SOME MARION GIRL

Will Visit the Jamestown Exposition Next April As the Journal's Guest

The Salem Journal in connection with the Pacific Northwest, of Portland, Oregon, have combined their forces for the purpose of taking Marion county's most popular daughter to the Jamestown exposition, which will be opened next April at Jamestown, Va.

This excursion will be given in connection with several of the leading publications of the state for the purpose of advertising the agricultural resources of Oregon all throughout the union. The party which will consist of some thirty young ladies will leave Portland May 1st, going by way of Seattle and Victoria over the Canadian Pacific to the great lakes, by boat down the lakes through the Soo canal to Detroit and on to Buffalo. Here a stop will be made to visit Niagara Falls then on to Albany, N. Y., where a day light trip will be made down the Hudson river to New York. From New York City to Washington, when the party will visit the public buildings, Mt. Vernon, Va., the home of Washington, and also call on the President. From Washington to the fair and returning home by way of Pittsburg, Dayton, Chicago and St. Paul stopping at many other of the leading cities of the United States. The young lady representing Marion county will be expected to carry illustrated literature depicting the resources of this county for general distribution and it is expected that Marion county will receive more publicity through this trip as inaugurated by the Salem Journal than through any attempt ever before made. All costs including transportation Pullman, meals, hotels, etc., will be met by the Salem Journal.

Any young lady in Marion county is eligible to make the trip. The choice of candidates will depend upon the young lady securing the largest number of paid in advance subscriptions to the Salem Journal and the Pacific Northwest at \$2 for six months subscription to The Journal and a twelve months subscription to the Pacific Northwest. You know The Journal as the leading afternoon daily of the Willamette valley and the Pacific Northwest as the best farm monthly on the coast. Each two dollar subscription counts as one vote and the largest number of votes will be deemed the choice of the county to take advantage of the wonderful opportunity of visiting practically the whole of the United States at our expense. See. We want a candidate at Woodburn, Gervais, Aurora, Silverton, Stayton, Jefferson, Turner and the other towns of the county. Send in your name at once that you may obtain a good start. Address, CAPITAL JOURNAL, Salem, Oregon.

Terribly Distressing.

Nothing can cause more pain and more distress than Piles. No wonder many Pile sufferers say their lives are burdens to them. Ointment and local treatments may relieve but cannot cure. Dr. Leonard's Hem-Roid is guaranteed to cure any case of Piles. If Hem-Roid doesn't cure you, you get your money back. Hem-Roid is a tablet taken internally, thus removing the cause. \$1.00 at druggists, or Dr. Leonard Co., Niagara Falls, N. Y., Proprietors. Sold by Dr. S. C. Stone, Salem.

OREGONIA for Portland. Monday, Tuesday and Friday at

LEATHER CHAIRS.

Try Cleaning Them With a Lather of Castile Soap.

Leather on chairs is best cleaned with wet rag and soap. Select a pure castile or white soap—never a laundry variety—make a lather with lukewarm water and with a damp cloth rub suds into the leather with a rotary motion, covering the entire surface so one part will not be clean and another have a soiled appearance. When the seat or back has been well scrubbed in this way, rub the surface dry with a soft, lintless cloth, and the spots should not disappear, but the leather should be as shiny as it was when new. Where there are grease spots on the leather they should have an extra washing and should first be cleansed with the ends and damp chamols or piece of cheese-cloth, so that any stain will come out when the entire back or seat is scrubbed.

I would never rub oils into leather, for most of them make the surfaces sticky, especially during hot weather. Then, too, the leather is so prepared that no oil is necessary, the only essential in care of such upholstery being a dusting every day or oftener if convenient and a washing with suds and a damp cloth once in two or three weeks. Don't forget that leather must be carefully rubbed and kept warm in winter, and remember that it is a bad plan to sit down quickly on a leather seat that has been kept in a cold room for several days, for the upholstery is likely to crack and split, just as patent leather does.—New York Telegram.

TRUE HOSPITALITY.

It Is Not Made Up of Grand Meals and Entertainments.

In a home that I have in mind the real spirit of hospitality is shown at its best. There is often no maid, and sometimes the mistress of this household is nearly overworked, but invariably the guest is made comfortable. If it is a hot day a tray bearing lemonade, iced tea or ginger ale and wafers is brought at once to refresh the caller, or on a cool day it will be hot cocoa or tea or a bouillon cup of hot soup. Invariably there is something to express a kindly feeling for one's comfort, and it is never preceded with the query whether you will have the cup if it should be prepared.

