# EASILY CURED

## Mix Them Yourself

Recent hospital reports show that the dread disease, rheumatism, is steadily increasing throughout the country. All known means of relief are being suggested to save the great amount of suffering this winter, especially among those who are not in a position to pack up and visit the noted health resorts to be treated. Recent tests prove rheumatism not exactly a disease in itself, but a severe symptom of kidney trouble, a condition caused by clogged up pores of the eliminative tissues in the kidneys which fail to filter the poisonous waste matter and uric acid from the blood, permitting these substances to remain in the veins and docompose, usually settling about the joints and muscles, causing the intense pain, swelling and stiffness of rheumatism.

There are numerous remedies known which many persons believe (82), chemical manufacturer, \$16,will relieve this suffering-salicliate 000,000. of soda, colchicum, potash, etc .- but these drugs are terribly hard on the stomach, often ruining this most important organ, and they fail as often. as they relieve.

A well known specialist, who has probably treated more cases of rheumatism than anyone else, and who is also the most successful, gives the ment, which is harmless and inexpensive, and sh simple that anybody can mix it at home.

The ingredients are: Fluid Extract Dandellon, one-half ounce; pound Syrup Sarsaparilla , three ounces. Go to any good prescription pharmacy and get these three vege-
