One-Half the World

Wear glasses, but not half of that half wear the right glasses. The wrong glasses are often worse than none; they are a constant strain and a permanent injury to the eyes. Only scientific examination can determine what glasses your eyes require, you can't tell by trying on glasses.

Be on the safe side; let our optician give your eyes careful examination.

It doesn't cost anything—he can tell you just what you need—delays are dangerous. Our prices are reasonable, and we guarantee satisfaction.

CHESTERFIELD Psychic Palmist and Clairvoyant

My only reason for calling you by name and what you call for is incidentally a chain to read by; what is more important to serious people is what to do, or what to expect regarding present or future affairs.

If you are ambitious, if you wish to be a success; if you are involved in any unhappy love affair, or if you desire to better your financial condition; if you are in doubt concerning your future and wish to attain that subtle, potent, magnetic force, that seductive, attractive personal charm so irresistible in its power to dominate and control others, then go at once and consult with Prof. Chesterfield; he is ever ready to help those with capital to find a safe and good paying investment; this he can do and ask no fee until the investment pays a handsome profit. Is this not honest? You hear the truth and nothing but the truth.

Greatest living astral dead-trance clairvoyant of the age; adviser on business and all affairs of life; tells your full name and what you called for, whom you will marry, how to control the one you love, even though miles away; reunites the separated; gives secret power to control; no long delays in waiting. In Salem one week only. Special low fee all this week. Parlors 466 State street Hughes block. Office hours 9 a. m. to 9 p. m. Daily and Sunday.
