weigh yourself. Take Vinol a day. Weigh yourself again. The flesh, strength and appetite will be better arguments for Vinol than all we can say.

This is because Vinol contains in concentrated form all the medicinal elements of cod liver oil taken from fresh cods' livers, but it is a body builder and strength-giver, not cod liver oil or emulsion because the useless, indigestible and nauseating oil has been eliminated and tonic iron added.

Vinol creates an appetite, strengthens every organ in the body, tones the digestive organs, makes rich blood and firm healthy flesh.

Be sure we are of what Vinol will do for you. We refund money to those who buy Vinol and are not benefited. Putnam Co., druggists.

Putnam Co.—While we are sole agents for Vinol in Salem, it is now for sale at the leading drug store in nearly every town and city in the country. Ask for the Vinol agency in your town.

FEARFUL PAINS

SUGGESTIONS HOW WOMEN MAY FIND RELIEF.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. This is a severe strain on a woman's vitality. When pain exists something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

Thousands of women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes woman's special pains and irregularities.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes, of 540 N. Division Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headaches, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the east advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound.

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound. Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Resolution.

Notice is hereby given that at the meeting of the Council of the City of Salem, held Monday, November 5, 1906, the following resolution was adopted:

Resolved, That the Council of the City of Salem, Oregon, deems it expedient and proposes to improve State street from the east line of Commercial street to the west line of Church street in the following manner, to-wit:

First—By taking up the artificial stone cross walks.

Second—By grading the roadway from the east line of Commercial street to the west line of High street a width of thirty and one-half feet on each side of the center line of the street, and from the east line of High street to the west line of Church street the space between the curbs as they are now in place, and the full intersection of Liberty street and High street to the proper sub-grade.

Third—By paving the roadway and full intersections, save and except the space between the rails and one foot outside of the rails of the street railway tracks with Warren's Bitulithic Water Proof Pavement.

Fourth—By paving the space between the rails of the railway tracks and one foot outside of the track, belonging to the Portland General Electric R. R. Co., and Oregon Electric R. R. Co., with stones and blocks set on concrete and grouted with cement mortar and by replacing the rails now in use with grooved rails not less than seven inches in depth and weighing not less than seventy-five (75) pounds per yard. The concrete under the rails and stone blocks to be not less than six inches in depth.

Fifth—By constructing artificial stone curbs on each side of the street from the east line of Commercial street to the center line of High street, thirty-one and one-half feet from the center line of the street, and joining the curb with those now in place on Liberty street and High street, and by constructing artificial stone sidewalks over the space between the curbs now in place and the proposed new curb, and on other portions of the sidewalk area not now paved with artificial stone sidewalk.

Sixth—By constructing an inlet for the water at the northeast corner of the intersection of State street with High street and a catch basin at the northwest corner, and connecting the inlet and catch basin with six-inch vitrified sewer pipe, and connecting the catch basin with the sewer with six-inch sewer pipe.
