YON YONSON WRITES

He Is Coming to Salem Bigger than Ever

For their revival of "Yon Yonson," the comedy drama which is conceded by all critics as ranking with such durable plays as the "Old Homestead," "East Lyna" and "Rip Van Winkle," in point of their lasting hold upon popular favor, Managers Willard and Kennedy have engaged the strongest cast they have yet presented for the approval of theater-goers. Heading the cast which comes to Salem on Friday, January 18, is George Thompson, a Swedish comedian, whom the management "discovered" last year in Stockholm. Others in the company are Kraft Walton, James C. Mack, Elwood Duncan, Frank Thorndyke, Peter Maynard, Elmer Fritz, Ida Werner, Lois Arnold, in songs and dances, Cora Bennett, in song and dances and Laura Davis in an Irish specialty. The Lumbermen's quartette remains a feature of the performance. Seats on sale at the box office, Friday at 9 a. m.

"Yon Yonson" writes from Bunburytown to the Lexington Wheatfield this description of a dance:

IDAHO MINER SUSPECTS

Mexican Engineers Demand More Pay

Indianapolis, Ind., Jan. 16.—It is announced that the Federation of Miners delegates will meet tonight to consider the cases of Moyer, Haywood and Pettibone, now in jail in Idaho, charged with the murder of Governor Stunenberg. The convention was enthused at the announcement.

Mexican Engineers.

El Paso, Jan. 16.—About 300 engineers of the Mexican Central railroad have decided to demand an increase sufficient to bring their pay up to that of a standard engineer in the United States.

Engineer Was Saved.

Morristown, Pa., Jan. 16.—Five trainmen were killed by an explosion of a locomotive boiler at Bridgeport today, caused by low water. Engineer Blanke miraculously escaped, but refuses to discuss the cause of the explosion.

EDUCATIONAL ADVANTAGE.

School Teachers Should Investigate the Free Trip to Jamestown.

We would call to the attention of Marion county school teachers now with us the exceptional value from an educational standpoint of our trip to the Jamestown exposition.

During the year 1907 this great international military, naval, historical and industrial exposition will be held on and near the waters of Hampton Roads, Virginia, in commemoration of the three hundredth anniversary of the first permanent English settlement at Jamestown, Virginia, in 1607.

The Jamestown Tri-centennial exposition will differ distinctly from other expositions, as it will have a great international naval rendezvous and military encampment, to which invitations have been extended by the President of the United States. Many countries have accepted and will not only participate in the naval and military features but will also make industrial displays as well.

During ordinary times the vicinity bordering on Hampton Roads so famous in history, possesses sufficient attractions to warrant its selection as a meeting place, while during the exposition period its natural advantages will be wonderfully augmented.

We would be glad to have the teachers call during their stay in the city that we may explain how this trip can be obtained. Some young lady from Marion county will have the time of her life and help give our county such advertising as it has never received before. All expenses will be paid by The Capital Journal and the Pacific Northwest, with which The Journal has associated in what will prove to be the biggest longest and best newspaper excursion ever given in the United States. Come in and obtain full particulars. CAPITAL JOURNAL.
