TAKE OUT THE MAPLES.

The old half-dead maples around Marion Square and Wilson avenue should be removed.

They destroy THE HARMONY AND NATURAL EFFECT of the firs. They litter the street with dead leaves that make Salem resemble the sylvan shades of Valubrosa.

We don't know where that is but we know ITS SOME DEAD OUT-OF-THE-WAY PLACE in the back yard of Dante's Inferno.

Dead and half-dead oaks and maples mingled with firs are not ornamental. The park board could well afford to pay some attention to this means of beautifying our city by preserving beautiful trees and removing the unsightly.

A FINE STREET.

South Commercial street has been constructed of the best material, and is one of the finest boulevards in the state.

The grades give it a natural drainage, and the street is WIDE AND SAFE AND BEAUTIFUL TO LOOK AT, and will be a credit to the city.

The contractors say they have lost several thousand dollars on the job, and have put on material that was not called for in the plans.

Be that as it may, it is a fact that they put on several hundred yards of rock screenings that were NOT IN THE SPECIFICATIONS.

The rolling of the street has not been completed, but, on an agreement with the committee on streets, will be done in good season.

The contractors are to put in ten days rolling, or as much more as to leave the street with a good finished surface.

The specifications SHOULD HAVE HAD A FINE COATING of crushed material or of fine sand or gravel as a binder.

But that they did not require that is not the fault of the contractor, who has acted in good faith all the way through. The delay excepted.

But the delay was unavoidable in part. The county and the street railroads and the city demanded crushed rock for other purposes.

Running the rock crusher day and night COULD NOT SUPPLY THE DEMAND for the construction of a mile of government road.

All this is well understood by

Rheumatism

Is one of the constitutional diseases. It manifests itself in local aches and pains,—inflamed joints and stiff muscles,—but it cannot be cured by local applications. It requires constitutional treatment acting through the blood, and the best is a course of the great medicine Hood's Sarsaparilla which has permanently cured thousands of cases.

For testimonials of remarkable cures send for Book on Rheumatism, No. 7. C. L. Hood Co., Lowell, Mass.

Why You Should Save

FIRST—Because it will soon give you the possession of a very snug sum of money and a disposition and character that means success. It produces thrift, freedom from worry, and a feeling of independence.

SECOND—Because there are "rainy days" ahead when on account of disease, accident or old age your income will be cut off or reduced. If you have saved nothing, who is going to take care of you and yours? Open a savings account with us and begin to save now.

those citizens who want to understand the facts, and are not thinking more of political capital than of good streets.

SALEM CANNERY A SUCCESS.

The indications are that the new Mutual Cannery Association at Salem will have a very successful season and will pay handsome dividends.

An honest management and fair treatment of the producers and stockholders has brought this about and WILL ALWAYS RESULT IN SATISFACTION.

The Capital Journal has contended for honesty in corporation management, for just distribution of profits among the share-holders.

Small stock companies, whether it be for banking or manufacturing, can only be carried on with scrupulous integrity, and an absolute showing of the disposition of funds and profits.

The old game of organizing a stock company and then proceeding TO FREEZE OUT THE LITTLE STOCK HOLDERS ought to be classified with piracy, stage robbery and gold-bricking the weak-minded.

There is an abundance of capital in the country if the holders of small amounts can be assured of a square deal to make all industries go.

By so conducting the Salem cannery on conservative lines and dealing fairly and squarely with the stockholders, IT HAS BEEN MADE A SUCCESS.

It has put up an immense pack, employed hundreds of people, bought thousands of dollars worth of products that would have gone to waste.

The Capital Journal has assisted in the organization and management of four private corporations, and all have made money by being conducted on the square.

There is no more justification FOR ROBBING DEPOSITORS OR INVESTORS in such private stock companies with the present law and business intelligence than there is for any other crime in the code.

THE HOLY CITY.

Gorgeous Production of Grand Spectacular Drama at Grand Opera House.

The audience that went to the Grand Opera House last night to witness Gordon and Bennett's production of the "Holy City" was held almost spell bound for nearly three hours. The play was thrilling, and the only interruption was repeated applause.

