

# ...CAPITAL JOURNAL'S EDITORIAL PAGE.

**HOFER BROS., Publishers and Proprietors**

THE JOURNAL STANDS FOR PROGRESS, DEVELOPMENT, GOOD GOVERNMENT, AND NO DEGRADED LABOR.

### THE LATEST REMEDY TO EMPLOY.

If there is no way to limit the encroachments of higher education on the taxpayer, there is one remedy.

Let the referendum be taken on all these appropriations, that will BE OVER A QUARTER OF A MILLION THIS YEAR.

Then let a campaign be made on the bill itself. Let it be discussed, and let the people who pay become educated.

The higher education people would have all the advantage, as they have nearly all the brains of the state in their employ.

But the common run of citizens could find some one to talk about the bill, and THE ORATORY WOULD NOT ALL BE ON ONE SIDE.

The referendum on the last general appropriation bill was not taken intelligently, because there was no discussion.

Thousands voted yes on the bill, thinking they were sustaining the referendum, sustaining the proposition to kill the bill.

The fact remains, there is not one of those so-called institutions of higher education could not live and be run WITHOUT A DOLLAR OF STATE AID.

Other colleges, normal schools and universities in the state do run that way, and even have prosperity in their finances.

### ANOTHER TAX BILL.

Of course, the legislature will pass another tax bill.

We have not had our tax collecting system torn up for a few years, and IT IS TIME SOMETHING WAS DOING.

About every three years a new bill is put through, and then some one starts a lawsuit to test it.

Then it is tied up a few years, and a few million dollars are left lying idle in the banks and warrants draw interest.

That game has been worked in this state until IT OUGHT TO BE A CHESTNUT.

There is only one fight to make in tax reform, and that is to cut out the enormously high direct taxes.

A few steps have been taken in that direction, but THE WHOLE DIRECT STATE TAX SHOULD BE WIPED OUT.

Any bill to that effect should pass and all the rest of the tax bills should be killed.

### THE PROBLEM OF NEW RAILROAD MILEAGE.

The "greatest business problem" has been forcibly presented by Mr. Hill.

It may be condensed in the statement that while passenger and freight business has increased in ten years over 100 per cent, RAILROAD MILEAGE TO CARE FOR IT HAS INCREASED ONLY 21 PER CENT.

In other words, railroad mileage is over 80 per cent behind the business to be done; hence enormous freight blockades, tying up millions worth of products.

There are two remedies: one is to stop business—the other, to raise the money and build the mileage.

The railroads are taking the latter course, and the enormous offerings which have been STAGGERING THE MONEY MARKET ARE THE RESULT.

Each week adds to the amount asked for, as one road after another presents its request, hat in hand.

By the first of June, stockholders will have paid out for new securities \$135,000,000, and short term notes and other borrowings will increase the amount.

THIS CERTAINLY DOES NOT PRESAGE EASY MONEY AT ANY TIME DURING THE YEAR.

It is a problem, but after all, it is a prosperity problem.

When the Southern Railways asks for money for new equipment, it means building tracks, not through arid wastes, but past fields teeming with products that must find a market, and to communities thriving with new industries, producing added and enormous tonnage.

As it is each new demand is a signal FOR TEN POINT DROPS IN THE PARTICULAR RAILROAD WHICH MAKES THE REQUEST.

Nevertheless, the country is very rich.

It will gradually work out of the dilemma.

The enormous blockades at terminals, tying up vast amounts of money in products held for their market, WILL BE STRAIGHTENED OUT AND THE FUNDS TURNED INTO USE AGAIN.

The West and South are rich, and must eventually have a surplus for security investment.

### EFFORT TO REDUCE TAXES.

Petitions are being sent in from some parts of the county asking that the county court reduce the tax levy from 4 1/2 mills to 3 mills.

Some parts of the county where they have in their property at its true cash value, where property is advancing, ARE FEELING THE HIGH LEVY.

Whether anything can be done at this late day to reduce the levy is a question.

Some parts of the county that made high local school and road tax levies are HIT PRETTY HARD BY THE COUNTY LEVY.

This would inevitably be the case in making the change.

The fact remains, that high valuations are not to blame for the raise in taxes if the levies HAD BEEN MADE CORRESPONDINGLY LOW.

If the time is not past for reducing these levies something should be done for the relief of the cities and progressive towns.

It is hardly to be expected that the farmers will have any voice in the matter. WE HAVE NOT LEARNED TO CONSIDER THEM VERY MUCH.

Like "the Irish and the Dutch, they don't amount to much," and they will have to grin and bear it until the city sidewalk politicians can get around and explain things to them again on the campaign, and then they will vote the ticket straight because Roosevelt is President and licked the Spanish.

### RELIGION ON A BUSINESS BASIS.

J. W. McDougal, pastor of the First M. E. church, advertises his revival meetings in the Albany daily papers.

He has a space with a cut of the church, and announces the evangelist who is to assist him.

The advertisement appears in THE REGULAR ADVERTISING COLUMNS, where the business men and common every-day readers will see

The fact is religion is the most intensely practical proposition before the world today, when it is looked at rightly.

There was never a time when namby-pamby sentimental PROFESSIONS OF BEING RELIGIOUS COUNTED FOR SO LITTLE.

There was never a time when actual hand-to-hand conflict with the problems of evil was so unavoidable as at present.

The man who is doing things right in business and in his relations with his fellowman is the really religious man of today.

This awfully important and serious business side of religion can be brought home to men by a square appeal TO THEIR HIGHER INTELLIGENCE.

When men understand that spiritual truth is something that can be applied successfully to every relation of life they will want religion as a business proposition.

### The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
