Who Said Dinner?

Uh! xx!?--?!x!

'?!=--!--Cranky and!!x-!
!--!--x! Don't Digest x!!

There are many people who see nothing good in a doughnut except the hole. For them there is nothing in this world but cloud. Their greatest trouble is to have eat three times a day. The stomach is in rebellion, and this is immediately shown in a man's face. A man to be successful must have sunshine inside. The world already has too many dyspepsia faces that breed disaster and gloom.

Stomach trouble is the most common cause of discontent, sour temper, recklessness, disgust and lack of ambition. A bad stomach—there is the secret of many a failure. Anyone can have a good stomach, a strong stomach, a stomach that can take care of anything and everything that is put into it, no matter whether there is a very little stomach or not.

Stuart's Dyspepsia Tablets do the very thing. One ingredient of these little tablets digests 3000 grains of food, and no matter how bad your dyspepsia or indigestion they will digest everything in your stomach thoroughly and completely and better and more quickly than a perfectly strong healthy stomach can do. Stuart's Dyspepsia Tablets will positively cure loss of appetite, brash, constipation, burning sensations, sour heartburn, eructations, loss of flesh and energy, bad memory, and dyspepsia and indigestion in their worst forms.

No other little tablets in the world can do so much. You should carry Stuart's Dyspepsia Tablets around with you wherever you may go and take them after meals. Then only will you realize what it is to enjoy a meal, and what perfect digestion means. Your whole body and your mind will feel the effects; your weight will increase, you will be more satisfied with what the world does, you will think happier and be happier, and your face will be one of supreme contentment. That will bring you success and then more success. Your face will bring you dollars. Try it. It will cost you just 50c for a package of these wonderful Stuart's Dyspepsia Tablets, at any drug store on earth.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 52 Stuart Bldg., Marshall, Mich.

THE REASON WHY

So many people come to us for glasses is because we are very successful in fitting them. The other day a gentleman came to us stating that he had a dosen pairs of glasses and none were satisfactory, and he said he tried all the opticans he came across. We succeeded in fitting him satisfactorily because we found the trouble that all the rest overlooked.

We have up to date instruments and up to to date knowledge how to use them and long experience.

Dangerous to Small Boys—

A resident of Englewood asks The Journal to protest against the slow speed of freight trains through that part of town, as, he says, it endangers the lives of the small boys. As it is now, some of the trains run at such a slow speed that these enterprising youngsters jump on and off at will, and it is the fear of the parents that some time there will be a mishap, and one of them will be crushed. The passenger trains don't seem to be so much of a temptation to the boys, owing to the high steps, but the practice of catching on should be stopped. If a boy should be killed it would be little consolation to the bereaved parents to be told that it was the boy's fault, and if the trains are run at a higher speed there will be no attempts made to ride, and consequently no danger from that cause.

Owing to Prayer Meeting—

The Dunbars will begin their program at 8:30 o'clock at the Christian church.
