

WHERE TO PRESENT THE PLAY

Class Is Divided, But Teachers and Board Say in the School House

At the regular meeting of the school board of this district Saturday evening all the members were present, but not much business was transacted. It seems that, owing to the fact that there are only four members on the board, it is difficult to elect teachers, fix salaries, etc., and it is presumed that the board will fill the vacancy in the near future, and clean up this important work.

The following accounts were audited and allowed:

Pacific States T. & T. Co.	\$10.00
Salem Water Co.	76.80
Buren & Hamilton	12.60
House Furnishing Co.	9.00
E. Caldwell	36.61

A communication was received from the senior class, stating that they had made all arrangements to present an operatic performance, and that it would be necessary to have the opera house stage for its proper presentation. It seems that the teachers of the high school were almost unanimously opposed to going to the opera house, and the class itself is divided on the subject. It was further understood that the board favored having all entertainments given by the school at the auditorium of the new high school building, hence the class submitted this communication, asking that if the board had any reasons for being opposed to using the opera house to please state them. This the board seemed to interpret as a slight impertinence, just as the parent does when the child insists upon knowing "why" it can't do as it likes. The clerk was instructed to advise the class that the board preferred to have all school entertainments given in the school building.

The Life Insurance

Muddle has started the public to thinking. The wonderful success that has met Ballard's Horehound Syrup in its crusade on Coughs, Influenza, Bronchitis and all Pulmonary troubles—has started the public to thinking of this wonderful preparation. They are all using it. Join the procession and down with sickness. Price 25c, 50c and \$1.00. Sold by D. J. Fry.

The Klinger Grand

This is the farewell week of the Julia Romaine Company. Tonight "The Octoroon" will be offered. This beautiful play was given for three nights last week, but, as the audience was not up to the standard, owing to the great opposition, the management concluded "The Octoroon" would bear repeating. "Reaping the Harvest" or "Get Happy" will also be repeated. It will be given Tuesday and Wednesday nights. These two really beautiful shows should draw large audiences to the Klinger Grand. The bill for the latter part of the week, which will be the end of the company's engagement in Salem, has not yet been announced.

Sore Nipples

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the baby to nurse. Many trained nurses use this salve with best results. For sale by Dr. Stone's drug store.

COUNTY OWNS DANDELIONS.

Courthouse Yard Is Covered With Ghosts of Flowers.

Sheriff Culver says he does not pose as a landscape gardener, but to a Journal reporter Sunday evening he boasted that the courthouse grounds had presented a brighter appearance this spring than any yard in Salem. The lowly golden dandelion was the cause, and the grounds certainly looked like a California poppy field in full bloom. But as often, in fact almost always happens, both to the dandelions and dandy young lovers, the golden gleam soon fades, leaving but the gossamer ghosts of both flowers and loves. The grounds are covered with just the little downy balls of spider-web construction, that vainly wait the Salem young folks blowing their down and ethereal little globes, to see if they are wanted by their respective mothers. Anyone wanting a start in dandelion culture is welcome, says the sheriff, to take as many as he desires, even if he robs the grounds.

Terribly Distressing.

Nothing can cause more pain and more distress than Piles. No wonder many Pile sufferers say their lives are burdens to them. Ointment and local treatments may relieve but cannot cure. Dr. Leonhardt's Hem-Roid is guaranteed to cure any case of Piles. If Hem-Roid doesn't cure you, you get your money back. Hem-Roid is a tablet taken internally, thus removing the cause. \$1.00 at druggists, or Dr. Leonhardt Co., Niagara Falls, N. Y., Proprietors. Sold by Dr. S. C. Stone, Salem.

The Portland Primaries.

The Portland primaries Saturday produced some genuine surprises, at least for some people. Thomas, who wanted the democratic nomination for mayor, was probably the most thoroughly astonished man in the bunch, when his opponent, Mayor Lane, received two votes to his one, and this without Lane's being on the ticket. Thomas C. Devlin, who secured the Republican nomination also gave his opponents a surprise getting almost as many votes as the balance of the bunch. The election promises to be a hot one, and it will not be surprising to find Clarence True Wilson and his fellows supporting Lane before election day arrives. There is going to be certain support given Devlin, which is somewhat like a red rag to Mr. Wilson and his supporters.

