

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Is acknowledged to be the most successful remedy in the country for those painful ailments peculiar to women.

For more than 30 years it has been curing Female Complaints, such as Inflammation, and Ulcerations, Falling and Displacement, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

Records show that it has cured more cases of Female Ills than any other one remedy known.

Lydia E. Pinkham's Vegetable Compound dissolves and expels tumors at an early stage of development. Dragging Sensations causing pain, weight, and headache are relieved and permanently cured by its use.

It corrects irregularities or Painful Functions, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility, also, Dizziness, Faintness, Extreme Lassitude. "Don't care to be left alone" feeling, Irritability, Nervousness, Sleeplessness, Flatulency, Melancholia or the "Blues." These are sure indications of female weakness or some organic derangement.

For Kidney Complaints of either sex Lydia E. Pinkham's Vegetable Compound is a most excellent remedy.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Thus she is well qualified to guide sick women back to health. Her advice is free and always helpful.

measure was passed and then \$16,091,841 was appropriated in cash and \$23,866,324 was authorized, a total of \$39,958,165. In 1902 the cash appropriation was \$26,777,479 and \$38,369,160 was authorized. The total was \$65,107,602. The bill which was passed in 1905 carried a total of \$35,266,533 of which \$18,181,875 was in cash and \$17,184,657 was authorized.

This afternoon the matter will be discussed, and it is expected there will be a contest over the adoption of the plan for the 14-foot waterway from Chicago to St. Louis, costing \$31,000,000. The members from the Mississippi valley will favor the project, but it looks as if the matter will not receive recognition at this session. The prevailing idea is that only such undertakings as can be finished within a reasonable time will receive sanction. A member of the committee this morning said that it would be the policy to finish all the most important improvements now under way, and that steps will be taken as soon as possible to improve New York harbor. The plan includes the enlargement of Ambrose channel, from a point just below the narrows in a southeasterly direction to the sea. This was originally estimated to cost \$6,000,000, but a contract was entered into for \$4,000,000. The work now in progress is being done by government dredges. Considerable concern has been expressed by the army officers, who have the river and harbor improvements in charge, lest the enforcement of the eight-hour law in government contract work increase their cost. Some have estimated the increased cost as high as 2 to 50 per cent. The validity of the law has been questioned by the contractors, and it is probable that a test case will enter the supreme court in a few days. Decisions of the lower courts have sustained the law. These officers say that the natural increase is only a small part of that due to the law. There was never greater pressure for river and harbor legislation than at present, and among the new projects that will probably carry are a new "Soo" lock and alternating channels, in the Detroit river at a cost of \$7,000,000 the deepening of the harbor at Boston, and extensive improvements of the Delaware and Mississippi rivers.

Death.

A poem written in memory of Forrest Pressnal by one of his little friends, Ethel Williamson, aged 15 years, Oregon Institute for the Blind. There's a vacant seat in that Presidential home

Which can never again be filled;
A merry laugh, and a cheerful voice
Has forever on earth been stilled.

How sad when I think of that pure young life
That was swept away by death's tide;
But sadder still when we stop to think
Of that awful agony in which he died.

He was yet but a lad in childhood years,
But it was his time to depart
From his loved ones whom he left on earth
To mourn with bleeding hearts.

Forrest was a loving and obedient son,
One could rarely see him frown;
He could look the whole world in the face
From those truthful eyes of brown.

We never know when our time will come,
No more than Forrest knew;
For we all must leave this world some day
And enter in a world of new.

EIGHTY MILLIONS FOR WATER

Washington, Jan. 14.—The largest river and harbor bill in the history of the country was reported to the house today by Chairman Burton's committee, sub-committees of which have been holding sessions during

the holiday recess. The appropriations made in it will amount to about \$80,000,000. About three-eighths of the appropriations in the bill will be for cash expenditures, and the remaining five-eighths will be authorized for projects extending out a number of years, some of which are now under way. Not for 14 years has such a big budget been prepared by the rivers and harbors committee. Ten years ago \$12,659,550 was appropriated in cash and \$59,616,404 worth of work was authorized, making a total of \$72,275,954. Three years went by before another such
