### WRECK HURT SOME

#### Then the Train Scattered the Boys Along the Right of Way

Stockton, Cal., Dec. 24.—Three men were killed and four dangerously injured in a wreck on the Sugar Pine branch, Sierra Railway, above Sonora Sunday afternoon. The dead were brought to Sonora today, they are: Gallagher, Whitehouse, A. Chielholz, and Civil Engineer Newell. Three Japs are probably fatally injured. Special train has been sent out to pick up wrecked construction train. On the return of special train it ran down a steep grade. The caboose which contained the 30 men snapped off the cure like a popper on a whip and dashed 40 feet to the bottom of the embankment. It was remarkable that all were not killed.

Oakland, Ca., Dec. 24.—Four men were injured and more than a hundred people were exposed to death and several thousands of dollars worth of railroad property were destroyed this morning in a head-on collision between two Alameda trains on the Southern Pacific bridge between Alameda and Fruitvale. A misunderstanding of orders caused the wreck. Fireman Hopkins was probably fatally injured by striking

a telegraph pole in jumping from his engine.

#### Some Court Matters.

Findlay, Ohio, Dec. 24.—As a result of the decision in which \$5,000 fine was imposed on the Standard being declared invalid as well as all proceedings in the probate court, the case will be taken to the circuit and supreme courts quickly as possible. Decisions as to the indictments against Rockefeller and other officials of the Standard will be deferred, the judge setting no date for their rendering.

#### Burglar Gets Busy.

Pasadena, Cal., Dec. 24.—O. S. A. Sprague and H. W. Stapleton, millionaires, residing here, are in receipt of letters signed "Barefoot Burglar," in which the demand is made for money, which is to be deposited in certain places. The letters have been turned over to the police. A burglar operating in bare feet has entered a number of houses in Pasadena and vicinity in the past few weeks.

#### Sidney Sloane Free.

Spokane, Wash., Dec. 24.—Sidney Sloane, the boy who slew his father with an axe for the purpose of robbery, was found not guilty this morning on account of insanity. He will be held to the insanity commission.

#### Fire Killed Three.

Stebenville, O., Dec. 24.—A fire today starting in the bakery gutted the upstairs which were sleeping quarters, suffocating Mrs. Ira Hillman, aged 25, her daughter, aged two, and Elizabeth McCoy, aged 18.

### COLD COMES DOWN

#### Wind Blows and Every Body Gets in Out of the Shadow of Its Wrath

New York, Dec. 24.—The temperature is five above and a gale is blowing. The hospitals this morning are crowded with people who are frost bitten, and many of the destitute are dying from exposure. The police stations have sheltered many families. A richly dressed woman, 60 years old, was found on the dock at East Sixteenth street, who gave her name as Helen Sneyce. She said she had two wealthy sons who turned her out and she lived in the streets for two days. She may lose both legs which are frozen.

#### And Now Comes Trouble.

New York, Dec. 24.—Stocks slumped again today, thousands of shares were thrown into the pot causing a decline of from one to six points. Traders feared a drastic liquidation before the money string-

**Burned the Factory.**  
Marietta, Ga., Dec. 24.—The Marietta paper mills burned this morning. The loss is placed at \$150,000.

#### One on the Horse Editor.

Washington, Dec. 24.—The seismograph records a shock in addition to the one reported from Europe, and shows the quake is evidently centering in Asia. The records obtained in London and Paris are more pronounced than those here, indicating the location of the last quake.

Washington, Dec. 24.—The supreme court today declared constitutional the inheritance tax of Louisiana.

The horse editor wishes to add that on the glad yule-side he does not believe the decision caused the earthquake.

#### Indicted Both.

San Francisco, Dec. 24.—Chief of Police and Abe Ruef were arraigned this morning, the former on two indictments, the latter on one. They are jointly accused of conspiring to protect a notorious resort. The second indictment against Dinan is for perjury in connection with a liquidation before the money string-

### FEED STORE ROBBED

#### Tilson and Company's Safe Opened and Twenty Dol- lars Stolen

The safe in the feed store of Tilson and company was opened last night and the contents, \$20 in cash stolen.

