SALEM, OREGON, SATURDAY, APRIL 6, 1907.

NO. 84.

BOURNE GAVE DINNER

Where Anti-Roosevelt Plot Was Disclosed

A Conference to End All the Central American Wars

New Move to Withdraw More Oregon School Lands

DETWILER IS STILL HIDING

City of Chicago Has Two Mayor's in Office

San Francisco, April 6.—Little is given to the statement by one of Detwiler's relatives who says that the fugitive promoter is in San Francisco, and in communication with his friends and attorneys. Every coast town is plastered with pictures and descriptions of Detwiler, and a lookout is being kept. He will soon be in custody should he appear on the streets. The general belief is that Detwiler is hiding in a town not far from Toledo. The agents of Detwiler, while not making the prosecutors any particular progress, are making them more

determined than ever to show him no quarter, once he is in custody.

Arbor Day for Pennsylvania.
Harrisburg, Pa., April 6.—Yesterday was observed generally throughout the state as one of the arbor days, this state differing from most of the state by appointing two days for the observance of tree-planting. The other day is April 19th. The state of Pennsylvania, as befits a keystone state, is very long, and there is a difference of climate that renders the early date suitable for the eastern part of the state, while flowers will be more plentiful in the western and northern parts of the state on the latter date. The proclamation of the governor naming the days was well received and the desire of citizens is to have both days observed and a great many trees planted. The school children, as usual, were the principal factors in the celebration of the day.

Superior, Wis.—Captain J. H. Ewart has arrived at Superior, Wis., to take the steamer Winnebago over 15,000 miles to San Francisco.

CONFER TO TALK PEACE

And End the Warfare Down in Central America

Washington, April 6.—There is a conference today between Bacon, Creel, the Mexican ambassador; Calvo, the Costa Rican; Toledo, the Guatemalan, and Meji, the San Salvadoran, also representing Honduras. Bacon's conferees represent all the countries of Central America, except Honduras. It may result in a peace agreement. After the Central American diplomats left the state department one of the conferees announced that a tentative agreement had been reached, and expressed the hope that it will work out satisfactorily.

MORE LAND GOING

To Be Withdrawn for Mineral Tract

Washington, April 6.—To head off a repetition of the land frauds in the West, the department of the interior will shortly promulgate a regulation under which, upon the slightest trace of coal or metal, the geological survey will be instructed to investigate. The result will be that many thousands of acres of land now called agricultural land will be declared mineral lands.

Egg Hunt at Atlanta Park.

Atlanta, Pa., April 6.—The largest egg hunt that has ever taken place on an Atlanta Easter is going on today, and every child and mother, and in some cases, the father, is engaged in looking for eggs, or watching with keen interest those who are spying into every corner or bunch of grass in the park. Two thousand five hundred eggs have been carefully hidden. These are all genuine eggs, some of them dyed in great variety of colors, and others plain, but they are the genuine article, none of them being candyeggs. A great feature of the show is the large number of prize eggs, which a special committee took special pains to arrange. Many of the merchant in the city contributed prizes. A prize in gold is a principal prize of \$5 value. A large golden egg is hidden among the mass. The park board paid \$5 for it. The hunt today far surpassed all previous attempts. It was held today because it was not practical to have it on any other Saturday, as it would conflict with the Lenten observance.

ARBOR DAY PROGRAM

Prepared for the North Salem Public School

Under direction of Principal Geo. Peebles, on next Friday afternoon, a joint program, participated in by the pupils of each of the eight rooms, will be rendered at the North school. The exercises will consist of recitations, essays and interspersed with vocal and instrumental music, brief addresses by Col. E. Hofer and Rev. Davis Errett, pastor of the First Christian church of this city. The North school has always observed Arbor day by planting trees, cleaning grounds and cultivating the numerous fine shade trees that ornament the school grounds. The pupils of the several grades are instructed regarding the significance of Arbor day, its purposes, including instruction on preservation of forests and protection of birds that are beneficial to man. The aesthetic side of Arbor day work is not overlooked. Pupils are taught lessons of how to beautify their homes, by planting and caring for trees, shrubs and flowering plants. In short, the children are taught to observe how plants grow, to watch the migratory and home birds as they come and go, their habits, haunts and food, to make reports of their observation from time to time, to read the books on bird life that are found in the valuable circulating libraries the schools have access to, and last, but not least, to instill into the minds of the youth a proper love for the good, the beautiful and the true in the works of nature, exhibited in the wonders of animal and vegetable life. The patrons and all friends of the school are cordially invited to be present at the exercises on next Friday afternoon.

GREAT NORTHERN FINED

Found Guilty of Rebating Under New Law

Minneapolis, April 6.—The Great Northern railroad was fined in the federal court today \$1000 on each of 15 counts, charging it with granting rebates to a firm in the grain trade between this city and Duluth. It was found guilty after the jury was out only half an hour.

LABOR RESENTS THRUST.

Of the President at Mining Federation Officials.

