PRINTERS UNION TAKES A HAND

Bill Has Been Prepared and Now in the Hands of the Attorney-General Providing for State Printing Plant and Putting the Printer on a Flat Salary

To appropriate money to purchase a site for a state printing office and to buy a full and complete plant.

To form a temporary commission composed of the governor, the secretary of state and the state treasurer to purchase the site, erect the building and buy the plant.

To place the state printer on a flat salary.

To provide for a state printing commission to be composed of the state printer, the secretary of state and the attorney general, which will oversee all matters pertaining to the state printing office.

To go into effect, January 1, 1909, at which time the building is to be complete and the plant installed.

These features in brief are the principal sections of a bill now in the hands of Attorney General Crawford, which was drawn up at the request of the Salem Typographical union and which is to be submitted to the next legislature with a request that it be enacted into a law.

At the same time it is understood that the legislature will be asked to enact an emergency law, placing the state printer on a flat salary at once and making some provision for the lease of his own or some other plant for the two years that will intervene between the first of January and January, 1909.

It is understood that Salem branch of the typographical union has had this matter under discussion for some time and even now the members are not of the same opinion as to what kind of a bill should be submitted to the legislature.

At any rate, Attorney Charles L. McNary was employed to draft such proposed bill and the preceding proposals embody the principal features of the bill he prepared.

When Mr. McNary completed his work, he submitted it to the attorney general for his inspection and any changes that Mr. Crawford may recommend will be considered.

have the state plant organized at once and that it should be arranged either by statute or otherwise that the office shall be conducted according to union rules. This would make it impossible for the state printer at any time either now or in the future to employ what they term scab labor or to farm out the work at sweat shop prices.

It is not known what legislator will be asked to present the bill or whether it will carry with it the recommendation of the Federated Trades.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Salem Citizen's Advice.

Never Neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Dean's Kidney Pills is the remedy to use. It has cured many stubborn cases in Salem. No need to experiment. Follow the advice of a Salem citizen and be cured yourself.

E. E. Gilliam, proprietor of the livery and feed stable at 62 Perry street, and living at 332 Water street, Salem, Oregon, says: "Years of almost constant driving and a fall I got several years ago which wrenched my back badly had tended to hurt my kidneys, which I felt in severe backache and lameness, so that at times I could hardly straighten up and sharp pains caught me when I arose after sitting. None of the remedies I tried did me any good until a short time ago I was induced to get Dean's Kidney Pills at Dr. Stone's drug store. In a short time I obtained more relief from the backache and disordered condition of the kidneys than I had for years. I know of neighbors who have also used your remedy and they all speak of it as the best kidney medicine there is, and I believe this to be so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Dean's—and take no other.

FOUR MEN SENTENCED TO DEATH

Two Hangings Will Occur at the State Prison This Year

Four men are at the state penitentiary under sentence of death but two of these have their cases still pending in the supreme court and there is nothing sure about their execution. The other two, however, are morally certain to be hanged on the days appointed for their execution.

The first man to be executed is Shepherd, the Crook county man who was sentenced to death for the murder of a rancher named Dell and the brutal attack on his wife at the same time. This case did not go to the supreme court and there is no likelihood of a stay of execution. The hanging will occur November 30, two weeks from today.

The next execution that will occur at the prison will be that of Henry Hose, who demise is booked for December 21. Hose is from Portland and was sentenced for the murder of Madge Doyle.

The next execution that is imminent is the probable hanging of Jasper Jennings, who was convicted of the murder of his father in Josephine county. He was jointly indicted with his sister, Dora Jennings, who was acquitted and soon afterwards Jasper's counsel took the case to the supreme court and a stay of execution was granted.

The other case is that of Holliver McGordon, of Malheur county, convicted of wife murder. As soon as the supreme court takes action on his case he will either be executed or retried.

Return to Spokane.

Harry Munson and Ernie Klinger, after a several weeks vacation in which they have been visiting Salem relatives and friends, left last evening for Spokane where they are connected with a large wholesale establishment.

Mr. Munson is foreman of the Franklin garage in Spokane. He is a former Salem boy, well known in the city. He had the misfortune to lose his father recently by death. Mr. Klinger is the son of M. Klinger, the well known owner of the Klinger-Grand theater here, and is employed as chauffeur for the house. Both young men have many friends here who congratulate them on their success.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Millets, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at J. C. FERRY druggist.

RESOLUTION TO IMPROVE STATE STREET.