The safe was found wide open this morning and the cash drawer was empty.

Mr. Tilson placed most of the cash on hand Saturday in the bank and also paid off some of the employees. When the store was closed there was only \$20 left.

It is known that the store was entered by some one who had a key and the safe was opened by a person who knew the combination the lock was set on.

Late Sunday night a former employe of the store was seen in the office of the store working at the safe. He was intoxicated at the time and is today in such a state of maudlin drunkenness that he cannot be questioned. Mr. Tilson is confident that his suspicions are correct and he will have his former employe closely questioned when he reaches a sober state.

It is not known if there will be any arrests.

#### Christmas Football.

The Multnomah football team held its last practice Sunday morning, before starting today for the Christmas game at Seattle with the Salem Athletic club. Both the first and second teams were out in full force, and had about ten minutes bucking, and the rest of the time was devoted to signal practice. The team has been greatly strengthened by the addition of Dows Walker at center, who has recently joined the squad. Eighteen players will be taken to Seattle, and a large number of friends of the team will make the trip.

#### Going to See Gorton.

Gorton's ministers are to come to the Grand opera house Tuesday night. The company may be classed as the best, most artistic and complete in every respect the management has ever presented. A number of very strong specialties have been engaged, and a thoroughly pleasing and up-to-date performance is guaranteed. Especial attention has been given to the selection of the vocal contingent; comedy and high class special acts have been liberally provided, and, as usual with the company, the instrumental music will be of the highest order.

Gorton's name has long been associated with the best of entertainments, and this season the management is confident of surpassing all previous offerings. Everything connected with the production has been elaborated with the greatest care. High class, unobjectionable features follow each other in rapid succession, and the person who desires to hear and see the highest type of minstrelsy will not be disappointed. The company comprises over a score and a half of stars, each a master in his own line. Songs of quality, graceful dancers and expert specialists make up a program difficult to surpass.

### NOTES BY THE INTERVIEWER.

Governor Chamberlain will spend Christmas in the capital, and will have to work most of the day on his message and other official tasks that are before him. He has just learned of the death of his mother's sister, aged about 95 years. All the governor's family are long-lived people, and he is in the best of health, and the people of Oregon surely wish him a Merry Christmas. "I shall favor a railroad commission in my message," he said. "But I shall demand a commission at the hands of the legislature that will have power to protect the shippers and enforce its orders. The governor should appoint the commission, and should have the power of removal at any time if the commission is to be an efficient body, and then the people can hold the executive responsible for the proper kind of a commission and for the enforcement of the law equally and impartially between all sections of the state and all classes of business. No other kind of a commission is worth having."

We who so recently were called to mourn the loss of our beloved husband, father and brother, Jesse T. Bennett, wish to herein extend our gratitude and kindest feelings to all who so generously assisted during the weeks of illness, the death and burial. True our hearts are sore, but we sorrow not as they without hope.

We especially wish to thank the G. A. R. and ladies of the W. R. C. for their kindness and substantial aid. Also the postoffice department for the beautiful floral tribute.

ency could be relieved. The usual holiday spirit has been entirely lacking, gloomy outlook everywhere. Many lightly margined had capital whipped out, but Great Northern and Northern Pacific bore the brunt of the attack by the bears. Great Northern lost nearly 7 points and Northern Pacific fell off 3 points. Brokers said Standard Oil was sitting on the market.

#### Wire-Parker.

Miss Hattie Parker and Mr. Francis B. Wire were married in Portland Friday. Both are quite well known in this city. They are both former residents of Albany. The groom is the second son of Rev. M. C. Wire, a well-known Oregon Methodist minister. The young couple will live in Portland.

#### The Klinger-Grand.

There is only one thing to say about the Klinger Grand, and that is "good." It is a clever, versatile play. It is a clever, versatile lot of people; full of wit and humor and go that makes the play move from the time the curtain goes up until it comes down, and there is something doing all the time between.

"It came upon the midnight clear,  
That glorious song of old,  
From angels bending near the earth  
To touch their harps of gold:

"Peace on earth, good will to men,  
From heaven's all-gracious King!  
The world in solemn stillness lay  
To hear the angels sing."

—Christmas Carol.
