PYTHIAN ORDERS CELEBRATE

The local order of Knights of Pythias and Pythian Sisters observed the 42d anniversary of their organization at the Holman hall Tuesday evening, with a program and refreshments that very pleasantly entertained their friends and many of the members. The program was in charge of that veteran Pythian, Grand Chancellor Ed. Hazard. He introduced Miss Blanche Brown, who rendered a piano solo with her accustomed skill, and was given a hearty recall. Next the governor of the state was given a few minutes, and occupied them very happily. He got a warm welcome, and stated, among other things, that he was one of the charter members of the first lodge organized in the state. L. R. Stinson, grand keeper of the records and seals, gave an address full of historical information, and at times marked with eloquent tributes to the founder and principles of Damon and Pythias. He also recited historical facts of the work of relief carried on in different parts of the state and the world. Prof. Anderson showed himself such a good bass soloist that he was recalled, and gave a fine interpretation of "You Can't Keep a Good Man Down." Frank S. Grant, of Portland, spoke and revealed that he is one of the most entertaining orators in the state. His funny stories tempted Chancellor Hazard to "tell one" in his usual effective style. Miss Riddell read "Sal" and responded with the "Moo Cow," to the great delight of the audience. She is making more than local fame as an elocutionist.

Misses Anderson and Durette gave a piano duet, and Miss Margarita Fischer rendered "Damon and Pythias" with the finest effect, the shading of pathos and feeling and fine passages of romantic friendship portrayed by her being something wonderful, and a revelation to the audience of her dramatic powers. Refreshments were then served in the banquet hall to several hundred, and they showed that the

Pythian Sisters had not forgotten the gentle accomplishment of domestic art, in fact were first-class housewives. It is a good order to marry into, and is in a growing condition. At the close of Miss Fischer's recitation F. T. Wrightman, of the committee on entertainment, presented her with a large arm bouquet of carnations and roses, amid general applause.

KLINGER GRAND.
"Utah," Presented by the Fischer Company—Fair-Sized Crowd and Good Play.

Considering the many attractions given in the city last night Margarita Fischer and her company were greeted by a fair-sized audience at the Klinger Grand theatre. The company showed great improvement in the manner that the play was handled last night from the first performance, and every one went away pleased, both as to the plot of the piece and its production. The characters were well sustained, and the cast evenly balanced. "In Utah" contains some very strong dramatic situations, and probably is one of the best bills that has been given by the company.

The scene where Daniel Strong and Faith Farnum, the devoted lovers, are told that they are brother and sister, and the ravings of the demented villain leading up to the climax of his death and the disclosure of the truth, makes a soul-stirring situation. "Good Night My Love" was sung very creditably by William Winterhoff and the specialty by E. J. Daly on the banjo was heartily encored. His first number was a medley of popular airs, well rendered, but as he struck up his recall, "Massa's in the Cold, Cold Ground," like a sweet, tremulous voice, reciting old memories, the strings seemed to breathe out a pathetic story of former days, demonstrating that the old songs had a revered place in most every heart.

Food Poisons

90 Per Cent of All Diseases the Result of Undigested Putrefying Foods.

Men of affairs, women of society and children with active brains are too often sedentary in their habits, giving little time to exercise. To this evil is added that of high and irregular living—as a result, the stomach cannot stand the demands made upon it. The abused and overtaxed stomach does not properly do the work of digestion, food taken in ferments and the poison permeates the whole system. The body loses in weight and becomes a prey for the attack of whatever disease it may encounter.

Did it ever occur to you how busy that stomach of yours is? It only holds three pints, but in one year you force it to take in 2400 pounds of material, digest it and prepare it for assimilation into the blood. No wonder it rebels when overworked. We crowd it with steaks and pastry, irritate its juices with spices and acids, and expect the stomach to do its work. It can't do it.

All over the inner layer of the stomach are glands which secrete the juices necessary to digestion. The entrance of food into the stomach is the signal for these glands to do their work. The more the food, and the more indigestible, the greater the demand upon them and upon the muscles of the wall adjoining.

Think of the tons of high-seasoned game, sweetmeats and appetizers crammed into this little four-ounce mill, and then wonder, if you will, why you are dizzy or nauseated or constipated. Don't blame your stomach or curse your fate that you should be born so unfortunate. Blame yourself and apply the remedy.

First, get a small package of Stuart's Dyspepsia Tablets, taking one after each meal and at bed time. They are not a medicine, but a digestive. Your stomach is worn out and needs help, not medicine. Stuart's Dyspepsia Tablets will do the work that the stomach fails to do. There's enough power in one grain of Stuart's Dyspepsia Tablets to digest 3000 grains of ordinary food, so you needn't fear that anything you eat will remain in your stomach undigested.

Stuart's Dyspepsia Tablets will rout the poison because they remove the cause—food fermentation. They are nature's own cure for dyspepsia. The host of troubles dyspepsia is father of cannot be numbered, for a healthy stomach is the source of all health.

Seize your opportunity before worse conditions confront you. Send today for a free trial package of Stuart's Dyspepsia Tablets. They will bring your stomach relief. F. A. Stuart Co., 83 Stuart Bldg., Marshall Mich.

The Colonist Rates.
The first influx of emigrants as a result of the low-rate tickets from the East appeared at Salem last night, there being over 20 stopping off here. One family from Bird City, Kansas, came here to make their future home. Their name is Brady, and there are ten in the family. They have relatives living just south of town.

Many others got off who will look about, and a party among them will proceed up to Scio in a few days.

Don't consider lightly the evidence of disease in your system. Don't take desperate chances with ordinary medicine. Use Hollister's Rocky Mountain Tea, the great specific. 35 cents, Tea or Tablets.

The Summer Girl at the Grand.

The scene opens at Manhattan beach on the first act of the new show. Murray & Mack brings us to the Grand opera house there we see the summer girl true to life, the waves seem to roll up high on the sands, one forgets the cares of business and revels in the spirit of pleasure, the songs are tuneful the music we remember and whistle it long after the show has gone. We see the various types that make the sea shore the Mecca of all pleasure hunters, and no one can help from joining in the laughter and applause.

The company this season is large, and some of the members are so well known as to guarantee that to hold their own Murray & Mack have to do some hustling. Never a dull moment, one laugh follows another so fast that we feel relieved when the intermission gives one a chance to rest up for the next. Every number shows the hand of the master in stagecraft, the costumes are beautiful and the girls are of nature's fairest femininity. Thursday night, March 7.

Plan to Provide Charter.

Mayor Rodgers today named as a committee to report a plan for amending and revising the charter Alderman Bayne, Greenbaum and Stockton. They are to report at the next council meeting a provision for a charter commission, to be composed of representatives of the city government and business men. May-

He thinks it should be large enough so that sub-committees can be named who shall take different sections of the charter, such as police, park, finance and legislative provisions, and frame them in proper shape for the future. It is a very important public duty, and the mayor is desirous of enlisting the most public-spirited citizens to co-operate with the city authorities, and it will also be necessary to submit the charter amendments to a vote of the people under the new initiative and referendum clause of the constitution, and the law enacted by the legislature.
