## One-Half the World

Wear glasses, but not half of that half wear the right glasses. The wrong glasses are often worse than none; they are a constant strain and a permanent injury to the eyes. Only scientific examination can determine what glasses your eyes require, you can't tell by trying on glasses.

Be on the safe side; let our optician give your eyes careful examination.

It doesn't cost anything—he can sell you just what you need—delays are dangerous. Our prices are reasonable, and we guarantee satisfaction.

## Old School Prohibitionist.

Dr. Hill, of Albany, was in the city today for the purpose of buying an automobile. The doctor is always good-natured and smiling, having that happy disposition that is permitted only to those of rotund build with bay window effects, and his cheery countenance is as pleasing to look upon as a full moon to a pair of lovers in the gladsome summer time. He belongs to the old school of prohibitionists, but is not preaching the gospel of temperance to any great extent. In fact, while not disposed to flirt with the incarnadine wine or the minitized beer, the doctor does believe the opportunity should be given those who take a little wine for their rather often infirmities should be given the opportunity to do so, without going into a woodshed or livery stable to satisfy their thirst from a wandering bottle. He returns to Albany tonight.

## CHESTERFIELD

### Psychic Palmist and Clairvoyant

My only reason for calling you by name and what you call for is incidentally a chain to read by; what is more important to serious people is what to do, or what to expect regarding present or future affairs.

If you are ambitious, if you wish to be a success; if you are involved in any unhappy love affair, or if you desire to better your financial condition; if you are in doubt concerning your future and wish to attain that subtle, potent, magnetic force, that seductive, attractive personal charm so irresistible in its power to dominate and control others, then go at once and consult with Prof. Chesterfield; he is ever ready to help those with capital to find a safe and good paying investment; this he can do and ask no fee until the investment pays a handsome profit. Is this not honest? You hear the truth and nothing but the truth.

Greatest living astral dead-trance clairvoyant of the age; adviser on business and all affairs of life; tells your full name and what you called for, whom you will marry, how to control the one you love, even though miles away; reunites the separated; gives secret power to control; no long delays in waiting. ## MEDICAL GRADUATES.

Sixteen Young People Receive Diplomas From Willamette's Medical Department.

The First M. E. church was filled last night with those who were interested in medicine, and in the students who received the degrees, to witness the exercises pertaining to the graduation of the medical students of Willamette University.

A large class, numbering 16, and four nurses from the Salem hospital training school, were given their diplomas.

This is the largest class ever sent out from the medical department of the school, and was composed of one young lady and 15 young gentlemen.

A fine program was rendered, and notwithstanding that it was lengthy, every number was thoroughly enjoyed. The evening's entertainment was opened by a piano solo played by Professor Arthur von Jessen, in his usual pleasing and masterful manner.

The numbers given by the Fleur de Lis Harmony Four, of this city, proved to be very acceptable to the appreciative audience, and the quartet was encored several times.

President Coleman presented the diplomas and degrees, and Senator Fulton made the annual class address.

The members of the class are as follows: Myra Louis Austin, Walter Herman Beaker, Joseph R. Barr, David A. Forbes, John L. B. Lorin, Leroy Hewitt, Frederic G. Hewitt, R. Roy Hamilton, William C. Kantner, Jr., Smith G. Mann, William H. Pollard, Henry C. Randle, William C. Rebham, Omar K. Wolf, Elmer A. Wainsott, Robert Lee Ward.

The following ladies, who have completed the nurse's course, are: Nellie Arnold, Marie Fleener, Edith Graves, Laurella Holmstrom.
