Spring Garments

A Truly Magnificent Display
Every qualification of perfect attire is met in our magnificent showing of the new styles for spring. All grades from the most popular prices up to the very finest and highest class garments are to be found on exhibition here. More new ones today, including chic styles and patterns for the young miss from 12 years and up. Prices range from

\$11.85 to \$40.00

Wash Goods

We say the prettiest, for surely there never were any prettier wash fabrics than we are showing. French organdies, dimities, bastiate, lawns, Swisses, linsens, etc., crowd each other for room, and when you consider that the prices are so little the goods become doubly tempting.

"MERODE" Underwear
QUALITY AND LOW PRICES.

Those are the two characteristics of this underwear. Examine details carefully and you'll find that not only is this underwear more correctly made, but there are little niceties of finish that are not to be had in underwear sold elsewhere.

All the new styles in spring and summer weights are ready in a full range of sizes.

Beautiful Hair At Small Cost

Within the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Dr. Knowlton's BANDERINE.

Is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

Miss Fischer to Receive Benefit.

After a month of successive play at the Klinger-Grand the Margarita Fischer theatrical company will close next Wednesday evening. The friends in the Elks, Knights of Pythias and Woodmen of the World propose to give Miss Fischer a grand benefit at the Grand Opera House next Friday evening, as she is a favorite with these orders. Miss Fischer since here this time has broken the record for Salem, by appearing every night for over four weeks, and during this time she has convinced all her friends that her talents as an actress are of a superior character. She is among the best performers that come to this coast, and is growing to be more and more a favorite, although she suffers some as do all prophets who are not without honor save in their own country. But even this prejudice is being rapidly overcome, and, like all other geniuses, will, when her talents are fully known, receive the homage and overtures of her home people.

Miss Fischer will also receive a benefit at Silverton, her old home town, Saturday night, when she leaves for Los Angeles to open an engagement at the Grand Opera House as leading lady, where she opens on the 25th inst.

Miss Margarita Fischer

And company are to be with you only a short time longer. Don't miss seeing them while you have the opportunity.

Notice.

Mrs. C. A. Spaulding will remain at 465 Front street, with her hair goods, until March 18. Ladies call early and bring your work or buy new. Phone Main 1219.

Cured Lumbago.

A. B. Casman, Chicago, writes Mar. 4, 1903. "Having been troubled with Lumbago, at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of sufferers." Sold by D. J. Fry.

To Owners of Bad Breath

Foul Odor of Indigestion, Smoking, Eating or Drinking Stopped at Once With Stuart's Charcoal Lozenges.

Trial Package to Prove It Best
Billous breathers, onion eating, indigestion victims, cabbage eaters, smokers, drinkers and those who gas on the stomach are in a class by themselves, distinguished by a powerful bad breath.

They all breathe, and as they breathe, they whiff out odor which makes those standing near, turn their heads away in disgust. The part of it is that these victims do not realize what a sickening thing a bad offensive breath is to others.

Charcoal is a wonderful absorbent of gases and odors. It absorbs ten times its own volume of gas.

Stuart's Charcoal Lozenges will put a stop to your bad, offensive breath, and to your belching, which ever the cause or source, because charcoal quickly absorbs all noxious, unnatural odors and gases.

If you suffer from indigestion and belch gas as a result, Stuart's Charcoal Lozenges will absorb all the gas and make you stop belching.

If on getting up in the morning you have such a bad, bilious breath that you can almost smell it yourself, Stuart's Charcoal Lozenges will get rid of it for you quickly.

If you have been smoking or drinking, or have been eating odorous or other odorous things, Stuart's Charcoal Lozenges will make you breathe pure and sweet.

Charcoal is also the best laxative known. You will take a whole boxful and no harm will result. It is wonderfully easy regulator.

And then, too, it filters your blood—every particle of poison and impurity in your blood is destroyed, and you begin to notice the difference in your face first thing—your clear complexion.

Stuart's Charcoal Lozenges are made from pure willow charcoal, and just a little honey is put in to make them palatable, but not too sweet.

They will work wonders in your stomach, and make you feel free and fresh. Your blood and breath will be purified. You will feel clean inside.

We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a box of these Stuart's Charcoal Lozenges.

Send us your name and address today and we will at once send you a mail a sample package free. Address: F. A. Stuart Co., 92 Stuart Bldg., Marshall, Mich.

The Klinger-Grand—

"The Golden Giant Mine," which is being played at the little theatre this week is among the best bills of the company's repertoire. The specialties are up-to-date and given in an entertaining manner, and the plot of the production is such as will appeal to the humorous as well as the most serious nature. Miss Fischer and her company have worked hard to please their many patrons, and the play-loving people of Salem appreciate their efforts, as was demonstrated last night by the liberal applause.

Change of Moving Pictures—

Illustrated song and specialties—starting tonight.

Will Be Selected Today.

The appointment to the Rhodes scholarship will occur at Albany this afternoon at 3 o'clock. The faculty of the University of Oregon has chosen W. Johnson as its representative, and Willamette University's representative is E. J. Winans, of this city. The state committee will meet in Albany this afternoon at 3 o'clock to decide the one most competent of these two to receive the scholarship.

High School Tennis Court.

Actual work was begun on the Salem high school tennis court this morning. About a week ago a team and scraper worked the sod off and this morning over a dozen boys turned out with shovels and hoes, and now the ground is in fit shape to play on. The backstops are partly up and will be finished this afternoon, so the court will be ready for use Monday. The students are enthusiastic over the enterprise, and are putting in some good work. It is not unlikely that a tournament will be arranged with some other schools to be held this spring.

JAP EXCLUSION ORDER.

Details of Conference Between Callifornians and President.

San Francisco, March 9.—Mayor Schmitz this afternoon made public the memorandum agreement entered into between the President, Secretary Root, Schmitz and the board of education on the Japanese question. According to this agreement the memorandum states that the President promised to secure legislation looking to complete exclusion of all skilled and unskilled Japanese laborers from this country, and the ex-

The Large and Appreciative—

Audience that greeted Margarita Fischer and company at the Klinger-Grand last night in "The Golden Giant Mine" went away well pleased, saying it was one of the best bills in their repertoire. Good play, well played.

York, Seattle to San Francisco; George O. Weldrin, Portland to Seattle.

Western Woman's Fate.

Schenectady, N. Y. March 9.—The body of a woman was found on the ice of the Mohawk river this morning. She jumped from a passenger train last night. A ticket dated San Francisco, February 27th for the German Lloyd steamer, leaving New York Monday for Austria, bore the name of Mrs. Maria Becker, Chehalis, Washington, was found on her person.

Kidnapers Located.

New Castle, Del., March 9.—The kidnapers of Horace Marvin have been located, according to an authentic report, and their arrest will follow as soon as the detectives clinch certain evidence.

Iroquois Theatre Fire.

Danville, Ill., March 9.—Judge Kimbrough decided this afternoon that the building ordinances of Chicago, under which Davis was prosecuted, were invalid, and Davis will go free eventually.
