OPPOSE PAVING BILL

How Bitulithic Brand Is Being Attacked

Senator Malarkey, Attorney For Rival Firm Presented Measure

(Daily Astorian.)

A measure bearing the harmless title of "An act to insure competition in the letting of contracts for public improvements," introduced by Senator Malarkey, is said to aim particularly at the Bitulithic Paving Company in Portland and to advance the interests of the rival paving concern, the Barber company, of which Senator Malarkey is the attorney. The act is brief, but its extent is sweeping, and will embrace the entire state if it becomes a law.

Opposition to the bill is already developing, and if opponents of the bill do what they say they will, there will be a red-hot debate over its virtues on the senate floor. Here is the complete bill:

"No municipal corporation shall adopt plans or specifications for the paving or improvement of any street or highway or for any public improvement required by law to be made by contract let after competitive bidding, when such plans or specifications require the exclusive use of any patented article, or process or any article or process protected by any trademark or any article or process wholly controlled by any person, firm or corporation or combination thereof."

According to Senator Malarkey, the measure will have the effect of giving property owners and taxpayers the benefits of real competition in the letting of contracts for public improvements, and will prevent the insertion in ordinances for the paving of streets of the trademark brand of some particular article or preparation.

"Specifying that only one certain patented or trademark article or preparation shall be used in a piece of public work creates a monopoly," declares Senator Malarkey. "Such methods prevent competition, for if the specifications declare that only a certain brand of a needed article can be used, only the people who control that brand can bid, and they can fix their own charges."

"The ingredients of any preparation can be learned by analysis. When the specifications refer only to an article by the trademark brand adopted by one maker or user thereof, without naming the ingredients or qualities of such article, no other maker or user of such article could comply with such specifications without infringing such trademark."

"By smooth manipulation, agents of a trademark monopoly can sometimes induce members of city councils to insert in ordinances calling for improvements their particular trademarked brand of some article or preparation, thus causing a monopoly and shutting out competition. The measure I have introduced is similar to existing laws in Ohio, New York and other states."

Quite the contrary view is held on the Malarkey measure by other senators, and they have announced their determination to express their ideas on the subject later. These senators contend that Senator Malarkey is favoring the measure in order that the Barber Company he represents will eliminate from the market its successful rival, the Warren Bitulithic company. Also that if the act becomes a law it not only be felt in public improvements, but would effectively prevent the purchase of standard and recognized commodities and articles.

Under the provisions of Senator Malarkey's act, say those who do not consider it with favor, the lowest bidder would receive the contract, irrespective of whether the property owners wanted that kind of street improvement or not. The bitulithic company would bid, the Barber people would bid, there would be a bid for wooden blocks especially treated, gravel, macadam, planks and all the many varieties of paving. The lowest bidder would secure the work, although the interested parties might prefer asphalt, bitulithic or brick paving.

Owing to the positive opinions entertained for and against the bill, it promises to be discussed with considerable heat.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It cures and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open-eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

Blewer-Bones.

A marriage license was this afternoon issued by County Clerk Allen to John Blewer, aged 23, and Miss Luciel Bones, aged 18, both of this city. C. C. Munding appeared as witness.

Wise Counsel from the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at J. C. Perry's drug store. Price 50c.

Insurance Must Be Paid.

Washington, Jan. 30.—The state department was notified today that the superior court of Hamburg has held the North German Fire Insurance Company liable for losses in the San Francisco earthquake, notwithstanding the exemption clause.