Growing Aches and Pains.

Mrs. Joste Sumner, Bremont, Tex. writes, April 15, 1902: "I have used Ballard's Snow Lintiment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. I have also used it for frost bitten feet, with good success. It is the best lintiment I ever used." 25c, 50c and \$1.00. Sold by D. J. Fry.

Government ownership of railroads is now an assured fact. A team from the Hood River high school debated the question with a team from The Dalles, and demonstrated that it is the correct and only thing. Mr. Roosevelt will please sit up and take notice.

The Texas Wonder.

Cures all kidney, bladder and rheumatic trouble; sold by all druggists, or two months' treatment by mail for \$1. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Send for testimonials. Sold by Stone's drug store. dw-lyr

Paul Morton, he of insurance-reputation, who only draws \$75,000 a year for bossing a big life insurance company, thinks there should be a tax on American heiresses who marry abroad, so as to keep a portion of the money at home. One would naturally think that, with a half billion dollars and a business paying 50 per cent profits, beside a rake-off, Paul should be satisfied.

Stop Grumbling.

If you suffer from Rheumatism or pains, for Ballard's Snow Lintiment will bring quick relief. It is a sure cure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c, 50c, \$1.00. C. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Lintiment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest." Sold by D. J. Fry.

TESTING ALARM BOXES

Aldermen Lowe and Radcliffe Send in Alarms to Fire Department

Aldermen Lowe and Radcliff are today testing the various fire alarm boxes which were installed recently, and if the tests prove successful the system will probably be adopted this evening by the city council. An alarm was turned in from box No. 14, on the corner of Commercial and Division streets, and the fire company, not knowing of the tests, made the run to the box, only to find it was a false alarm. The run was made, according to Alderman Radcliff's watch, in just three minutes, which is quick work, considering that the department was not expecting the call, and the three minutes included the time from the moment the alarm was turned in to the time the company arrived at the box. The new system, according to some of the city officials, has not given full satisfaction, in that the gong and the fire bell do not always give the same alarm, and that the gong is sometimes confusing to the department in getting the number. The system will probably come up for discussion this evening at the city council meeting.

A Narrow Escape.

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a Jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at J. C. Perry's, druggist.

The new president of the Oregon Agricultural College, William J. Kerr, was at one time a Mormon and a polygamist. This fact has caused considerable comment on his appointment. It is stated, however, that he has severed his polygamous relations, which is probably more than some of his critics have done.

THE REASON WHY

We So Strongly Endorse and Recommend Vinol to the People of Salem.

A member of the G. W. Putnam Co. says: "We do not believe there is man, woman or child in Salem whom our famous cod liver preparation, Vinol, will not benefit at this season of the year.

"We believe there is no need for so many people to drag around run-down, tired out and debilitated, or for old people to remain weak and infirm when we guarantee Vinol will restore health and strength."

Continued the druggist: "For centuries cod liver oil has been recognized as the grandest of all body-building agents for wasted human strength and vitality, but on account of the nauseating and system-clogging oil which enveloped its curative properties few could take it with benefit.

"In Vinol you get in a concentrated form every one of the curative and strength-giving elements of cod liver oil actually taken from fresh cod's livers, the useless, system-clogging oil eliminated, and tonic iron added.

"Vinol is guaranteed by over five thousand of the leading druggists of the United States to create strength for old people, for the run-down, tired and debilitated, weak, sickly women and children, and after a severe sickness.

We ask every such person in Salem to try Vinol. It costs nothing if it fails." G. W. Putnam Co.

Note—While we are the sole agents for Vinol in Salem, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Sorenson Will Return.

Gold Quartz at Lebanon.

It is reported that a rich gold strike has been made on the W. D. Brown place on the east side of the river, three miles above Lebanon. The discovery was made by L. E. Post, who has secured an option on the place. He had some of the rock assayed, and it is said that the assay shows that the quartz will yield \$1000 to the ton. He has kept the matter quiet at this place until today, when the news of the discovery leaked out; but it is said that during the past two nights parties of men living elsewhere have passed through Lebanon and gone to the place and staked out claims, and over 100 claims have now been staked out. It is supposed that these men are from Portland, and that they learned of the discovery from the assayer to whom the quartz was sent. It is said that Mr. Post found one nugget worth \$35.
