Charcoal Stops Gas On Your Stomach

Wonderful Absorbing Power of Charcoal When Taken in the Form of Stuart's Charcoal Lozenges.

Trail Package Sent Free.

Charcoal, pure, simple charcoal absorbs 100 times its own volume of gas. Where does the gas go to? It is just absorbed by the charcoal, the gas disappears and there is left a pure, fresh sweet atmosphere, free from all impurities and germs.

That's what happens in your stomach when you take one or two Stuart's Charcoal Lozenges, the powerful purifiers science has discovered.

You belch gas in company, sometimes, by accident, greatly to your own humiliation. That is because there is a great amount of gas formed in your stomach by fermenting food. Your stomach is not digesting your food properly. Gas is inevitable. Whenever this happens just take one or two of Stuart's Charcoal Lozenges right after eating, and you will be surprised how quickly they will act. No more belching, no more sour risings. Eat all you want and what you want, and there is no gas going to be formed, one of these wonderful little absorbers, a Stuart Charcoal Lozenge will take care of all the gas.

And it will do more than that. Every particle of impurity in your stomach and intestines is going to be carried away by the charcoal. No one seems to know why it does this, but it does and does it wonderfully. You notice the difference in your appetite, general good feeling, and the purity of your blood, right away.

You'll have no more bad breath, no more sour risings, no more bad breath from drinking, eating or smoking. Other people will notice your breath quicker than you will yourself. Make your breath pure, bright and sweet, so when you talk to others you won't disgust them. Just one or two Stuart Charcoal Lozenges will make your breath sweet, and you will feel better all over for it. You can eat all the onions and other foods you want, and no one can tell the difference.

Besides, charcoal is the best laxative known. You can take a whole boxful and no harm will result. It is a wonderfully easy regulator.

And then, too, it filters your blood—every particle of poison or impurity in your blood is destroyed, so you begin to notice the difference in your face first thing—your complexion.

Stuart's Charcoal Lozenges are made from pure willow charcoal, just a little honey is put in to make them palatable, but not too sweet. They will work wonders in your stomach, and make you feel fresh and bright. Your blood and breath will be purified.

We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a box of these Stuart's Charcoal Lozenges.

Send us your name and address today and we will at once send you by mail a sample package free. Address: F. A. Stuart Co., 54 Stuart St., Marshall, Mich.

WILL REPORT WATER LAW.

Committee on Irrigation Will Soon Have Proposed Law Complete.

C. W. Mallett, of Ontario and of Malheur, appeared before the committee on irrigation yesterday and gave evidence regarding the proposed water bill. The so-called arbitrators, Hon. W. R. King, of Ontario, and Attorney Black, of Albany, have about succeeded in harmonizing the differences of opinion that existed between the members of the committee, and it is now believed that a bill will be reported next week that will be satisfactory all around.

A Ragged Hero.

Mr. Eckhardt and his clever company, who have entertained the Salem people so well during the past two weeks, finish their engagement here Sunday, and will then make a tour of Southern Oregon and California. The play this week, "A Ragged Hero," is gaining much favorable comment, the play being full of good comedy, yet containing a plot that teaches a moral truth, it is a production that will interest all. Miss Vera Brown sings "Sweet Adeline" and "Stars and Stripes and You" in her usual sweet voice, which is made more effective by appropriate pictures. Frank Howard, either as a dancing comedian or a ragged hero, fits the bill exactly. The entire cast is good, and the show deserves the liberal patronage which it is receiving.

Salem Schools Growing.

The school statistics for the past term show a flourishing condition in all the public schools. The schools are not only full, but more space is being arranged for in some cases. In the high school most of the rooms are being provided with more black-board space, and one room is being fixed up which has not been in use before, and will be occupied by Prof. Eastham. This room is on the basement floor.

Miss Ruth Myrle has arrived from Seattle to take up her work as teacher of algebra in the high school, and will occupy the room which Prof. Eastham vacates for his new apartments.

On Thursday, Friday and Saturday 13 students took entrance examinations to the high school, but this is only a few of the number who intend to enter.

High School Wins 12 to 8.

The Salem high school five proved the better over the Albany high school game in the Y. M. C. A. gym, in this city, last night in the second game of basketball in which these two teams have met this year. The score resulted in 12 to 8 in favor of Salem.

Although the game was slow it proved interesting throughout. Albany got the first basket after eight minutes of play, and at the end of the half the score was 6 to 5 in favor of Salem, Albany getting one more basket and one foul and Salem three baskets.

In the second half Albany threw three fouls and Salem got three more baskets, leaving the final score 12 to 8 in favor of S. H. S. Salem threw no fouls throughout the game.

In the latter part of the game time had to be taken out a couple of times for one of the visitors, who was slightly knocked out. The line up and officials were:

Zenith Girls in Salem.

The Zenith basket ball team will meet the Willamette girls in a return game this evening in the University gymnasium. The teams played in Portland in the Ringler gymnasium two weeks ago and the score was 19 to 2 in favor of the Willamette girls. As that was the first matched game for the Zenith girls a much better showing is looked for this evening. The local team has been practicing hard and promise to give the lovers of the game a good evening's entertainment.

Old Folks Testify

THE AGED AND ALL SONS AND DAUGHTERS OF AGED PEOPLE IN SALEM SHOULD BE INTERESTED.

For some time a member of the G. W. Putman Co., has been recommending to all aged people of Salem his cod liver preparation, Vinol, to be the best strength creator in the world for old people. To all such the following will be of interest:

Mr. A. J. Barker, of Evansville, Ind., writes: "There is no other medicine in the world equal to Vinol for elderly people. I would not take a thousand dollars for the good it has done me."

Mrs. Sarah J. Windrom, of Chicago, Ill., writes: "Vinol is a Godsend to old people. I am 76 years old but I feel active and well today, thanks to the vitalizing effects of Vinol."

Mr. Joseph Banks, Decatur, Ill., writes: "I am in my 78th year, and owing to the cod liver oil preparation, Vinol, I feel better and stronger than I have for years."

Vinol is not a patent medicine, but is a real cod liver preparation from which the useless, indigestible oil has been eliminated and tonic iron a needful constituent for the blood, added.

Vinol tones up the digestive organs, makes rich, red blood, healthy body material, and sound, steady nerves. In this way it repairs worn tissues, checks the natural decline of the aged, builds up the run down, tired and debilitated, and never fails to replace weakness with strength.

If it fails we return to the purchaser every dollar paid for it. G. W. Putman, druggists.

Note.—While we are sole agents for Vinol in Salem, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Water Rapidly Receding—

The water in the Willamette river at this city has fallen to the 17-foot point this afternoon and still falling. The highest notch reached during the freshet was 31 feet and 3 inches. Boats can now go through the locks at Oregon City.

MANY A MAN

Is a critic because he likes to be contrary. You can go contrary to the wishes of your own friends and neighbors and some times get the best of them; but go contrary to the dictates of nature and you will always get the worst of it.

If Nature Says Spectacles

Why, Spectacles it must be. Nature won't accept just spectacles though; they must be right spectacles. We can give the kind nature demands, and our prices are right, too.
