Car Shortage Hearing.

Seattle, Jan. 23.—The interstate commerce commission, at its morning session, heard testimony of railroads, who claim they have done everything that could be done with a single-track system to relieve the congested traffic in this state. They claim the motive power and rolling stock have been materially increased; that all requisitions for the same made by the traffic department have been met promptly by Eastern directors. They admit that the lumber and other business has increased beyond expectation the last two years. They admit their inability to cope with the situation until the systems are double-tracked, which are now under construction, to be completed a year hence. They deny the charge of favoritism and petty graft by employees. Rebuttal testimony of lumbermen heard this afternoon, when it will adjourn to meet at Portland tomorrow.

Favors Ship Subsidy.

Washington, Jan. 23.—The President sent a message today recommending ship subsidy legislation and commenting upon the great desirability of enacting laws to aid American shipping. European powers had recognized an admiralty aided their steamship companies to establish and maintain trade. In order to maintain the present wage of American seamen, he says, it is imperative that ship subsidy legislation be passed. The bill the President favors provides for 14 steamships on the Atlantic and subsidized at \$1,500,000 and 22 on the Pacific coast at \$1,125,000. "It will surely be discreditable for us to surrender the great commerce of the Orient and South America and our own communication to Hawaii and the Philippines."

Car Shortage Hearing.

Seattle, Jan. 23.—Interstate Commerce Commissioner Lane today concluded the hearing on the car shortage. Today's session was devoted to the defense of the railroads to charges of faulty system of car distribution, insufficient rolling stock, favoritism and petty graft by railroad employees. Timbermen were given an hour to rebuke the railroad testimony.

Thaw Trial Disorderly.

New York, Jan. 23.—Disorderly marked the opening of the case. The police and reporters clashed, there not being room for all the correspondents seeking admission.

California Is American.

Washington, Jan. 23.—Hayes, of California, this afternoon replied to Foster, of Vermont. He said: "Of what crime is California guilty to deserve the threat of the President to send armed forces against her people? She is guilty of desiring to remain American." He declared before long we might expect Japan to be insisting upon naturalization of her people, that they be put on the police force and sent to congress. In closing he urged that the provisions of the Chinese exclusion law be extended to include the Japanese coolies.

Asks for Timber to Be Left.

An action has been commenced in department No. 2 of the Marion county circuit court by F. J. Eldridge against John Hoefler and Casper Zorn, partners, and Ah Poy and Leon Jones to restrain the said defendants from cutting timber off the plaintiff's land situated near Fairfield. The complaint sets forth that the said Hoefler & Zorn are mortgagees and are in the possession of the said land, and that Ah Poy and Leon Jones are tenants and are slashing the timber for fence posts. The costs of the suit are also asked in the complaint.

Wreck on Southern Pacific.

Ogden, Utah, Nov. 23.—Western express No. 5, westbound, on the Southern Pacific was dinged at Deeth, Nevada, last night. The passengers were badly shaken up, but none were seriously injured. Two baggage cars and several coaches left track. Defective brakes.

Drastic Labor Law.

Madison, Jan. 23.—Social Democrats introduced a bill in the assembly that no corporation should defend its property from a union or strikers by force of arms, except by permission of the governor. Violation of this act to be felony. When a labor dispute arises the plant is virtually placed in the hands of a receiver.

Does Not Move His Heart.
Ellis Whitman, the man who at will can unjoint his limbs, and is known as the "rattlebox" gave an exhibition of dislocating joints last night before the medical society. "His case is an interesting one," said a prominent physician this morning. "his joint dislocations being all that he claims, but I am sure that his heart does not leave its normal place. The pulsations that are shown in the places to which he claims to move his heart are simply done by the muscles of the diaphragm."

ECONOMY VS. EXTRAVAGANCE

On the word of one of the wisest philosophers of the age, you may set it down as the truth—that a man can better afford the most economical of extravagancies than the most extravagant of economies
 It is extravagant economy to wear your old glasses if they are not exactly suited to you.
 We can show you whether they are, and it will cost you nothing to know.

Smiles

Query: How much did Mr. Bryan help the movement to get a railroad commission in Oregon?

 Mr. Bryan didn't have more than a sentence on the conditions of labor. Couldn't he improve that a little?

 Some men's apologies are worse than their roasts. For instance, there is Tillman's style of apology.

 Oh, yes! It's easy. Let all the water powers go to the private corporations. Then when the people want them they can buy them back.

FRIENDS OF THE PEOPLE.

Those Who Stand Firm Against the Big Grifts Great and Small.

Ed. Journal: As an advocate of economy, and the friend of the people, I want to thank you for the stand you are taking against grafts and extravagances. I think the determined stand you have taken in favor of cutting down expenses has had a good influence in compelling the legislature to do away with the clerk-hire on special committees of investigation, and we, the people, ask you to keep hammering away at extravagance of every kind.
 We are particularly gratified to notice that you have thrown the weight of your influence against the proposed graft of a \$70,000 appropriation to the exposition at Jamestown. We can see no good likely to come to us from such an enormous appropriation, outside of providing a summer outing for a lot of old rooters who, when out of a job, are like a fish out of water, if not swelling around such places. Don't spare the promoters of the scheme, and you will receive the heartfelt thanks of the taxpayers of Oregon.
 Yours truly,
 T. M. Oxley,
 Taxpayer,
 Marion County, Oregon.

PILES

CURED QUICKLY AND PAINLESSLY—NO RISK, NO DANGER.

A Free Trial Package to Anyone Sent by Mail to All Who Wish.
 Common sense is just as common (even more so) in medicine as in business or the affairs of every-day life. People are getting to be more than they used to. Not a month ago, it was the fashion to make all sorts of claims for a medicine, and wind up by asking the reader to go to a drug store and buy a bottle. People won't stand for that thing now. They want proof, and they want it first and if they find it, they will be glad to pay for it. They want what is claimed they will be glad enough to go and buy it.

A Convincing Argument.

That is why we say to every person suffering from piles or any other form of rectal disease, send us your name and we will gladly send you a free trial package. For we know what the result will be. After the trial you will hurry to your nearest druggist and get a box of Pyramid Pile Cure, now sold by thousands to be one of the most wonderful reliefs and cures ever known.
 "Please excuse my delay in replying you sooner in regard to your Pyramid Pile Cure has done for me. I consider it one of the finest medicines in the world. I suffered untold misery four months when my wife begged me to send for a 50c box. What was half gone I knew I was well and it didn't take any begging for me to send for a second box. I am about well now but if I feel any symptoms of a return I will order once. order it from the Pyramid Drug Co. to be sure of the genuine. Tell all about this fine remedy to your friends."
 "I received your letter a few days ago. Yours for a remedy like Pyramid Pile Cure. J. J. Elwert, Honey Grove Tex., R. R. 9, Box 100."
 "P. S. I only got two boxes but don't think I need any more. I am of seven months' standing."
 To get a free trial package send today, to the Pyramid Drug Co., Pyramid Building, Marshall, Mo. It will come by return mail and results will both delight and astonish you.
