

ABSENT MINDED MEMBER

(Continued from page two.)

The rooms of the governor's suite yesterday afternoon and completed plans for the reception of William J. Bryan during his visit to the state this month. Mr. Bryan will arrive in Portland January 22d, will deliver an address before the Y. M. C. A. during the afternoon, and will proceed to this city in the evening, and in the morning, January 24th, will make a brief talk to the students of Willamette University, and, if invited so to do, will address the legislature during the morning session. This will be the only address of a political character Mr. Bryan will probably make in this state. He will then proceed to Eugene to address the students of the State University, and will probably make brief impromptu talks from the rear platform of his car at Albany and other stations en route.

Judge Wolverton's Decision.
The decision of Judge Wolverton, of the United States circuit court, in sustaining the demurrer against the complaint of John D. Laitre, of Minnesota, to compel the state to honor the certificates of sale of state land, held by himself and others, aggregating about 25,000 acres, means that the state stands in a fair way to recover over 100,000 acres of valuable timber and agricultural lands, obtained upon fraudulent applications, etc.

The certificates held by DeLaitre and others, aggregate about 50,000 acres of some of the finest timber land in the state, and were obtained through A. T. Kelliher by means of applications bearing forged names of applicants done by H. H. Turner, an attorney of this city, disbarment proceedings against whom are now pending before the supreme court. There are over 100,000 acres of land, obtained by this means, the certificates of sale of which have been cancelled by the State Land Board, and there are about as many more acres of just as valuable land for which deeds have been issued, but which, under the decision of Judge Wolverton, the state may recover title by bringing suits in the court to set the instrument aside.

These lands are now worth from \$7.50 to \$10 per acre to the state, as

base for the selection of school lands and the recovery of the same would mean that the state would reap a rich harvest, and the school fund increased by several hundred thousand dollars. The land board will take the matter up at the next regular meeting and may decide to take steps to recover all of the land available.

Two Country Members.
Representative Kubil, of Jackson, says the Southern Oregon Normal school will be looked after by its friends, and it has a great many in various parts of the state. He is not enthusiastic about several propositions that are much talked about in the newspapers.
Representative Moore has a mine inspector bill—"no junketing trips. Carries \$3500 a year and some printing. We want a man to inspect the mines and preserve human life. Baker county does not want any convict-built roads."

The Right Name.
Mr. August Sherpe, the popular overseer of the poor at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at J. C. Perry's drug store.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and white potent to cure delicate women and children. Not a drop of alcohol enters into their composition. A much better tonic than any other medicine, and preserving the highest principles used in them, viz., pure vegetable glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, larynx or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Catarrh of the Nasal Passages, it is well while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis, throat and lung ailments, except consumption in the advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those cases in which coughs are caused by irritation and congestion of the mucous membranes. The "Golden Medical Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate chronic coughs, which, if neglected, will lead to consumption.
