Seven out of ten readers of this paper are tortured with piles or some form of rectal disease. You are, or you would not be reading this article. Thirty years ago doctors carried a lancet in their vest pocket and bled people for all sorts of diseases and bled them hard—sometimes a quart at a time. It was the fashion then. All that is changed nowadays and a doctor with a lancet would be considered a curiosity.

Five years ago doctors "cut out" piles wherever they got the chance. All that has been changed since the marvelous soothing, healing and curative properties of Pyramid Pile Cure have become known.

By every mail we get letters like this:

"Wishing to give credit where credit is due, I feel it my duty to humanity—as well as ourselves to write you regarding your pile remedy. I have not finished my first box and am now well. After the first treatment of Pyramid Pile Cure, the soreness left, and the swellings have kept decreasing. I also used your pills and am feeling like myself again. Thanking you kindly, I am, yours truly, C. Crowley, 170 9th Ave., Seattle, Wash.

If you want positive proof of the curative value of this remedy send to the Pyramid Drug Company, Marshall, Mich. You will receive a free package by return mail. Try it, then go straight to your druggist, get a 50c box and get well.

### PERENNIAL LAUGHTER.

As Provoked by "Peck's Bad Boy."

The production at the Grand opera house Wednesday evening, Novem-

ber 14, of the famous and phenomenally successful farce comedy, "Peck's Bad Boy," is the only one authorized by ex-Governor George W. Peck, of Wisconsin, author of the book of the same name, the appearance of which was the literary and laughable sensation of the day, and which suggested other imitations with which the press and stage have since been deluged. The one and only play bearing the seal of Governor Peck's permission and approval follows closely the lines of laughter laid down by him, and for twenty years has achieved a popularity and success fairly rivaling that of his work. Broadened in humorous and artistic scope the present season by the introduction of additional incidents, climaxes, characters, features and convulsing complications, giving ample scope for the versatile talent of an uncommonly strong company of comedians, vocalists and specialty artists, it steadily retains a "standing room only" grip on popular favor and promises to retain that hold as long as people know how to laugh.

Seats on sale at box office Wednesday at 9 a. m.

Sir Thomas Lipton says the American women are the best in the world. This indicates that Sir Thomas has more Irish than Scotch in him, and lots of good sense and fine discernment besides.

Howard Gould is angry because his wife's sister married a Chinaman. He forgets the example set by another of the Gould family, now trying to divorce one Boni Castellane. The Chinaman is at least earning a living for his wife.

All men are created free—marriage is simply a matter of choice.

Man, born of woman, and most men are, is of few days, and those few are so blameworthy of trouble it is a debatable question if it would not have been money in most men's pockets never to have been born at all.

What is the difference between the Northern Pacific merger and one company controlling several lines that should be competitors?

The moral seems to be, "If you can't cut out the booze soak your gun to pay for your fun."

An intelligent news gatherer back East telegraphs the Western press: "Mr. Herbert, a well-known botanist, has sailed from New York for Virginia and Louisiana, and will introduce a parasite to destroy the boll weevil, which has done incalculable damage to the sugar crop this year."

Mrs. J. Cooper went to Portland yesterday, owing to the illness of her mother.

## Make Salesmen Of Your Windows After Dark

A store may shut its doors at sunset, but if its show windows are Electric Lighted and attractively dressed they are doing as effective soliciting for the next day's business as a corps of sales people.

Up-to-date stores nowadays consider window lighting a necessity whether they remain open after night or not. Competition forces modern methods. Is your store "SHUT UP" after sunset in the old style or in the new?

There is no illuminating which will light a shop window as effectively, handsomely and satisfactorily as Electric Light. Fabrics are shown in their true colors and every little detail is brought out in true proportion to its surroundings.

If your window is not Electrically Lighted you are throwing away chances for increasing your business only measured by the number of people that pass your store after dark.

Based on our new scale of Reduced Rates for current on Meter Basis, Electric Light is not an expense—it is an ECONOMY.