New York, April 6.—A number of labor leaders in this city organized a Moyer, Haywood protest conference and today, through Chairman Thos. C. Crummins, sent a letter to the President demanding that he make amends for the alleged stricture on Moyer and Haywood. The letter is a lengthy review of the statements attributed to the President. It declares the conference was made up of representatives of 300 bona fide labor bodies. It says: "Before the law Moyer and Haywood are considered innocent until proved guilty. In the face of the proceedings are you not aware that your words may prejudice the general public, and possibly the jury? Is it too much to ask of you to make such public amends as a true gentleman is bound to offer when he finds he has inadvertently made a mistake and inflicted a grievous wrong upon men who have nothing to do with the personal quarrel?"

Henry County Farmers Institute.

Paris, Tenn., April 6.—The Henry county farmers' institute is holding its annual meeting today, with a large attendance. This organization is now under a new president and secretary, President Williams and Secretary Greer having died, and James Steele having been elected president, and J. S. VanDyck secretary. Very feeling resolutions were passed regarding the double affliction.

Don't Say Dinner.

Washington, April 6.—To say "dinner" to a senator now is to see him jump. Bourne and Hansbrough called at the White House today. Both were reticent about the dinner. Bourne, when asked, exclaimed: "I have nothing to say about any dinner. Neither have I any that I might want to go to other dinners." "If I talk too much about it I may never get another invitation," Hansbrough said. Andrews, the New Mexican delegate, also called at the White House. He was also a guest at a dinner, but was equally "mum." Senator Hemenway got excited when he was approached. He cried: "Never say dinner to me again. I never want to hear the word. I think I will quit eating."

Was it a Brainstorm?

Washington, April 6.—Despite the efforts of great newspapers and many statesmen to ridicule the President's assertion that he has discovered a "rich man's conspiracy," despite the theories advanced that the theory resulted from a "brainstorm" of the President, he is convinced of the existence of such a plot. The President's belief is supported, too, by a majority of observers at the capitol. Unquestionably the people of the country share the belief of the President, and that he has authoritatively spoken, and are convinced that by the expose he has thus early circumvented the plot. Also that he has corroborative evidence in addition to the statement of the distinguished guest at the recent dinner. This evidence will be given out at the White House from time to time. Senator Bourne, in one report, was the giver of the dinner, but refuses to discuss it.

Bourne Will Not Tell.

It is generally rumored tonight and is being positively stated in dispatches to all Eastern papers that Mr. Penrose made his celebrated boast at a dinner given by Senator Bourne, at the Shoreham Hotel, some time before congress adjourned. Mr. Bourne, when asked about the matter said he had given several dinners and luncheons during the winter, and had attended others. As host he could not discuss what transpired and as guest he was equally bound to silence.

Current rumor has it that Secretary Loeb and Senator Hansbrough were among Mr. Bourne's guests on the now famous occasion.

HOME TELEPHONE OFFICIALS

Will Be Indicted as Well as Postals Monday

San Francisco, April 6.—It is practically admitted by the prosecution this morning that indictments may be returned today, probably against J. S. Torrance, L. W. Phillips, A. B. Cass and a man named Graves, all of Los Angeles, and a Toledo capitalist, all for alleged connection with the Home telephone case. Certain officials of the Pacific States Telephone Company also may be indicted. If indictments are returned they will not be filed until Monday.

Army Wedding Set for Today.

New York, April 6.—Lieutenant George E. Ball, of the Twenty-first infantry, U. S. A., was married today to Miss Maria Wallen Struthers, daughter of Mrs. James Struthers, of 341 Madison avenue. There was a large attendance of friends of both bride and bridegroom, many army friends in the company. Mr. and Mrs. Ball's engagement was a short one, being of only two months duration. Miss Emily Fell Coster, elder daughter of Mrs. Henry Coster a last winter's debutante, and whose engagement was announced last Sunday, was married today to Lewis Spencer Morris, son of Mr. and Mrs. Henry Lewis Morris.

A large wedding of the Easter season was that of Miss Wenonah Wetmore, daughter of Mrs. W. Markes, to Arthur B. Devens, Jr., of Boston. The ceremonies were performed at St. George's church, in Stuyvesant Square, Rev. Tugh Birkhead, the rector, being the celebrant. A large reception at the residence of the bride's mother followed the nuptial ceremonies.

New York Mayor Suit.

New York, April 6.—McClelland's demurrer to the attorney-general's proceeding to test the right of McClelland to the mayoralty was overruled today, the effect being to permit the state to try the case on its merits. In view of the fact that the legislature passed a recount bill the attorney-general is not likely to proceed at present.

Stock Trading Is Delayed.

New York, April 6.—In view of the enormous amount of work before them in judging the number of applications presented by more than 200 industrial and mining companies, the committee on listing of the New York Produce Exchange were not able to finish their work until the middle of this week. In consequence of this delay actual transactions will not begin until April 15.

The Eddy Suit.

Concord, N. H., April 6.—The first legal step in the Eddy trial was a surprise sprung upon the defense, Counsel for plaintiffs filed a supplementary bill in equity, attacking the validity of the deed of trust. They ask that the deed be vacated, alleging the grantor was incompetent to execute.

Chicago Two Mayors.

Chicago, April 6.—This city is governed by two mayors. Dunne is mayor until Busse is approved by the council, but to prevent Dunne's making any appointment Busse was sworn in today. This makes Dunne's every official act subject to Busse's revision.

The President today announced that he would appoint State Senator Campbell, of Chicago, postmaster to succeed Busse, who has been elected mayor.
