SOCIAL EVENTS

Lodge Entertainment.
Central lodge, No. 18, Knights of Pythias, will give an entertainment Thursday evening, Oct. 25, in the Holman hall, and the program arranged for the occasion will be very interesting. The grand chief of the Rathbone Sisters will be present.

Give an "At Home."
Invitations are out for the annual party to be given at Cauthorn Hall, the boys' dormitory at O. A. C., on the evening of November 2d. These affairs are an "at home," given their friends by the hall boys, and are always attended by several hundred people. A fine program and banquets are the usual features. Several Salem people have received invitations.

MARION LEGISLATORS ORGANIZE

Favor Haines for President of Senate and Davey for Senator

The Marion county delegation, in both the senate and the lower houses of the next legislature, have practically decided upon the course they will pursue in organizing that body next January.

The senators have held no formal meeting, and perhaps will not, but both Senator Kay and Senator Smith have decided to support Senator E. W. Haines, of Washington county, as long as he is a candidate. Senator Miller, the joint senator from Marion and Linn counties, is also said to favor Senator Haines, though he is understood to be no very ardent supporter, and at any time in the fight may break and go to some one else. Senator Kay is the warmest supporter that Haines has in Marion county, while at the same time Senator Kay is widely spoken of himself. It has been said that Mr. Kay is not a candidate, and he has studiously avoided saying anything for publication on the subject. It is said that, in the event that it is certain that Senator Haines no longer has a show to win, that Mr. Kay will not hesitate to allow his numerous friends to push his candidacy.

The Marion county delegation in the lower house held a meeting in this city yesterday afternoon, and all the representatives except J. D. Simmons were present. A motion was made that the delegation give its support to Frank Davey for speaker of the house, and all members present voted for the motion. It is understood that Mr. Simmons would have voted the same way had he been present, and that he has stated that he will give Mr. Davey his support.

It is not known at this time what the delegations in other counties have done in the way of organized efforts for their favorite sons. B. F. Jones, of Polk county, is a candidate for speaker, and the names of half a dozen men from different parts of the state have been mentioned.

Its All in the Brand.
"Talk about advertising, you should see the way Hood River is advertising her apples in Portland," said C. L. Phillips, who spent yesterday at the metropolis. In many of the show windows of the largest stores are boxes of apples, labeled "Hood River Apples," with fancy prices attached. "That's the way to let people know about a place, said Mr. Phillips, "and The Dalles must learn the lesson.—The Dalles Chronicle.

The Dalles should take the hunch and use the Hood River brand—lots of other places do—and the joke of it is that the public does not discover any difference in the fruit.

Smiles

The new Salem city directory being published by a Portland firm will give the true population of Salem. They always have represented Salem to the world in its true colors. When will Salem people get wise and take their own census and publish their own directories? The new Salem directory will do well if shows half the population.

With the farmers forming a corner on wheat at Topeka, Kansas, and Lipton, of London, forming a five hundred million packing house trust, it looks as if the whole world were getting into a trust; and the people were all being schooled for the final grand trust of universal Socialism.

Jones, of the Polk-Lincoln district, who wants to be speaker should understand that it would be all right to take a million out of the state treasury to improve the Columbia that belongs as much to Washington and Idaho as it does to Oregon, but all wrong to take a million to improve rivers wholly belonging to Oregon.

MRS. ROBERT WHITELEY.

Mr. Robert Whiteley, of Pittsburg, Pa., writes: "My wife was subject to chronic stomach trouble and terrible nervousness; she was thin, and had a worn out look. Doctors, after great expense, all failed to help her. At last she tried Vinol, and soon the change in her condition seemed almost miraculous. She continued its use, and today she is in perfect health and has gained 36 pounds—her friends hardly know her so great is the change. To Vinol we give all the praise, and everywhere I recommend your Vinol, as I have more faith in it than I have in doctors or any other medicine."

A member of the G. W. Putnam Co., says: "Vinol is successful in cases like this because it contains in a concentrated form all of the curative properties contained in cod liver oil, the useless oil eliminated, and tonic iron added, and it is the greatest strength creator known to medicine. Vinol tones up the tired, weakened nerves of the stomach; it purifies and enriches the blood and strengthens every organ in the body. Try Vinol on our guarantee." G. W. Putnam Co., druggists.

Note—While we are sole agents for Vinol in Salem, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

New Railroad in Mexico.

Vice Consul J. H. Brickwood, of Nogales, reports a new and seemingly important railroad project in his district, of which he says:
Additional evidence of American enterprise in Mexico is furnished by a projected railway in this (Sonora) district. It will be the means of opening up a most valuable mining territory hitherto kept from advancing because of its comparative inaccessibility except by burro and wagon trains. As originally intended, the new road was to be built from Port Lobos, on the Sonora side of the Gulf of California, to Caborca, a distance of about 50 miles, concessions for which had been obtained. After surveys had been made the field looked so promising that it was determined, if possible, to extend the line 150 miles farther, to Tucson, A. T., crossing the boundary line at a point near the junction of the Altar and Magdalena districts. A concession has recently been granted by the Mexican government for the strip from Caborca to the boundary line.
The route from the gulf port to Caborca has been completely surveyed, and the work of building for that portion will begin in November. Surveys of the route between Caborca, Sonora and Tucson, A. T., will be taken up by railway engineers next month, or just as soon as the rainy season is ended, and will be vigorously pushed to a conclusion. As soon as practicable construction work will begin, and every effort made to have the new line between the gulf and Tucson, A. T., completed at an early date. As Port Lobos is about 300 miles above Guaymas, on the gulf, the new line will save about 250 miles.
This new road will impart new life and vigor into mining enterprises which have languished because of high rates of wagon freights and the great time consumed in shipping ores and obtaining supplies—a week now being taken where only a few hours' time will be required for similar service when the new road and its branches are completed. As a matter of economy, one feature alone is of valuable consideration. At present the coke consumed in the big smelter at Clara, now furnished from the United States, costs \$14 per ton laid down in Santa Ana, a station on the Sonora railway, from which point it must be hauled 75 miles by wagon to Calera. Coke from Spain can be laid down at Port Lobos for \$8.50 per ton. From this point to the smelter the distance by the new rail route will be less than 50 miles.
