

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral for these severe cases.

We have no secret! We publish the formula of our preparations.

MAW MURDER CONSIDERED FROM LAW

(Continued from page three).

...the alleged criminal act, he was laboring under such a defect of reason either, (1) not to know the nature and quality of the act he was doing; or (2) not to allow the act to be wrong; and further, that a morbid propensity to commit prohibited acts, existing in the mind of a person who is not shown to have been capable of knowing the wrongfulness of such acts forms, no defense in a prosecution therefor. N. Y. Pen. Code, 21, 23; and see 12 Cyc 169; Cyc 594.

"In the Carpenter case (102 N. Y. 18), where the defendant had killed his wife by repeatedly stabbing her with a knife, in the presence of a number of people, in the open street, and in broad day light, the court of appeals held that the trial court did not err in refusing the defendant's request to charge the jury that 'if some controlling disease was a truth the acting power within him (the prisoner) which he could not resist, or if he had not sufficient use of his reason to control the passion which prompted the act,' he was not responsible. Chief Justice Ruger, writing the opinion of the court said that 'the principle of this request is not only impliedly condemned by sections 21 and 23 of the Penal Code, but has been held to be untenable by the express decision of this court,' citing the Flanagan Case, 52, N. Y. 465, and quoting the following language of Judge Andrews therein, namely: 'Indulgence in evil passions weakens the restraining power of the will and conscience, and the rule suggested would be the cover for the commission of crime and its justification. The doctrine that a criminal act may be excused upon the notion of an irresistible impulse to commit it, when the offender has the ability to discover his legal and moral duty in respect to it, has no place in the law.'

"This view has been adhered to in the later cases, as in People v. Ferraro, 161 N. Y. 365, 377; and People v. Silverman, 181 N. Y. 235. In the latter case a conviction of murder in the first degree was sustained, although the evidence showed that the defendant had been eccentric, morose, and of bad temper, and had been treated in a sanitarium a little more than a year before the homicide, and although some physicians testified that he was insane. The court, in an opinion by Judge Cullen, held that whatever may be the opinions of medical experts as to the insanity of a person charged with crime but one test of responsibility is known to the law, namely, that found in section 21 of the Penal Code, above quoted, which is but a statu-

tory declaration of the law as it had long prevailed, and that when the evidence affords no reason for doubt that the defendant knew both the nature and quality of the act done by him and that the act was wrong, he is justly held by the jury to be responsible for his crime, whatever may have been his eccentricity of conduct, or however abnormal his disposition.

The learned judge suggested that while the defendant's 'previous malady and infirmities of temper' were insufficient to affect his legal responsibility, they might warrant a mitigation of his punishment and his relief from suffering the supreme penalty of the law.

HIDDEN DANGERS.

Nature Gives Timely Warning That No Salem Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or thick, red, ill smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Salem proof:

A. J. Wood, of 250 Cottage St., Salem, Ore., says: "Kidney and bladder trouble became so bad with me about two months ago that I was obliged to do something to ease the suffering. It bothered me most in the morning an dperhaps for two or three hours after getting up. Too frequent action of the kidney secretions was very annoying and embarrassing. I had known people who had received the best of results from Doan's Kidney Pills and I procured a box of them at Dr. Stone's drug store. Before I had used one box I was completely free from every symptom of the trouble. The kidneys were regulated and my general health became better. I can hardly express in words the good opinion I have of Doan's Kidney Pills for cases of kidney complaint of backache."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ARBITRATE WATER BILL.

Differences of Opinion Will be Harmonized by Committee.

The differences of opinion regarding the proposed water law, has been submitted to arbitration and the

probabilities are, the committee on irrigation will be able to report a general water bill that will be acceptable to most of the people of the state and one that the members of the legislature may conscientiously vote for.

In the discussions in the committee Senator Bingham on one side and the friends of the bill on the other differed in regard to several points. They finally agreed to arbitrate and allow Senator Bingham to select a representative and the friends of the bill one, to be named by Governor Chamberlain, who were to harmonize the differences in opinion. Governor Chamberlain appointed Will R. King, of Malheur, and Mr. Bingham named Mr. Black, of Eugene. These two gentlemen are at work on the bill with every chance of making a successful termination of the vexed matters.

Basketball in Eugene.

The girls basketball team from the Salem high school left this morning for Eugene where it will meet the team representing the co-eds of the Eugene high this evening. The young ladies of the local school are confident that they can and will return with all the honors won by their cousins up the valley from their brother team recently.

The line up for Salem will be as follows: Misses Rudolph, center; McCauley and Girardin, guards; Lake and Pohle, forwards; Ostrander and Keefe, subs. The team was accompanied by Miss Richards, Alfred Schramm and Alonzo Perkins.

Buy a bottle of Herbine and get that liver working right. Promptness about health saves many sick spells. "Mrs. Ida Gresham, Point, Tex., writes: I used Herbine in my family for six years, and find it does all it claims to do." Sold by D. J. Fry.

POLITICAL OPINION

It Makes a Difference.

In one column the Salem Statesman says that Bryan is a great man—that the people of Salem are always glad to see him and never forget him. In another column the editor, in a sniveling, sickening article says "that there is nothing new or original about Mr. Bryan." What a difference politics makes. If Mr. Bryan were the same political label as the Statesman he would be the greatest man in the United States, in the estimation of the editor of that paper, without a doubt.—Amity Times.

Lost Their Graft.

Naturally a howl arises from the Oregon sheriffs when it is proposed that they lose their mileage graft in transporting prisoners to the penitentiary. The sending of guards for prisoners is the proper procedure, however, and the kick of the mileage grabbers will be in vain. They belong at home attending to their duty and will have to stay there.—Baker City Herald.

The Big Four.

The Big-four normal school combine is having the fight of its life before the Oregon legislature.—Albany Herald.

Hot After Milt.

Senator Milt Miller should not insinuate too loudly that his fellow members fear going on record on the normal school questions. It is generally known that the senator from Lebanon shirked his duty and absented himself from the senate when the vote was to be taken on U. S. senator.—Albany Herald.

CASTORIA. The Kind You Have Always Bought

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but it is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol. In its make-up, in this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

The immense boom of the Willamette Pulp & Paper company broke loose at Oregon City yesterday and 3,000,000 feet of fine fir lumber was swept towards the sea. The value of the logs lost is \$30,000.

A Stitch in Time

Will save nine. So will a bottle of Ballard's Horehound Syrup always kept on hand save many a spell of sickness. A sure cure for coughs, colds, bronchitis and whooping cough. Mrs. S., Hot Springs, Ark., writes: "I keep a bottle of Ballard's Horehound Syrup in my medicine chest, and thank my forethought many times. It has prevented many severe spells of sickness."
