

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Mrs. J. W. Lang and Mrs. S. Frake

Of all the diseases known, with which women are afflicted, chronic kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Lydia E. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing-down pains, scalding or burning sensations or deposits in the urine, unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back, running through the groin, she may infer that her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes:

Dear Mrs. Pinkham:—

I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's Ills.

Lydia E. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the female organs. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared.

I cannot praise your medicine enough, and would advise all women suffering with kidney trouble to try it.

Mrs. J. W. Lang, of 626 Third Avenue, New York, writes:

Dear Mrs. Pinkham:—

I have been a great sufferer with kidney trouble. My back ached all the time and I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it; and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly.

Mrs. Pinkham's Standing Invitation.

Women suffering from kidney trouble, or any form of female weakness, are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant before her decease, and for twenty-five years since her advice has been freely given to sick women. Out of the great volume of experience which she has drawn from, it is more than likely she has the very knowledge that will help your case. Her advice is free and always helpful.

SOCIAL EVENTS

Printers Entertain.

The DeVine Association of Salem, which is composed of the employing printers, held its annual banquet last Saturday evening at the Angelus restaurant, and entertained a few invited guests from Portland. Ross E. Moores is president of the association, and George F. Rodgers acted as master of ceremonies for the occasion.

After partaking of an exquisite menu, prepared by Mr. Smith for the occasion, some informal practical talks were called forth, as well as an enjoyable discussion. Among those who spoke were Senators Beach and Hodson, of Portland, State Printer-elect Dunlavy, A. F. Hofer, John R. James, J. R. Rodgers, of Portland; also O. R. Ball, of the American Type Foundry Company.

It was one of those cordial fraternal meetings which help build up a trade or profession, and all present had a most enjoyable experience. Those attending from Salem were:

- Geo. F. Rodgers.
 - R. J. Hendricks.
 - Frank Jaskoski.
 - Henry Pape.
 - E. P. Conger.
 - N. D. Elliott.
 - Ross Moores, President.
 - O. H. Griswold.
 - A. F. Hofer.
 - Frank Davey.
- The representatives from the Franklin Association at Portland were as follows:
- W. S. Dunlavy.
 - Senator S. C. Beach.
 - Senator C. W. Hodson.
 - John R. James.
 - J. R. Rodgers.
 - O. R. Ball, National Type Foundry

Will Study in New York.

Mr. and Mrs. A. B. Croasman and Miss Lillian Croasman, of Portland, leave for New York Tuesday. Mr. Croasman will be absent a month, while Mrs. Croasman will remain for some time with her daughter, who is to study vocal music. Miss Croasman, a pupil of Mrs. Walter Reed, has a most pleasing voice, and considerable histrionic ability, having appeared on the stage on several occasions.

Engagement Announced.

The engagement of Miss Lena Miller, of Albany, to Frank Templeton, well known in U. of O. athletic circles, was announced at a luncheon for Miss Miller, recently given by Mrs. Jos. Ralston, of Albany.

Miss Miller is the daughter of State Senator Frank J. Miller, of Albany, a graduate of the 1905 class of the Albany college, and one of Albany's most popular young women. Mr. Templeton is the last of the famous football family of Templeton's, and is regarded as the most defensive halfback in the state. He has been chosen on All-Oregon and All-Northwest teams a number of times, and is a popular man.

For a Grand Reception.

The ladies of the First Presbyterian church are planning for a grand reception to be given Rev. and Mrs. H. T. Babcock next Friday evening. The affair will be given in the church parlors, and all members and friends of the pastor and his wife are invited to be present.

Circuit Court Proceedings.

In the case of the state of Oregon against James G. Seely, Warren Eastman, Fred Bustrin and William Murphy, charged with riot, Judge Burnett Saturday overruled the defendant's demurrer to the indictment. The defendant plead not guilty and each defendant demands a separate trial. The demurrer was to the effect that the circuit court had no jurisdiction in the case as St. Paul was an incorporated town.

Other docket entries were:

C. L. Schlickheiser against Fred Dose; appeal from Hubbard justice court; defendant's motion for new trial overruled; judgment for plaintiff on verdict.

Eugene Allen against Chas. K. Spaulding Logging Co., plaintiff's motion to strike out parts of answer overruled.

State of Oregon against Ed. Kinney; selling liquor without a license; continued until next regular term of court.

O. G. Savage against C. C. Nott; ejectment; settled.

Lucy Anderson against Earl Apperlie; defendant's motion to set aside order discharging jury and continuing cause to next term of court overruled.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrubark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Dr. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Philadelphia; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung diseases, but also of chronic catarrhs in all its various forms wherever located.
