ANOTHER BUSINESS BUILDING

The Local Order of Odd Fellows Will Build Hall and Store Building.

The local order of Odd Fellows have taken preliminary steps toward building another large lodge hall and store room just south of the Grand theater on the corner of High and Court streets. The building is to be 40 feet wide, three stories and the same depth as the present Odd Fellow building. The ground floor according to specifications will be used for a store room and the third floor will contain a large lodge room and business offices. The hall will be adjoining the present Odd Fellows' hall and will when completed give the building two of the finest assembly rooms in the city. There are a number of changes which have been suggested in converting the entire front of the third story to office rooms which when the new elevator is installed will be very appropriate for this purpose.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga. did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at J. C. Perry, druggist. Price 50c.

To Owners of Bad Breath.

Foul Odor of Indigestion, Smoking, Eating or Drinking Stopped at Once With Stuart's Charcoal Lozenges.

Trial Package to Prove It Sent Free

Bilious breathers, onion eaters, indigestion victims, cabbage consumers, smokers, drinkers and those with gas on the stomach are in a class all by themselves, distinguished by a powerful bad breath.

They all breathe, and as they breathe, they whiff out odor which makes those standing near, turn their heads away in disgust. The pitiable part of it is that these victims do not realize what a sickening thing a bad offensive breath is to others.

Charcoal is a wonderful absorber of gases and odors. It absorbs 100 times its own volume of gas.

Stuart's Charcoal Lozenges will put a stop to your bad, offensive breath, and to your belchings, whatever the cause or source, because the charcoal quickly absorbs all noxious, unnatural odors and gases.

If you suffer from indigestion and belch gas as a result, Stuart's Charcoal Lozenges will absorb all the gas and make you stop belching.

If on getting up in the morning you have such a bad, bilious breath, that you can almost smell it yourself, Stuart's Charcoal Lozenges will get rid of it for you quickly.

If you have been smoking or chewing, or have been eating onions or other odorous things, Stuart's Charcoal Lozenges will make you breath pure and sweet.

Charcoal is also the best laxative known. You will take a whole boxful and no harm will result. It is a wonderfully easy regulator.

And then, too, it filters your blood—every particle of poison and impurity in your blood is destroyed, and you begin to notice the difference in your face first thing—your clear complexion.

Stuart's Charcoal Lozenges are made from pure willow charcoal, and just a little honey is put in to make them palatable, but not too sweet.

They will work wonders in your stomach, and make you feel fine and fresh. Your blood and breath will be purified. You will feel clean inside.

We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a 25c box of these Stuart's Charcoal Lozenges.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 93 Stuart Bldg., Marshall, Mich.

How About Your Shirt?

If your shirt isn't right, nothing is right, collar won't fit, coat crawls down, you don't look right, don't feel right, just because you are careless in selecting this most important part of your dress.

DON'T BE A SLAVE TO DISCOMFORT when you can easily secure every possible shirt virtue in

"Summit Shirts"

Our new spring showing includes every novelty produced this season.

In the plain white and cream soft negligee shirts, which are so popular, the range of fabrics we show is almost unlimited.

We're offering exceptional good values, as our orders were placed several months before the recent heavy advances. In work shirts we can still supply you with good serviceable fabrics at 50c, well made and full dimensions, but market conditions seem to indicate that after present reserve stocks are exhausted, the 50c line, as far as desirable goods are concerned will be a thing of the past, owing to the remarkable advances in all grades of shirting.

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes, and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For Sale by Dr. Stone's Drug Store.

THROW AWAY YOUR PHYSIC And eat proper food. Good bread is more potent than drugs, particularly a high quality of bread such as Ullom makes. Being one, if not the principal article of diet, it should receive the most careful consideration of all food products. Our bread is carefully and cleanly made of the best flour, and is rich in nutritive and healthful properties. CAPITAL BAKERY, C. Ullom, Prop.
