## Smiles

Instead of promising the people more indictments and more revelations of graft, Mr. Heney should furnish one conviction.

A week has passed without stopping trains or stopping anything. Something wrong.

Medford is called the Cream City. Forset Grove is the Condensed Cream City.

Menegilla. Morphine. Ugly words. A Portland physician recommends the latter for the former. Hard to tell which is worse. There should be a law prohibiting physicians from prescribing morphine as a regular prescription.

A combination that ought to be made impossible—an intoxicated man carrying a gun.

Really it is the reverse of the theory that this is a government of the people when the heads of educational institutions lobby with the legislature for appropriations and go out to argue against the people taking the referendum.

The Benton County Republican says the following is from an advertisement of a new make of infant's feeding bottle. When the baby is done drinking, it must be unscrubbed.

and put in a cold place under a tap. If the baby does not thrive on fresh milk, it should be boiled.

That sound like a vacuum out Wisconsin way is Senator La Follette weeping over Senator Spooner's resignation.

Dispatches announce that Missouri is to have an extraordinary session of the legislature. When Missouri has any other sort it will be time to sit up and take notice.

So many of the papers of the country are now conducting "beauty contests" that the contest editors ought to be able to get club rates on accident insurance. And that should help some.

Section "seven-eleven" is giving Binger Herman a lot of trouble in the criminal court. And the same combination has given lots of colored brethren trouble in the police court, too.

Secretary Taft says he expects to live to see congress pass a Philippine free trade bill. The secretary evidently thinks he is a pretty good insurance risk.

The railroads want the President to say something nice about them. The railroads ought to give him some provocation.

The Albany Herald says "Roselle Knott Here." Well, she is not here, either. What of it?—Pendleton Tribune.

If she was Knott here and was Knott there,  
 If she is Knott yonder and Knott anywhere,  
 If she was Knott yesterday and is Knott today,  
 Why kick that she came and went away?

The Dalles has Knott to say, Save it was Knotty of Roselle to go away;  
 By Knott playing here as well as there,  
 We do Knott think she treated us fair.

**Real Estate Licenses.**  
 The Radcliff ordinance regulating the license of real estate agents and prescribing the manner in which the realty business should be carried on in order to eliminate "curbstone dealers" was passed. The opposition to the ordinance claimed it could not be enforced.

For a fee of \$10 a license for a year can be obtained from the city recorder. It also eliminates soliciting on the streets and public places. The vote stood 6 to 6. Fraser, Stockton and Bayne changed their votes to ayes and the ordinance was declared passed by the mayor.

**North Commercial Fill.**  
 In the matter of the proposition of making the fill at the North Commercial street, resolutions were introduced relative to the manner in which the work should be done. The portion of the fill to be made by the city on the south side will extend 54 feet with an approach of 40 feet; on the north side the fill will be 122

feet long, and the approach will be 48 feet.

**North Broadway.**  
 Also a resolution was introduced to improve Broadway from North Mill creek to the south boundary line of Norway street, by establishing a permanent grade; by grading the roadway full width between the curbs; by grading 42 feet wide in the center to proper sub-grade and by macadamizing the same with crushed rock nine inches deep and thoroughly packed.
