

**A Cough Medicine**  
 Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor fully endorses it for your case, then take it. If not, then don't take it. Never go contrary to his advice.  
 We have no secrets! We publish the formulae of our preparations.  
 J. C. Ayer Co., Lowell, Mass.

**HOPS IN THE EAST**

As Reported by the Water-ville Times and Hop Reporter

The local market the past week has remained in about the same position as heretofore, as lack of demand from brewers and absence of heavy arrivals of new hops make the market very dull. We do not hear of any further export buying this week on the local market. On the Pacific coast we hear of buying for export account in Oregon at 15 to 16c, but the purchasing has not been heavy. Prime to choice hops are reported sold at 14 to 16c in Oregon, and several hundred bales have been sold in Yakima, Wash., at 13 to 15c. In New York State buying for export has been of very small proportions this week, and the market for lower grades has also been quiet. Prices paid range from 19 to 23c, the latter for export. The London market is reported in the same position as the market here. The German markets are active and slightly higher.

**Notes.**  
 The Morrisville Leader, October 26th says: The transactions in hops in the local market since our last report have not been large, although several of the smaller lots have been sold at about former prices.

The Ononta Herald, October 25th says: The local market is more active. A number of sales have been made at 20c, and for choice export grades from 21 to 23c has been paid. The Otsego Farmer, October 26th, says: It is estimated that between 300 and 400 bales have found their way into the dealers' hands during the past week at prices ranging from 19 to 22c. Many growers are holding for a higher price.

The Morrisville Leader, October 25th, says: L. W. Burroughs informs us that he has purchased several hundred bales during the past week at a uniform price of 20 cents. Comparatively few growers in this section remain unsold, and by the end of the month few lots of the new crop will remain in the growers' hands. It looks as though 20c would be about as much as will be realized this season.

The Cobleskill Index, October 25, says: The local market displays a hardening tendency and slightly increased prices. Among the lots purchased are those of Arthur Tinguet and the George A. Shafer estate,

bought by J. H. Tator, who has also purchased about 200 bales in Seward and Sharon. The usual price paid was 23c.  
 The Schoharie Republican, October 25th, says: Favorable weather for baling hops has enabled growers to get their crops in shape for delivery or sale during the past week. Many lots have been weighed and shipped. Few sales have been made, but the market is firm, especially for shipping quality. The largest sale reported is that of P. J. Mattice, of Middleburgh, 115 bales, to Borst & Sidney, of this village.

**A Better Show Seldom Seen Here.**  
 The Beach & Bowers' minstrels in charge of J. H. Smith played to a well filled house in Lead last evening. The opening was excellent and the stage setting as fine as ever has been seen in Lead and those who performed were artists in their line. The opening overture by the company was well received, the band being an excellent one. Solos by Earl Flynn, John Higgins, Harry Perrill and Ben Horner were above the ordinary, but when Barney McConnell sang "Genevieve," he brought down the house and it was necessary to respond to several encores. When Roswell J. Wright, the phenomenal male soprano, sang "Would You Care" the audience went wild and many would not believe that Mr. Wright was a male impersonator. He is Mr. Wright and is all—right. The arrival of Sousa and his band made the audience act like overgrown children, and this act which is original with Beach & Bowers company surpasses all previous efforts in this direction. The second part of the program was as good as the first and consisted of songs, jokes of a side-splitting nature and other good specialties, among which Gargas Brothers human springs easily ranked first. These men are excellent acrobats and made a hit with their specialty and numerous features which amused the audience. J. H. Smith the manager of the company is striving to make his show of the kind that ranks first and succeeds admirably in his efforts. They have appeared in Lead several times and the present attraction by far excels that of any of their previous engagements.—D. Eadwood (South Dakota) Pioneer Times.  
 This attraction is at the Grand Opera House Friday night.

**Famous Strike Breakers.**  
 The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at J. C. Perry druggist.

**COOK SAYS CAN'T STAND FOR STRIFE**

Tenders His Resignation to Board As Superintendent of Portage Railway

Superintendent L. S. Cook, of the state portage railway, yesterday afternoon tendered his resignation to the portage board. His reasons for taking such sudden and unexpected action, as represented by him, were that there was too much friction between himself and Traffic Manager Smith, of the Open River association, and I. H. Taffe, the wealthy fish canner of Celilo, and he does not care to serve any longer under such unpleasant conditions. His resignation was not accepted by the board but definite action upon it has been deferred until the members of the board meet with the Open River association in the office of J. N. Teal in Portland on Saturday.

No information could be obtained from the board as to the nature of the trouble between Superintendent Cook and the other parties and the news was not to have been given out at all but it leaked out inadvertently. So far as can be learned Mr. Cook's services have been entirely satisfactory and the differences are thought to be purely of a personal character.

In his report to the board for the month of October, Mr. Cook states, that he was obliged to discharge Locomotive Engineer Collings, on account of his excessive thirst for that cup that cheers and inebriates, and for other misconduct, which rendered his services uncertain and unsatisfactory, and he has employed in his stead a man by the name of Osborne who, Mr. Cook says, has been an engineer for years and appears to be a first class man and without vicious habits.

He also reports that the heavy shipments of grain are moving out gradually and satisfactorily and that, up to the closing date of the report a total of 29,151 sacks of wheat had been moved from points on the upper river, and estimates that there are about 27,000 sacks at different points awaiting shipment, making the total number to be hauled during the season 64,000 sacks. There are about 11,000 sacks on hand at Big Eddy at present, awaiting shipment. The total cost of operating the road for the month of October, including salaries, repairs, etc., is \$969.39.

**Faith and Fact.**  
 Faith is one thing and fact is another, it some times takes an amount of faith to produce one fact. Years of earnest work and faith have produced one fact about medicine that is deserving of mention here. If people who are troubled with general weakness through overwork, dissipation or exposure can get a remedy that will make rich red blood from the food they eat, their return to health is assured. Good blood is the life of the body as well as the nerves. Weak, sickly, pale people who suffer with indigestion dyspepsia, sick headache, loss of strength and ambition, having dizzy spells and always tried, can be cured sound and well with Dr. Gunn's Blood and Nerve Tonic. Sold by druggists for 75c per box, or 3 boxes for \$2. This tonic acts in a common sense way, curing disease by giving strength to resist it.

Mrs. L. B. Geer and son, Bert, who have been enjoying life in their cottage at Seal Rocks, for a couple of weeks, returned yesterday to their home in Corvallis. Bert expects to go to Pendleton to occupy the position of night editor on the Tribune.—Toledo Leader.

**Made Happy for Life.**  
 Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he named. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria.—Guaranteed by J. C. Perry's drug store. Price 50c.

Salmon will be cured by a new process at the Trecoff cannery, at Astoria.

**CLASSIFIED DEPARTMENT**