Many a hostess will ask her guest if he will have refreshment, and it is rare that one replies that he will, for the question itself implies effort, something that should never appear in a hospitable offering. The overconscientious hostess, who fears that her beverage may not be made just right or that her china is not quite fine enough, misses much pleasure for herself and guest. The beginner in housekeeping would do well to acquire the habit of putting the true spirit of hospitality into her homelife at the outset, and as she grows older her home will have acquired a reputation for comfort and cheer that an ostentatious dinner or luncheon now and then will never confer.—Chicago Inter Ocean.

DRESS HINTS.

In pressing ribbons with a hot iron, lay them between two sheets of manilla paper, and they will come out like new.

In sewing a piece of material on the bias to a straight piece the former is apt to become stretched. To avoid this the bias should be placed underneath, and it will then be sewn in evenly.

If sleeves are too long or too full don't rip them out. First take a tuck or fold in the tops, making them the desired length, and baste. Try on and if right cut off the superfluous material.

Skirts should always be provided with three bands—one on the right side, one on the left and one to hold up the drapery at the back. If this precaution is taken it is much better to hang up a skirt than to fold it and lay it away.

In making up any material with a nap remember that the nap should always run downward. This fact should not be forgotten when sponging and pressing, otherwise you will make a shiny streak on the surface of your material.

Cleaning a Library.

To clean a library properly one should have a real reverence for books. After the furniture is all removed from the room, and the floor has received the attention to be given it, then turn to the books. Take one shelf at a time. Wipe each book as it is removed from the shelf. Have a small hair dust brush and with this brush the tops, sides and bottom of the books. Be very particular to replace the volumes in the proper order. Nothing exasperates a book lover more than to have well arranged shelves mixed up by house cleaning methods.

Fumigating a Room.

To fumigate, or disinfect, a room place an ordinary house shovel over the fire until it becomes thoroughly heated (not red hot); move to the center of the room with it and pour on it six ounces of No. 4 or No. 5 carbolic acid. The shovel should be so placed that none of the fluid can run off on to the floor. The carbolic will be given off in a vapor which will be strong enough to disinfect a room, and if genuine carbolic is used, which is not a mineral corrosive acid, the vapor will in no way injure pictures, metals or fabrics.

When One Is Nervous.

If you are nervous remember this simple rule: Nothing is so effective as taking a drink of water every hour or two. Medical men declare that we should be helped in various ways if we were more thoughtful and persistent in this respect. It is certainly a simple rule and one that is within reach of the busiest among us.

Personals

Attorney Bigger spent Sunday in Portland.

R. H. Rutherford went to Marion this morning.

Rev. Father Moore left this morning for Portland.

J. F. Holder left this morning for a visit in Seattle.

G. C. Hart left this morning for Bay City on business.

Foster Found Guilty.
A jury in the circuit court today found the woodchopper, Foster Pratum, guilty of assaulting a child.

Cured of Piles by Pyramid Pile Cure

If You Suffer, You Can Be Cured—Cost's Nothing to Try.

If you think that you must be operated upon to be cured of piles you are wrong. Thousands of cases of piles of excruciating severity, worse no doubt than yours, have been cured painlessly, quickly and permanently, while the patient has been at his work without the loss of time necessitated by an operation. In fact many a sufferer has not been able to reach his work or even move across the room until after using the home remedy prepared by the Pyramid Drug Co.

No More Piles!

Such was the condition of an Indiana business man, as shown in a recent letter:

"Received your sample of Pile Cure and have given it a fair trial and it has proven the best I ever tried. I can recommend you highly in this vicinity. Have used your sample and one box and it has effected a complete cure. It has been worth \$100 to me.

"Thanking you for the sample and the cure, I will recommend you to everybody. Yours respectfully, Julius Mayer, Dealer in Feathers, Ginseng and Hides, Bedford, Ind."

The Pyramid Pile Cure can be used at home in the privacy of your own room. There is enough strength in each little suppository to drive out infection, while at the same time it melts away into the deadened tissues of the rectum, heals up the fissures, relieves the inflammation, starts the circulation of the hemorrhoidal veins, diminishes the congestion and brings the organs back to their normal condition.

We want to prove to every sufferer from piles that the Pyramid Pile Cure will cure. This treatment is prepared exclusively by the Pyramid Drug Co., which is sufficient evidence of its genuineness. However, we do not ask you to depend upon the reliability of our name or the bona fide testimonials of the hundreds of cured piles sufferers. Send us your name and address for a free trial package. Use it according to directions. The relief you will get will justify your going at once to the druggists for a 50 cent box. All druggists sell the Pyramid Pile Cure, just like the sample. Accept no substitute. Pyramid Drug Co., 76 Pyramid Bldg., Marshall, Mich.
