Ayer's Sarsaparilla is not a strong drink. As now made, there is not a drop of alcohol in it. It is a non-alcoholic tonic and alterative. Ask your own doctor about your taking this medicine for thin, impure blood. Follow his advice every time. He knows. Trust him.

We have no secret. We publish the formulae of our preparations.

## SALEM SCHOOL NEWS

**High School.**  
The regular monthly teachers' meeting of the Salem public schools met at the high school Friday afternoon. Professor Fitzgerald, of Albany, a graduate of the Michigan state normal, was present and spoke to the teachers on the proper teaching of German.

**Well Worth Your While.**  
The members of the freshman and sophomore classes who are to take part in the Declamatory contest for the W. C. T. U. medal, May 11th, are very busy in preparation. There are three contestants from each class and some of them mean to take some home of the temperance question.

Mrs. W. J. Weber, who is supervising the contest, is working very diligently and promises to make it one of the most entertaining and intelligent entertainments of the high school season.

**East School.**  
Miss Clark, the second grade teacher, is able to be in school again after a week's illness.

Halbert Hoss, of the eighth grade, addressed his class on the subject of "Counterfeiting" yesterday.

The 7th and 8th grade teachers met at the high school yesterday afternoon at 4 o'clock. The teachers talked on the following subjects: Miss Savage, "Mental Arithmetic;" Miss Fletcher, "Grammar;" Mr. Smith, "Civics;" Mr. Falting, "History."

There was a special discussion of grammar in the 7th grade yesterday. Sickness is causing a great many absent marks at the East school. Following are the names of those who are on the sick list at present: Paul Hendricks, 8th grade; Fredrick Deckabach, 4th grade; Mabel St. Pierre, 8th grade; Vera Jones, 8th grade; Bonnie Murphy, 7th grade; Merle Post, 6th grade; Edith Ewin, 6th grade; Marie Martin, 6th grade; Philip Jaskoski, 1st grade; Helen Deckabach, 6th grade; Effie Meyers, 6th grade; Reed James, 6th grade; Sheridan Smith, 5th grade.

Warning has been given to the pupils of the East school about taking chances or risks with the passing trains, as this school is situated directly by the S. P. track.

In some cases the warning has proven sufficient, but in others, it has been far from it. The principal, to avoid resorting to more severe means of punishment, has prepared a letter form to be sent to parents' whose children still take these chances.

## WEEKLY SPORTING BUDGET

**American League.**  
New York, April 27.—Big Ed. Walsh, of post-season fame, is said to have a promising brother who has shown some speed as a twirler. He was tried out by Newark last spring, and has now signed with Binghamton. Ed., by the way, has started off the new season with his great "spit-ball" working in fine form.

A fan writes to say that if the National league hold out for long schedules, all club owners should be compelled to give oil-stoves with every ticket.

Charley Hickman, who has been laid up for weeks with a bad knee is entirely recovered, and is fit to hold down first for the Senators again. Hickman is as popular in Washington as he has always been in other cities where he played.

As good and conservative a judge of ball players as Jack Sheridan the veteran umpire, says that Lajoie has a find in Liebhart. Sheridan says the young fellow has the head and control.

Manager McAleer, of the Browns, is well fixed this year in catchers. He has two good youngsters in Spencer and Stevens, and two brainy veterans in O'Connor and Beulow.

Stoval had rather a bad day at Detroit the other day. He got only five hits stole one base and took in two double plays. Kind of a handy man, this chap Stoval is.

Billy Peoples' the old time catcher and umpire, watched Griff's team beat the Athletics in their second local clash. "When Chris von Ger Ahe was a manager to the old days," said Billy, "he came to me on the eve of an important series between his club and Chicago. He invited me to dinner—it was a good dinner also—and said: 'Now Billy, you are going to umpire these important game, all right. All I ask of you Billy is an even break—und a few of the close decisions.'"

Barney Peltz, the headiest and about the best pitcher of the Browns, has not yet hit his gait. He led the Brown twirlers last year, but in the Sox series, the champion team, a team he could always beat, found him for ten safe awats.

**National League.**  
They are certainly getting conservative out in Cincinnati. One critic out there dopes it, so that the Reds cannot finish worse than fifth, which is one grand admission for a Redland sport. They generally have it figured out that the Reds will have the rest of the bunch distanced in the first two months.

According to report, Davey Brain has recovered his eye and batting confidence. He is not making a bushel hits, but in a game the other day he showed his old proficiency in fouling off a dozen.

Frank Tenney is banking on his pitchers to keep the Beansaters out of the slough of last place this summer, and he also thinks that the change he has made will be for the better. It is a pipe that they could not be for the worse.

An exchange laments the fact that the base stealers of today cannot sliger sacks with the ease and frequency that some of the veterans displayed in the olden days. Many be Billy Sullivan, Johnny Kling, Billy Bergen, Oscar Schracengost, Lou Criger, Roger Brashaban and some other present today could give a very good reason.

When Billy Murray said that Frank Corridon would have the best year of his career this season he had an inside bet. Corridon downed the Athletics and then made our Giants quit trying to hit when he shoved them over.

Husk Chance says that Blaine Durbin, his southpaw recruit, is the find of the year. He says that even if Durbin fails as a pitcher he is still valuable because he is a good outfielder and can hit like a heavy-weight.

The situation has changed in the National league. The New Yorkers no longer have a bunch of cliche teams in the east to buck against and offer their percentages. Brooklyn, Philadelphia and Boston are all harder game. In the west the Chicago have less formidable opponents in their sectional neighbors. What ever advantages there is in that respect has shifted from the orient to the occident.

"I've got the best hitting club in America," says Clark Griffith. "I hope to pick up a couple of pitchers during the year. Doyle looks to be an all-season winner, and I am much impressed with Keefer. I consider Laporte a coming third baseman." Baseball players were thick in the

## Nerve Sick

If weak, worn-out, nervous, cannot sleep; have indigestion, headache, neuralgia or periodic pains, it is because your nerves are weak. It is the lack of nerve force that makes the stomach, heart, lungs, etc., work imperfectly—become sick. Dr. Miles' Nervine cures the sick when it restores nerve strength, and puts the power behind the organs to do their work.

"Almost three years I suffered from nervousness, indigestion, and palpitation of the heart. I could not eat or sleep with comfort, or walk or talk without suffering. Altogether I was in a bad condition. My doctor did not seem to do me any good. I had tried so many remedies that I did not have much hope of any of them doing me any good. Dr. Miles' Nervine was suggested by a friend. I got relief from the first, and after a few days I felt like a new person. It not only relieved my heart and nerves, but has invigorated my whole system. I am very grateful because since I have stopped using it, I have had absolutely no return of my old trouble."

corridors of an up town hotel the other day. George A. Huff, the new manager of the Boston Americans, was prominent. "Assuredly not," replied Huff to a question whether any changes of moment were contemplated by him. He explained that he would make haste slowly and needed several days in order to get his bearings. "Just what will be done about the captaincy, whether Young will continue to fill the position, I don't know. That is a matter to be decided when I know the players better, and get more familiar with the situation. Hull is a heavyweight, a 200-pounder and more, and he said he was going to put on a uniform and coach from the lines."

A cut of \$1500 was made in Chesbro's salary after last season. Chesbro preferred to retire rather than accept it. The work of some pitchers at times is such that they ought to pay the club.
