DAILY CAPITAL JOURNAL, SALEM, OREGON TUESDAY, MAY 14, 1907.

COMMON SENSE

Leads most intelligent people to use only Leads most intelligent people to use only medicines of known composition. There-fore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering hap them upon the bottle wrap-pers and attest its correctness under oath, are daily growing in favor. The com-position of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the sentier indit of investica-tion turned fully upon his formula bala tion turned fully upon his formulæ, bein confident that the better the co of these medicines is known the mo will their great curative merits be reco nized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used in-stead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit - forming drugs. Examine the formula on their bottle wrappers-the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator-the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet docs cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak

torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if nep-lected or badly treated lead up to and finally terminate in consumption. Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a therough and fair trial.' Don't expect miracles. It won't do supernatural things. You must ever the your patience and persevere in its exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders-better than any amount of lay, or non-professional, testimoniala. They are not given away to be experi-mented with but are sold by all dealers in medicines at reasonable prices.

THE JOURNAL STANDS FOR PROGRESS, DEVELOPMENT, GOOD GOVERNMENT, AND NO DEGRADED LABOR.

UNDER THE BLOSSOMS OF MAY.

When the drum's lone beat sounds the "last retreat," To the star-sown fields o'er head, And the veterans, gray, are lain away

In the City of the Dead. O'er their chambered town the sunshine gleams, And the Spring-time breezes play. Peaceful their slumbers, and happy their dreams,

Under the blossoms of May.

'The stars look down o'er their silent town, Where the marble shafts gleam white; And shadows dim come drifting in

From the strongheld of the night.

No bugles can wake them there; Nor banners flaunting gav,

There's no "measured tread" in the streets of the dead, Under the blossoms of May.

-Chart A. Pitt.

THE SUIT TO RECOVER FEES.

The Capital Journal believes the public have a right to know what is being done in the sult to compel ex-Secretary of State Dunbar to restore the state treasury a large amount of fees collected by that official toes, all of which are up so that the breast. Above and encircling the during his term of office.

The Journal does not take this position for any personal reasons, or for any political effect it may have on any party or individual, BUT BE- of the land is in onions, peas, sweet the outer edge are the words "San TAUSE IT IS RIGHT TO COMPELL RESTITUTION OF FEES IL-LEGALLY COLLECTED BY ANY STATE OFFICIAL.

The amount whether it be \$100 or \$100,000 makes not the least dif-Terence. The principle is involved whether any official may violate the constitution of the state with impunity to his own profit?

So, then, that our readers may be the judges of the case. The Capi-THEM AS IT PROCEEDS, AND IF THE CASE GOES TO TRIAL AS MUCH OF THE TESTIMONY AS POSSIBLE.

illegally retained fees in the sum of \$100,000.

Dunbar bring his books into court, AND SHOW WHAT SUMS HE HAD of retaining it. SO RECEIVED AND ILLEGALLY RETAINED.

it must be,

First Application to Lands Under What Is Known as the Furnish

Project.

Oregonian Mr. Adams said:

OF THE FEES AND COMMISSIONS OF VARIOUS KINDS OF THAT OFFICE.

The Capital Journal hopes that the whole matter may be shown up rows thoroughly wetting the entire and let the facts come out, and let the people see just what the hired section, and demonstrating the case men of the commonwealth have been receiving in violation of the conatitution

The Capital Journal in 1902 and for a year previous showed up the enormous sums obtained by various state officials in fees, perquisites, ed visitors from Echo at the Kyle and emoluments.

Mr. Dunbar was nominated and elected upon a platform promising to put all state officials upon a flat salary.

Mr. Furnish was the Republican candidate for governor upon a flat salary platform, but the Republican newspapers of that campaign AD. and R. R. Johnson, attorney for the VISED HIM TO IGNORE THE SUBJECT, AND HE DID TO HIS GREAT SORROW.

it going into effect for four years. For at least four years Mr. Dunbar the water was applied, and congratucollected those fees, perquisites and emoluments in violation of law, of lated Manager Kyle on the excellent party platform, and by legislative connivance.

Exactly the same thing is being done with the state printing office. All the other state officials have been placed upon a flat salary AND time. NONE OF THEM ARE RESIGNING ON ACCOUNT OF IT.

At the last state election, placing the state printer on a flat salary WAS MADE AN ISSUE BEFORE THE PEOPLE and the constitution was expressly amended so that the printer might be put on a reasonable in potatoes and an equal area in salary and the fees cut off.

The legislature has juggled the matter and the printer is to draw about \$100,000 more than the people should ever pay for that department

NEW FEE GRAFTS HAVE BEEN INVENTED BY THE LAST LEG-ISLATURE, and this fight in the courts is to compel the judiciary to go on record for complete abolition of the grafting of illegal fees by any man while in office.

That will be the termination of this suit if it ever comes to trial. The constitution and the laws are so plain, the decisions of the supreme court so mandatory, there is no other outcome.

The Capital Journal believes the people have a right to have this matter determined. JUDGE GALLOWAY IS TO BE COMMENDED; FOR REFUSING TO ALLOW THE CASE TO BE JUGGLED OUT OF COURT ON ANY FALSE PRETENSE.

It is not likely that the money taken in violation of law by Mr. Dunbar and other officials-and Mr. Dunbar has done no more of this than a dozon others-can ever be recovered, but let the principle be established now and forever that officials are not to take any pocket-money, or fees or side-grafts whatever,

NEW NAME FOR THE "LUCIN CUT OFF."

After becoming famous the world over as the "Lucin Cut Off." the name of this 30-mile trestle bridge is to be changed to the "Great Salt Lake Cut Off," to Indicate to the unlaformed just where the bridge is located.

Four years of severe service have demonstrated that the Union Pacific ongineers who plannod this air line across the Great Salt Lake from Lucin to Odgen BUILDED WELL.

It has stood up under usage so well, that today unless the traveler by the overland route looks out of the window, he would not know from the motion of the train THAT HE WAS ON A BRIDGE.

This is just as true of the twelve miles of open trestle as it is of the filled parts of the line.

Tied, braced, floored and ballasted, the 40,000 piles that support the cut off high above the water are as sound as when they were transplanted from forest to lake.

THE 16-FOOT BRIDGE IS STILL AS LEVEL AS A FLOOR.

The regular daily traffic over the cut off is five eastbound and five westbound passenger trains, and seven eastbound and seven westbound Treights.

water had reached the farther enl it had subbed out between the fur-

with which the work of irrigation can be accomplished.

"There were a number of interestplace yesterday to see the practical work of irrigation begun, among them being Engineer King and Oliver P. Morion of the reclamation service, Water Users' association. The gentlemen named were very much pleased

condition of the big farm brought

about in such a remarkably short

"A mile to the southwest of the Kyle farm is the tract being farmed by A. W. Norton. He has 40 acres spring wheat. His crops are in splendid condition, though they have received no moisture since the last rain. He was engaged with a force of assistants yesterday constructing his sub-laterals and preparing to irrigate. Mr. Norton will demonstrate to the wheatraisers of Umatil-

la county what can be done with the aid of artificial moisture and expects a bumper crop that may break all records in both quantity and quality

of grain produced."