Notice is hereby given that at the meeting of the Council of the City of Salem, held Monday, November 5, 1906, the following resolution was adopted:

Resolved, That the Council of the City of Salem, Oregon, deems it expedient and proposes to improve State street from the east line of Commercial street to the west line of Church street in the following manner, to-wit:

First—By taking up the artificial stone cross walks.

Second—By grading the roadway from the east line of Commercial street to the west line of High street a width of thirty and one-half feet on each side of the center line of the street, and from the east line of High street to the west line of Church street the space between the curbs as they are now in place, and the full intersection of Liberty street and High street to the proper sub-grade.

Third—By paving the roadway and full intersections, save and except the space between the rails and one foot outside of the rails of the street railway tracks with Warren's Bitulithic Water Proof Pavement.

Fourth—By paving the space between the rails of the railway tracks and one foot outside of the track, belonging to the Portland General Electric R. R. Co., and Oregon Electric R. R. Co., with stones and blocks set on concrete and grouted with cement mortar and by replacing the rails now in use with grooved rails not less than seven inches in depth and weighing not less than seventy-five (75) pounds per yard. The concrete under the rails and stone blocks to be not less than six inches in depth.

Fifth—By constructing artificial stone curbs on each side of the street from the east line of Commercial street to the center line of High street, thirty-one and one-half feet from the center line of the street, and joining the curb with those now in place on Liberty street and High street, and by constructing artificial stone sidewalks over the space between the curbs now in place and the proposed new curb, and on other portions of the sidewalk area not now paved with artificial stone sidewalk.

Sixth—By constructing an inlet for the water at the northeast corner of the intersection of State street with High street and a catch basin at the northwest corner, and connecting the inlet and catch basin with six-inch vitrified sewer pipe, and connecting the catch basin with the sewer with six-inch sewer pipe.

Said improvements to be made in accordance with the charter and ordinances of the City of Salem and the plans, specifications and estimates filed in the office of the Recorder of the City of Salem, on the 5th day of November, 1906, and endorsed "Plans and Specifications for the Improvement of State Street from the east line of Commercial Street to the west line of Church street, and the estimate of the work to be done and the probable cost thereof."

The cost of said improvement to be assessed to the abutting property

owners, as provided by the City Charter.

The estimate of the probable cost for the improvement of said State street is:

Probable cost \$22,912.66

Less stone blocks 3,922.00

Balance \$18,990.64

The above improvement is to be classed as Warren's Bitulithic Pavement.

The plans, specifications and estimates of the engineer employed by the Council for the improvement of said State street are hereby adopted.

Resolved, That the Recorder of the City of Salem be and is hereby directed to give notice of the proposed improvement of said street, as provided by the City Charter.

Remonstrances against the above improvement may be filed in writing with the City Recorder within ten days from the final publication of this notice.

By order of the Council.

W. A. MOORES, Recorder.

Date of final publication of this notice is the 16th day of November, 1906. 11-6-11t

Notice of Bids for Building Sidewalks.

Bids will be received up to 5 o'clock p. m. of Saturday, November 17, 1906, for the construction of sidewalks along the following described lots in the City of Salem, Oregon, in accordance with the requirements of the ordinances and under the supervision of the Street Commissioner of said City, to-wit:

West side of lots 5 and 6, and south 25 feet of lot 7, in block north of block 26.

West side of lots 3 and 4, in block 16, G. H. Jones' addition.

West side of lot 1, block 8, G. H. Jones' addition.

East side of lots 1 and 2, block 15, G. H. Jones' addition.

East side of lot 4, block 8, G. H. Jones' addition.

East side of lots 1 and 2, block 9, G. H. Jones' addition.

Lots 1 and 2, block 41, North Salem.

Lots 3 and 4, block 41, North Salem.

Southwest 1/4 block 13, Salem, Oregon.

Northwest 1/4 block 13, Salem, Oregon.

125 feet of walk on lot 8, block 5, G. H. Jones' addition.

Lots 5, 6, and 7, block 41, University addition.

The west half of lot 7, block 42, University addition.

Lots 5 and 6, block 42, University addition.

Parts of lots 7 and 8, block 42, University addition.

The right is reserved to reject any or all bids.

A certified check for 10 per cent of the bid must accompany the bid, and if the successful bidder refuses to comply with the ordinance and do the work, the check will be forfeited to the city.

Bids to be submitted to the street commissioner.

The date of this notice is November 7, 1906. H. R. PAGE, Street Commissioner.
