised. He said he never heard of Miss Scott, and did not know of his brother's contemplated marriage. The bridegroom is aged 26.

Some Idaho Accidents.

Boise, Idaho, Oct. 11.—A chapter of four rather peculiar accidents were reported here yesterday. Last night Fredrick Thompson, son of W. H. Thompson, a contractor on the reclamation project, was riding a horse which fell dead. The animal fell over on Thompson, the pommel of the saddle catching the young man in the stomach. It is thought he will die. W. E. Pierce, a real estate man, was driving, leading a horse behind the buggy. The led animal became frightened at a street car, and jumped into the buggy. Mr. Pierce was badly hurt in the back, but his injuries are not dangerous. Mrs. J. W. Parker, of Meridin, with a party of ten women and children were driving into town yesterday afternoon. The mules attached to the wagon frightened at a band of sheep, wheeled, turning the wagon over. Mrs. Parker sustained a broken leg. On Succor creek a man named Richards threw a lariat on a calf. The rope got a half-hitch on his thumb and pulled it off.

North Carolina Lumbermen's Convention.

Charleston, S. C., Oct. 11.—The North Carolina Pine association, composed of lumber and the allied trades and representing the bulk of the lumber output in Virginia and the Carolinas held its annual meeting in the assembly rooms of the Commercial club here today. There was a very large attendance. Addresses were delivered by former Governor Aycock, of Carolina; Governor Heywood, of South Carolina; Senator John H. Tillman, Hoke Smith and John Temple Greene. During the proceedings it transpired that firms connected with the association cut no less than 3,000,000,000 feet of timber during the past year.

The Joke on Smith.

Hinton, W. Va., Oct. 11.—As a result of a joke on his wife, Charles Smith, mayor of a little town called Brooklyn, near here, is believed to be dying, and Mrs. Smith is also probably fatally wounded. Smith had Albert Medley dress as a woman and call him out to the gate. Mrs. Smith, angered by jealousy, shot her husband through the stomach and lung, and then shot herself.

Consumption Fastens On a Bank Clerk No Good for Anything Else

Detroit, Mich., Oct. 11.—Montague C. Rolls, a bank clerk, whose wife is the daughter of President McGregor, of the Home Savings Bank, of this city, discovered that he had tuberculosis and agreed to separate from his wife, she to have the 3-year-old son. The woman recently inherited a fortune. She paid Rolls \$10,000 to permit her to retain the child. Rolls had taken the child, and told his mother she must pay \$20,000, but compromised on \$10,000.

It Cannot Be Done.

Washington, Oct. 11.—Representative negroes of the South, on behalf of their race, have complained to the interstate commerce commission of the use by railroads of the

South of "Jim Crow" Cars for Interstate Passengers.

and have requested the commission to investigate the subject, and on the development of the facts to issue an order compelling the railroads not to discriminate against negroes on account of their color. The petition is signed by Thomas Oliver and W. P. Johnson, of Mississippi, and about a dozen other negroes. It says in part: "Under present conditions colored interstate passengers are denied equal privileges with white persons. Colored interstate passengers are compelled by the railways of the South to ride in what are commonly known as 'jim crow' cars, which are usually filthy and uncomfortable, and are denied the right to eat in railway dining cars and occupy berths in sleeping cars because of their color; all of which is a violation of the Hepburn railroad rate regulation law passed at the recent session of congress."

GALE FANS BLAZE

Pretty Little City Becomes a Roaring Furnace of Flames

Halifax, Nova Scotia, Oct. 11.—Summerside, the capital of Prince Edward Island, is in flames this morning, and appears to be doomed. It has a population of 5000. The fire started at the railway depot on the water front, fanned by a gale, and in an hour and a half the town was a roaring furnace. All the surrounding town are rushing to her aid. Loss of life is feared.

Hood River Labor Famine.

Hood River, Or., Oct. 11.—Labor is at such a premium at Hood River that prominent fruit growers concerneed men are sending emissaries around offering employes of ranchers on others higher wages, in order to get them to desert their employers. Although 150 Japanese have been shipped into Hood River recently to pick apples and work in the sawmills, there is such a dearth of men that the apple crop is menaced, and if labor of some kind is not soon found it may mean a serious loss to apple growers. White labor is preferred to Japanese, but it is impossible to get it at present at any price, and for this reason a good many brown men have been put to picking apples. As the lumber mills are in as great need of men as the fruit growers, the Elppa Orchard Company, which owns a mill in the upper Mount Hood district, is said to be sending men about taking their apple-pickers away from them. One apple-grower says that while he was away from home they went to his orchard and prevailed on his men to strike, and that other Japanese in the neighborhood, hearing they could get more money from the orchard company's mill, also quit. There is considerable feeling over the matter, and growers are denouncing the methods of the Elppa people. The orchard company says that it is a case of supply and demand, and if they are willing to pay more money than the ranchers, they are entitled to the men.

BETTING FAVORS THE CUBS

Three to One Odds Offered That They Will Win the Series

Chicago, Oct. 11.—The skies are bright today. The weather is cold, but warmer than yesterday, and it was almost comfortable by the time the game was called.

Before the game odds of 3 to 2 were offered that the Cubs would win the series, and 5 to 3 that the Cubs would win today. Takers were many, but cautious.

Batteries—Sox, Walsh and Sullivan; Cubs, Pfeister and Kling. Same lineup as yesterday, except the batteries.

- First inning—Sox 0, Cubs 0.
- Second—Sox 0, Cubs 0.
- Third—Sox 0, Cubs 0.
- Fourth—Sox 0, Cubs 0.
- Fifth—Sox 0, Cubs 0.
- Sixth—Sox 3, Cubs 0.
- Seventh—Sox 0, Cubs 0.
- Eighth—Sox 0, Cubs 0.
- Ninth—Sox 0, Cubs 0.
- Final—Sox 3, Cubs 0.

Cruiser California Tried Today.

Santa Barbara, Oct. 11.—Today the cruiser California will probably be sent on her four-hour endurance run, which is really the principal test of the trial series. The standardizing trials Tuesday demonstrated that the California is the speediest ship of her class, and it now remains to be seen whether she can maintain the required speed for four consecutive hours. The vessel reeled off the knots so easily during the runs over the measured mile course, however, that neither her builders nor the navy men have any doubts of her ability to meet the final endurance test. The standardization trials determined the number of revolutions of her engines necessary to send her along at the rate of 22 knots, eliminating the tide and currents. The California will not have actually to maintain a speed of 22 knots during the four-hour test, but her engines must turn over at the required number of revolutions. This method eliminates wind and tide allowances, which are very difficult to compute on the long course. For the five high-speed runs yesterday the new cruiser averaged a half a knot more than the required speed, the fastest run being at the rate of nearly 23 knots an hour.

Hurt During Fire at Echo.

Echo, Or., Oct. 11.—Last night at 11 o'clock the Brundage barber shop and residence were destroyed by fire. The total loss is \$3000. Charles Heffener was struck by a flying water tank and both feet crushed, and he is probably fatally injured, though standing fully 150 feet away. He had recently returned from Alaska. The explosion is supposed to have been caused by a gasoline tank.

Killed by an Explosion.

New York, Oct. 11.—Three men, two of them construction foremen, were killed in the Pennsylvania tunnel by an explosion this morning, and a dozen were badly injured. The woodwork caught fire immediately, making the escape of the three men impossible.
