

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician, and follow his advice carefully.

FARMERS IN FAVOR OF CHANGE

Milton Man Wants Time of Holding School Meetings Month Earlier

Representative Steen, of Umatilla, is being besieged by letters from A. E. Troyer, a member of the board of school directors of Milton, to introduce a bill to change the date of the annual meeting of district school boards from June to May. Mr. Steen has the matter under consideration, and will not make final decision until he has consulted with the other members of the legislature.

Mr. Troyer says that the farming element generally, and particularly of that section of the country, are too busy with their spring farm work to be able to attend the school meeting in June, but that, if the time be changed one month earlier, a full and satisfactory attendance of school patrons will be secured. Mr. Steen placed the matter before State Superintendent Ackerman, who failed to see the benefit derived in a change, and Mr. Steen so informed Mr. Troyer, who, however, insists that it will be a great benefit to many, and, since it will not be a detriment to a single district, it should be placed before the legislature for consideration.

Rising From the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lusama, N. C., relates a most remarkable experience. He says: "After taking less than 3 bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at J. C. Perry's, druggist. Price only 50 cents.

The estate left by former State Printer Frank C. Baker, who died at his home in Jortland January 24, according to the official appraisal, has a value of \$187,541.29.

Give me the girl with ravishing eyes, And sweet, red lips; She is better than mansions of stone, Or temples of brick, For joy and pleasure there will be, If she takes Rocky Mountain Tea. —Dr. Stone's drug store—

JOHNATHAN STAIGER DEAD.

Oregon Pioneer of 1862 Expired Suddenly at His Home at Noon Sunday.

Johnathan Frederick Staiger, one of the best known and most highly esteemed men of this city, and an Oregon pioneer of 1862, died at his home on Court street at 12 o'clock Sunday. Heart disease, aggravated by a severe attack of grip, was the cause of his death. Mr. Staiger has known for a long time that his heart was affected, and when he was suffering from the grip during the past few days the organic trouble grew worse. Sunday morning Mr. Staiger felt weak and faint, and went to the office of Drs. Gillis and Clay for advice. He fell down in a fainting spell on the office steps. The physicians hurriedly procured a cab and took the dying man home, but, in spite of all medical aid, he lived less than an hour.

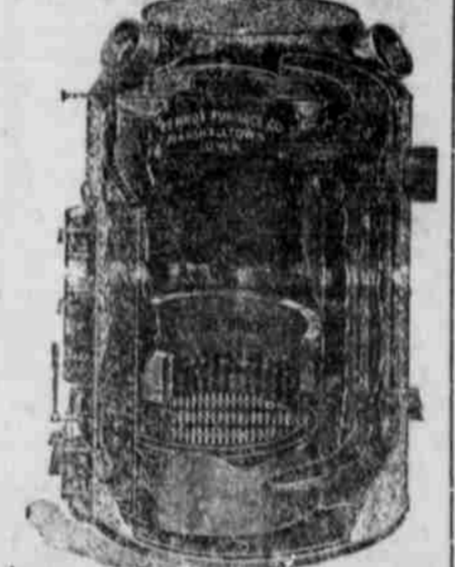

No definite arrangements have yet been made for the funeral, but it will not take place before Tuesday or probably Wednesday. Johnathan F. Staiger was born July 29, 1837, in Pennsylvania, and came to Oregon in 1862, making the trip across the Isthmus of Panama. He settled at Aurora, joining the original Aurora colony. He only remained at Aurora two or three years and came to Salem. He originally was a shoemaker, and was at one time engaged in the shoe business with his brother, William, and also worked with the same brother as a stone cutter.

In 1867 he was married to Miss Susan Whitney, who still survives him. There were no children. Besides the widow, Mr. Staiger leaves six brothers and sisters, as follows: Mrs. A. J. Purvine, of Spring Valley; Mrs. A. J. Monroe, of Salem; William Staiger and Frank Staiger, of this city; Miss Emily Staiger, of Warm Springs, and Augustus Staiger, of Portland. Mr. Staiger has for many years been a member of Chemeketa Lodge, No. 1, I. O. O. F., and a member of the United Evangelical church.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up the treatment until large bills are made. The suffering patient gets no better. The cause of the wrong treatment, but probably worse, is a proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system. As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the great health-giving tonic. It is equalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysterical spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.