The crowd was not large. This may be explained as being a result of the management deciding to charge only six-bits admittance to the show. Less meritorious affairs have drawn big houses in Salem at a dollar and a half. The retail clerks and domestic help, who set the pace for music and drama in Oregon's capital city, have a habit of sizing up the standard of an attraction by the price of a ticket.

The "Holy City" is a big and grand drama, it could scarcely be otherwise with such a theme; the scenic splendor with which it was produced was surprisingly beautiful; Luella Morley, as "Salome," was simply bewitching in her sensuous, voluptuous Oriental beauty, and the histrionic ability of all the actors was good enough to make the play interesting.

The sacred name of the play drew a clientele that was somewhat new to the Grand Opera house. Faces were seen at the show last night that usu-

ally are to be found at class meetings and Sunday school. Their interest in Bible history, no doubt, was responsible for their presence. Some of them looked strangely uneasy when Luella Morley came out in scant attire, but they grew interested at the tropical love scene between Salome and Marias, and this interest increased as the temperature of the courtship rose.

As a religious help, the "Holy City" will hardly be recommended by the clergy, but as a highly interesting dramatic production it will continue to draw big crowds.

BUSINESS, NOT PLUNDER.

As a candidate Mr. Stolz suggests that the city council shall be so organized that business progress be the vital point aimed at, rather than petty trifle in places.

An organization of the city council TO MAKE MANY PLACES on the fire department and police department and street department AS POSSIBLE for new aspirants who have been promised places, is degrading and venal.

All competent employes, regardless of faction, should be continued in the police and fire department in as small a city as this, because competent men for that service are not over plenty.

Politicians who cannot "do politics," or who are afraid to "play the game," as they call it, without PROSTITUTING THE PUBLIC SERVICE to the principle of petty plundering should be retired.

The clean sweep indulged at the last organization of the city council, against the protest of nearly every business man in town, was a disgrace to the intelligence of this city, and was justified only on the basis of "Abe Ruef" politics.

That gentleman proposes not to account for his grafting methods, but to make every one of his 5000 place holders root up five voters at the next city primaries, and SWAMP THE DECENT PEOPLE OF FRISCO.

That is just what the boodle, plunder program leads to, and Mr. Stolz will find this community not lacking in civic pride and public spirit to sustain progress when divorced from trafficking in places.

To Build Across Mexico.

New York, Oct. 31.—The Rock Island and San Francisco have definitely decided to build across Mexico to Mazatlan from some point in Texas. James Campbell, of St. Louis, Mo., and a number of other leading stockholders have just returned from a visit to the district and, acting on their report, work will be immediately commenced. E. H. Harriman is now building the Southern Pacific down the Mexican coast to Mazatlan.

Good Cause.

Stern Parent—From my observation of him last night I came to the conclusion that that young man of yours was rather wild.

Daughter—Of course. It was you that made him wild. He wanted you to go up stairs and leave us alone—illustrated bits.

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of J. C. Watson

WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

THE FRANK A. MUNSEY COMPANY, New York.

National Nut Growers' Convention.

Scranton, Pa., Oct. 31.—The fifth annual convention of the National Nut Growers' association commenced here today when there was a large attendance of persons interested in the industry, from all parts of the country. Mr. E. W. Kirkpatrick, the president of the association, in welcoming the delegates said that Jackson county, Miss., of which Scranton is the county seat, enjoys the distinction of being the place of origin of many of the finest and largest pecans known, while her area of orchards of bearing budded and grafted trees surpasses at present all other sections of the country producing pecan. There were important discussions on matters connected with the industry and visits were made by the delegates to the orchards in the neighborhood where the bearing crops are ready for harvest.

CURED TO STAY CURED.

How a Salem Citizen Found Complete Freedom from Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys. Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Salem people testify. Here's one case of it:

G. S. Cooper, farmer, living three miles northeast of Salem, Or., on R. F. D. No. 7, says: "I just as emphatically recommend Doan's Kidney Pills today as I did three years ago. At that time I procured the remedy at Dr. Stone's drug store and used it with the result that the backache as banished and the other annoyances caused by a derangement of the kidney disappeared. The trouble started from too heavy lifting resulting in my back being strained, and ever after that there was a dull aching over my kidneys and through the loins. I got prompt relief from Doan's Kidney Pills. I also know of some of my neighbors who have used your remedy and found it most reliable."

For sale by all dealers. Price 50c. Fuster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.
