SALEM SCHOOL NEWS

What is Being Accomplished in the Different Departments

Salem public schools are becoming known as the best in the state. There has been some real hard, public-spirited, self-sacrificing work done by the teachers and board of education.

A Bright Edition.

The March number of the Salem high school Clarion is out, and con-

tains 32 pages of interesting reading. It compares favorably with the high school papers from schools in the larger cities, and is not only a credit to the student body and faculty, but also to Salem.

A Prize for Best Speller.

Some unknown benefactor of the Salem high school has offered a prize of \$20, which is to be given to the best speller in the school. The prize is to be divided into four parts, \$5 going to each class. There will be four contests in all, each class taking part in one, and the class winner receiving the \$5. The public will be invited to attend the contest, which will take place in the assembly hall of the high school, and will be held some time in May.

To Compete for Medal.

Something which is arousing a great deal of enthusiasm and class spirit among the high school boys

and girls is a declamatory contest, which is to take place in the near future, and to be held in the assembly hall at the high school. There will be four representatives enter the contest, one from each class. There will be two contests, one between the freshmen and sophomores. The prize to be awarded is a silver W. C. T. U. medal. The contestants are to be coached by a professional trainer, who is a graduate of the University of Chicago, and who won a two-year fellowship in that institution, where she was professor of oratory and elocution for three years. The coach is Mrs. W. J. Weber.

This entertainment should draw a large audience, as it is free, and will undoubtedly prove one of the most interesting and entertaining of the coming events in the high school.

High School Attendance.

The Salem high school is ahead of any in the state. At present there are 82 more registered students than at this time last year. Superintendent J. M. Powers has gathered statistics of the principle high schools of the state, outside of Portland, and the result is shown below:

	Registered Pupils.
Salem	335
Eugene	325
Baker City	193
Astoria	110

This certainly is an excellent showing for our school, considering that it has been in existence a much shorter time than any of the others.

East School Baseball.

The boys of the East school are arranging for two full-fledged baseball teams for the coming season.

The next issue of the monthly report cards will carry an estimate on composition work in all grades.

Loyal to Arbor Day.

The teachers are planning various improvements to the school grounds. The 8th grade has a five-point star flower bed in preparation for planting.

Misses Nellie and Beulah Roberts, late of Beumont, have entered school. Miss Jessie Fine, recently from California, has just entered the eighth grade.

Miss Gleason, of the 8th grade, is at her home in Oregon City, on account of illness. Miss Mollie Campbell has charge of her classes.

The supplementary reading in the advanced grades this term is "Merchant of Venice" in the seventh grade, and "Julius Caesar" in the 8th. The classes will render a Shakespearian program about the first of June, when the plays will have been completed, so far as text matter is concerned.

Park School Attendance.

The number of pupils remaining at the New Park school is 263, being 120 boys and 143 girls. The per cent of attendance for last month was 95, and the number of visitors 35.

All teachers in this school are busy preparing programs to celebrate Arbor day, next week. For preparations, the teachers are taking the study of the trees of Oregon.

Miss Hazel McIntyre has left school on account of the serious illness of her mother.

Lincoln School.

Miss Bellinger, a teacher in the Lincoln school, was called to Port-

land Thursday to attend the funeral of her aunt. Miss Mollie Campbell taught in her place for the day.

Yesterday the debating club in Principal Falting's room had a very interesting debate. The subject was: "Resolved, That the negro should have the same privileges and rights as the white race." The judges decided in favor of the negative.

Mr. Lowery, as janitor of the Lincoln school, has set the pace for progress, by trimming up all the trees, and clearing the beautiful park-like grounds. He proposes to do some leveling and draining, fill up holes, and clearing of rubbish, and will ask a little help on Arbor day.

PUGET SOUND SPECIAL TOMATO.

This miniature, from a photograph, gives you an idea how the tomato produces. Is an early dwarf, stands free from the ground, with hard, firm, round stalks. Yields large clusters of round, firm, luscious fruit, beautiful rich color, free from blemish, stands shipment splendidly. A three-season leader; popular everywhere. Perfected by us on our experiment grounds at Brighton Beach, and can be obtained solely from us. Sold only in sealed packets. Ounce, 60c; packet, 10c.

GOLDEN JERSEY WAX BEAN. Brittle, tender, broad, thick—the best of all the yellow pod bush beans. Stringless. Beautiful golden color and delicious flavor. Vigorous, reliable, and an abundant producer. 4-lb., 25c; packet, 10c.

JACK FROST SWEET CORN. Plump, milky kernels, that melt in your mouth; tender, sweet, prolific—really phenomenal. Dwarf variety, permitting close planting. Very hardy. Jack Frost seed has been perfected by ourselves on Puget Sound, is thoroughly acclimated and peculiarly adapted to Pacific Coast conditions. Not only season's earliest, but longest and latest producer. We cannot say too much in endorsement of this corn. Large packet, 15c.

LILLY'S GLORY CABBAGE. Glorious in flavor, gloriously sound, a glorious grower and a glorious shipper. Lilly ships tons of this cabbage seed across the continent, as this variety, perfected on Puget Sound, is admitted to be the best cabbage grown. Even rounder and more solid than the

Danish Ball Head, and infinitely better adapted to Pacific coast conditions. True to type, every head like its neighbor, symmetrical, white inside and solid to the core. 4-lb., \$1.25; 1-oz., 35c; packet, 10c.

PRIDE OF THE PACIFIC CUCUMBER.

Almost a seedless cucumber, the seeds being small and few. Perfectly smooth, very dark green, beautiful white flesh, perfect cucumber flavor, exceptionally firm, crisp and delicious. Grows 10 to 18 inches long, always straight, and dark green until ripe. Vine hardy and vigorous; enormously productive; yields early and late in season. 4-lb., 65c; 3-oz., 40c; oz., 25c; packet, 10c.

ENGLISH FORCING LETTUCE.

Large, crisp, tender; best variety for home culture, because easily grown outdoors or in frames; rich color, ideal for garnishing. Hotels gladly pay one-third more for this lettuce. Stands more neglect in watering, and does not quickly run to seed. Most profitable for market purposes because quickly ready in fine large bunches of beautiful light green, which never spot. 4-lb., 80c; oz., 80c; packet, 10c.

MT. RAINIER PEA.

Dark, rich green, well-filled pods, creamy and delicious; enormously productive. Propagated in Washington, and the best early pea ever offered to western growers. Especially valuable for market gardeners, commanding the highest prices through the season. Large packet, 10c.

CRIMSON GLOBE BEET.

Close grain flesh, very sweet, tender, blood red, delicately zoned with white. Exceedingly smooth surface. Finest in form, flavor and color. Free from woody, fibrous roots. Grows uniform in size—about three inches through. Matures early. Pkt., 10c.

Best of all the yellow varieties. Very sweet, close in texture, golden yellow, solid, very smooth, attains large size, has small core, and adapted to all soils; under good cultivation yields 25 to 30 tons per acre. Ready for table at all times during growth. Equally valuable for stock. A market favorite. 4-lb., 85c; packet, 10c.

PURE FOOD LAW

How many people are there among you who know what it means? If an article is pure, the manufacturers are more than pleased to say it on the labels of their goods and in their advertising. If they were adulterated, they will say nothing until forced to by law. Again, many dealers will order the adulterated goods because they can make more profit on them than is possible to do on wholesome, pure foods. So, if you get pure food, you will have to select the brand and insist on getting it from your dealer or send to the manufacturer for your supply.
