College Defeats Academy.

The girls' basketball team from the college played an exciting and closely contested game with the academy girls Tuesday evening in the university gymnasium. There was a large crowd present and the rooting was spirited.

At the close of the game 12 was added up as the score of the victorious college girls while 10 was marked in the credit column of the skilled academy girls.

Miss Olive Riddell and Miss Ruby Coryell were the stars for the college while Stella Belknap and Miss Anna Solomon were the point winners for the academy.

The line-up was as follows: College—Olive Riddell, center; Irene Campbell and Martha Shindler, forwards; Ruby Coryell and Mabel Magness, guards. Academy—Nora Mann, center;

Stella Belknap and Hattie Beckley, forwards; Olive Metcalf and Anna Solomon, guards.

GREAT NEED FOR STATE LIBRARY

State Library Commission Makes Biennial Report Upon Its Work

"The most economical and satisfactory method of giving library opportunities to country people, and of supplying books for small communities, is to have a state center from which libraries may be sent to these communities and exchanges at frequent intervals for other sections of the state lending library, a library which is always set, and in which there is no waste material, and no storing up of books for economical reference."

The above, which means the creation of a state circulating library upon an immense scale, together with

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the maker of which print every ingredient entering into them upon the bottle wrapper and attest its correctness under oath, are daily giving in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formula, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examining the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and lung-sore-throats, which, if neglected or badly treated lead up to and finally terminate in consumption. Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with, but are sold by all dealers in medicines at reasonable prices.

THE WISEST MAN PUTS HIS FOOT IN IT

once in a while—the shining mark of his wisdom being the putting of his feet in a comfort-giving pair of shoes purchasable here. You can't beat our \$3.50 shoes anywhere in this land. For patent leathers and special lasts we charge more, to be sure. But you'll get full value for every dollar you spend with us for shoe leather.

JACOB VOGT, Leader in Good Shoe Value.

DR. STONE'S DRUG STORE

Does a strictly cash business, owes no one, and no one owes it; carries large stock; shelves, counters and show-cases are loaded with drugs, medicines, notions, toilet articles, wines and liquors of all kinds for medical purposes. Dr. Stone is a regular graduate in medicine and has had many years of experience in the practice. Consultations are free. Prescriptions are free, and only regular prices for medicine. Dr. Stone can be found at his drug store, Salem, Oregon, from 6 in the morning until 9 at night.

the suggestion of the establishment of a special bureau for the collection of all kinds of books and publications pertaining to the subject of legislation, for the especial benefit of lawmakers of the state, as well as to the public at large, are the two most important needs in library work pointed out by Secretary Cordella Marvin, of the State Library Commission, as adopted by the commission yesterday afternoon at the regular annual meeting of that body.

The report handles the subject of practical library work quite exhaustively, and touches upon every detail of its importance to the educational development of the commonwealth, as well as its history from the very beginning of the adoption of state, district, county and city libraries. It also embraces recommendations for the establishment of collections of books along certain lines of work for special use as debating libraries, teachers' traveling libraries, school libraries and public libraries, and it shows that about 42,000 books were bought and distributed by the commission during the years 1905 and 1906, and that the purchase of books for 1906 amounted to \$11,802.35.

"The experience of other states," says the report, in treating upon the subject of legislative references work, "has proven that members of the legislature profit by having at the capital some one whose business it is to look up laws and state reports. It is to the advantage of the state to provide some one to do such work and to collect the literature upon state questions. As no provision was made for this in Oregon the commission offered its services to the members of the legislature, and has since June collected much material upon laws and proposed laws for members." And in speaking of public libraries and the absolute necessity of public support toward same, it says:

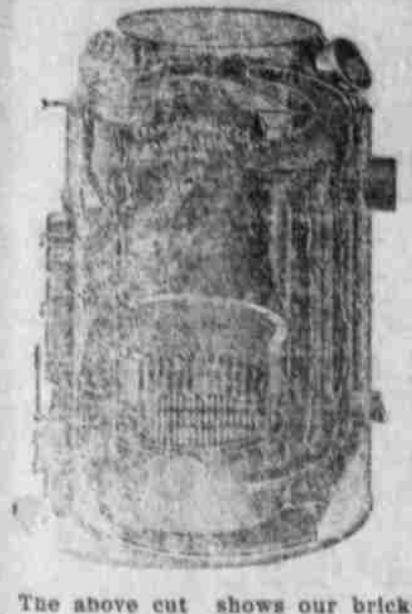

"If the libraries are part of the educational system they must have public support, and not left to the uncertainty of begging. Association libraries have never flourished for any length of time without public support. The city which cannot afford good schools and a good library is in no position to invite new citizenship."

In a separate report Secretary Marvin gives a complete review of the work accomplished by the commission during its existence and also a statement of the financial conditions and needs of the commission, tending to show that the commission has "in one year saved more than it has cost and has, moreover, secured in gifts an amount almost equivalent to its appropriation."

A Natural Result.

It is very reasonable to suppose if the foundation of a structure was removed that the building itself is bound to come down. This same principle can be applied to disease. Take medicine into the system that will remove the cause of sickness, and illness will leave itself. Dyspepsia, indigestion, sick headache and biliousness have their foundation in stomach disorders. Remove this weakness and the other symptoms are no more. There is one cure for all this that all druggists sell for 25c per box, it is Dr. Gunn's Improved Liver Pills. They get right at the beginning of these diseases and make the cure by taking away the cause.

CASTORIA. The Kind You Have Always Bought. Sold in Salem by Dr. S. C. Stone.

The above cut shows our brick-lined Torrid Zone Furnace. Guaranteed gas and dust proof. Economical and durable; for the particulars inquire at
