The legislature sits 3½ days and rest 3½ days. In reality it has n in session about 18 hours only of 168 hours each week.

For Chic's Release.

Attorneys McMahon and McDevitt, of Portland, have filed an appeal in the supreme court on Judge Galloway's decision on the habeas corpus proceeding in the case of Chic Houghton, whom the governor ordered back to the penitentiary to serve an unexpired term after he had broken his parole.

FAIR PLAY.

AT DO THEY CURE?

's Favorite Prescription is not a "Cure All" but admirably ialness of purpose, being a most positive remedy for one ses only—those easily recog- ses, derangements, irregu- ainful disorders peculiar to s a powerful, yet gently act- ting, tonic and strengthening r weak, worn-out, over-work- o matter what has caused an,—whether it be from too ing of children or from much r over exertion of any kind, scription" will be found in building up the strength, l the womanly functions, in and bringing about a reg- lthy, vigorous condition of male system. Thus it cor- s, or falling of womb, retro- version and other displace- female pelvic organs, due to over exertion, lifting or fa- work. In short, it makes strong and sick women well.

Pierce's Golden Medical Dis- a very large range of appli- is by no means recommended all." It possesses marvelous blood cleansing, properties same time a most invigorat- strength giver. It exerts a hing, soothing and healing all the lining mucous mem- the system; hence, its great se in all catarrhal affections, here located.

In Chronic Nasal Catarrh, it is well to cleanse the passages two or three times a day with Dr. Sage's Catarrh Remedy fluid, while persisting in the use of the "Golden Medical Discovery" for its blood cleansing and specific curative effects upon the diseased mucous membranes. It will cure a very large per cent. of all cases, even after they have reached the ulcerative, or chronic stage, and *no matter of how many years' standing they may be.* It is equally efficacious in affections of the mucous lining of the larynx, bronchia and respiratory organs in general, thus curing bronchitis, laryngitis and other affections giving rise to obstinate, hang-on-coughs. It is not so good in acute coughs following sudden colds, as in the lingering, chronic coughs. Nor must the "Golden Medical Discovery" be expected to work miracles. It will not cure consumption in its advanced stages—no medicine will do that, but for all obstinate hang-on-coughs due to laryngial or bronchial irritation and kindred affections of the throat which, if neglected or badly treated, are likely to lead up to consumption, the "Discovery" can be relied upon to produce the best curative results.

The "Golden Medical Discovery" is, from its tonic and specific curative control over mucous surfaces, especially efficacious in curing indigestion, dyspepsia, weak stomach and "Liver Complaint," or biliousness. Even ulceration of the stomach and bowels has in thousands of cases been cured by it; also obstinate chronic diarrhea.

In addition to all the foregoing, not the least valuable of the marvelously efficacious properties possessed by the "Discovery" is the unequaled regulating and strengthening effect exerted by it over the heart's action. It has made some wonderful cures of very pronounced valvular and other affections of that organ.

The reason why "Golden Medical Discovery" cures so wide a range of diseases is made plain in a booklet sent free on request mailed to Dr. R. V. Pierce, Buffalo, N. Y. If interested, send for it.

The powerful alterative or blood purifying properties possessed by the "Discovery" will naturally suggest its use for the cure of blotches, pimples, eruptions; as eczema, salt-rheum, and other skin affections in all of which it has made remarkable cures; also in scrofulous sores and old, open ulcers, or eating sores. To heal the latter, use Dr. Pierce's All-Healing Salve as a local application, while taking the "Golden Medical Discovery" to correct the blood and cleanse the system. A box will be mailed to any address on receipt of fifty-four cents in stamps. If your druggist don't have it in stock, address Dr. Pierce, as above.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

ONLY FIVE MILLIONS DEMANDED

Enormous List of Appropriations Asked For By the Legislature

The only appropriation before the legislature today that is calculated to benefit the producer is the Jones bill for free locks and canal at Oregon City. All the rest are to burden the producer.

An appropration to do something to establish the flax industry in Oregon, to establish the manufacture of jute bagging, to secure immigration to develop the state, such appropriations are not considered seriously.

The appropriation to establish a $300,000 institution for the feebleminded, with from 300 to 500 inmates is an appropriation to give this state a whole lot of bad advertising, of which we already have too much.

The appropriation for the state university will be increased to $125,000 per annum, a quarter of a million each biennial term—an institution that could be made self-supporting.

The people are watching the whole process of looting the state treasury by the game called politics, and are preparing to take a hand themselves. There will be a strict tabulation on all the grafts.

There will be a day of reckoning, and taxpayers are preparing to make a campaign on each individual item of money that is taken by the legislature grab-all.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons healed every year. Guaranteed at J. C. Peery's drug store; 50c and $1.00. Trial bottle free.
