NEW GUARDS NAMED
 All Solid Supporters of Chamberlain Administration

Beginning April 1st, there will be an addition of eight guards on duty at the penitentiary, under the provision made by the late session of the legislature. The new appointees are as follows:

- P. L. Keeton, Wheeler county.
 - R. A. Kirk, Marion.
 - W. H. Brunk, Jackson.
 - R. Woolery, Multnomah.
 - Austin Malone, Multnomah.
 - R. Bailey, Marion.
 - E. L. Bogart, Linn.
 - C. L. Latourette, Clackamas.
- This makes a total of 24 guards, and hereafter they will only work eight hours on a shift, instead of 12. These appointments increase the total number of employes at this particular state institution to 40, as against 32 heretofore.

\$100 Reward, \$100.
 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WILL PASS ENABLING MEASURE

Bill Being Drafted to Give People Referendum in City Affairs

Another piece of obstructionist tactics has been unearthed and run down, in the discovery that the opponents of improvements were relying on securing 30 days' delay on any paving ordinance that might be passed next Monday night, because house bill No. 123 has gone into effect, and under its provisions the people are given 30 days after the ordinance is signed to take the referendum on the same.

This general law gives the people the right to refer any resolution, ordinance or franchise that is passed by the council, and 30 days are allowed to file petitions. It takes ten per cent of the voters to get an act of the city council referred, and 15 per cent to initiate. It was the plan of the obstructionists to spring this after the passage of the paving ordinance Monday night, but an enabling ordinance to put the initiative and referendum into effect in all city affairs, according to the amendment to the constitution, is being prepared and will be passed first. Mayor Rodgers and the city attorney are drafting the ordinance, and it will be ready for enactment. It is drafted strictly in accord with the constitution and house bill No. 123.

Ordinances Hung Up.
 All ordinances passed since this law went into effect, including the new speed limit ordinance, are suspended for 30 days from passage by the effect of the act of the legislature. It is the intention of the mayor to ask that the new enabling ordinances shall limit the time for filing petitions to ten days, as it is believed that is time enough to get up any petition that might be wanted in case of obnoxious city laws being passed.

WIN CLOSE GAME.
 Pacific College Basketball Team Defeated by Willamette's First Team—Score 22 to 20.

The last of the league series to be played in this city ended last night with one more victory added to the list of the Willamette University's first basketball team. It was one of the closest games of the season, and it was not until the whistle blew that they were sure of victory, when the score stood 22 to 20 in W. U.'s favor.

The visiting team showed up to good advantage last night, and gave Willamette a run for their money. For Pacific, Hodson was the man that did the work, playing at center, he made altogether 14 points for his team. Mills and Hoskins, forwards, got one basket each, making their score 20.

For Willamette all of the boys played good ball and helped run up the score to 22 points. Moore made the greatest score, getting eight points, while Price and Pollard followed with four each. Nelson, Percel and Simpson came in with one basket each.

The game was exciting all the way through, and in several instances the lead alternated between the two teams. At the end of the first half the score stood 10 to 11 in Willamette's favor, and in the second half each team made as many more points leaving the final score 22 to 20.

H. H. Markel, of Pacific University referred the game.
 The teams lined up:
 Willamette—Moore and Pollard, forwards; Price, center; Nelson, Percel and Simpson, guards.
 Pacific—Hoskins and Mills, forwards; Hodson, center; Spaulding and Kenworthy, guards.

REMARKABLE HOME MADE MIXTURE

No Sufferer Here Should Leave It Untried

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well-known local pharmacy filled the "vegetable prescription" many times within the past two weeks. Most of these folks naturally bought the ingredients only and mixed them at home. The announcement of this simple, harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache and particularly rheumatism.

Another well-known druggist asks us to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It cannot be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of vegetable ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken after each meal and again at bedtime. There is enough here to last for one week, if taken according to direction. Good results will be apparent from the first.

Saved Her Son's Life.
 The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's Discovery saved his life." Guaranteed best cough and cold cure by J. C. Perry, druggist; 50c and \$1. Trial bottle free.

SALEM WINS AT GRANTS PASS.
 High School Debating Team Upholds Public Ownership of Railroads.
 "Resolved, That the United States should own and control its railroads." was the question that the debating teams of the Salem high school and the Grants Pass high school fought out on the platform last night at Grants Pass, and the decision was two to one in favor of the team from Salem. This gives the Salem high school debating team the debating championship of Western Oregon.
 Excitement was intense last night at Grants Pass during the contest, a large crowd being in attendance. The Salem boys upheld the affirmative side of the question, and handled it in a most able manner, receiving the decision from three Southern Oregon

Judges. The judges were Rev. L. Overt and Rev. Hughes, of Grants Pass, and G. W. Riddle.
 The Salem team was composed of Wm. Perkins, Charles Harrison and Howard Zimmerman, the same team which so successfully defeated the Albany high school debating team in this city a short time ago.
 A reception was tendered the visitors after the debate, and the evening was ended most pleasantly.
